

SAN DIEGO COUNTY BADMINTON ASSOCIATION

Jan. 6, 1940.

The Mayor and the Common Council,
City of San Diego,
San Diego, Calif.

Gentlemen:

We have been informed that the City Council has approved the installation of showers for women in the Municipal Gymnasium, in Balboa Park, but as yet no work has been started.

May we respectfully impress on you the importance of having these showers completed in time for the Southern California Badminton Championships which we are staging Feb. 23, 24, and 25?

We anticipate about 50 out-of-town feminine entrants and for their personal comfort and convenience, these showers are a real necessity.

If there is anything we can do to hasten the installation of this work, we will be happy to be of any assistance.

Respectfully,

(Miss) Frances Zwisher
Tournament Chairman
