Sonia Pacheco
Procurement Contracting Officer
1200 Third Avenue, Suite 200
San Diego, CA 92101

Dear Ms. Pacheco,

Thank you for allowing EBSCO Information Services to present this subscription proposal to the San Diego Public Library. EBSCO is the leading provider of subscription services and databases. We service thousands of libraries in the United States and would welcome the opportunity to continue to manage your subscription account.

EBSCO is offering to handle subscriptions for the San Diego Public Library at an 8.0% discount off publishers' list prices. This discount applies to every subscription you order through EBSCO. Our price offer and incentives are based on an "all or none" service to the Library. However, if the Library wishes to divide the subscription business among multiple vendors, we are happy to negotiate a revised offer based on the amount of business offered to EBSCO.

EBSCO is offering the following databases free of charge should the San Diego Public Library choose to make EBSCO its primary subscription vendor.

- **Home Improvement Reference Center (retail price \$33,840)**
- **Hobbies & Crafts Reference Center (retail price \$31,690)**

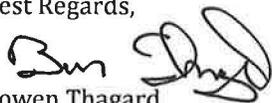

As a company, our top priority is our customer. Your libraries will be assigned a personal representative who will manage your entire account; your libraries will have direct access to your representative by email or toll-free phone at any time. You will also have access to *EBSCONET*, our web interface for managing orders and claims. Complimentary training on *EBSCONET* and other EBSCO products is available to library staff and other users.

Continuing its tradition of working with libraries to help users quickly and conveniently access the content they want and need, EBSCO presents *Flipster* Digital Magazines as an easy way to access magazine content on the go. *Flipster* provides the ability for students and teachers to access many popular titles via computer, tablet and phone.

EBSCO is pleased to offer libraries who make EBSCO their primary subscription agent a 25% discount on *Flipster* digital magazine titles. With this exciting offer, libraries are able to offer both print and digital editions of highly in-demand titles, as well as build their digital library collection and capitalize on existing subscriptions – all while maximizing budget. Additionally, if your Library subscribes to *EBSCOhost* databases, an even higher discount is available. We have provided some general information on *Flipster* within this response and your EBSCO representative is available at any time for a demonstration.

We appreciate your review of our subscription proposal.

Best Regards,

Bowen Thagard

Response to Scope of Work

A. SCOPE OF WORK

The City of San Diego is seeking qualified Contractor(s) to furnish the San Diego Public Library with periodical subscriptions in English and Spanish for a period of two years, with the option to renew for three additional one-year periods.

The San Diego Public Library (SDPL) consists of a Central Library, thirty-five branch libraries, and a literacy program that operates inside of the Central Library. SDPL serves a population of over 1.4 million as the eighth largest city in the United States and the second largest in California. SDPL currently has over 3,400 periodical subscriptions.

B. SPECIFICATIONS

1. FULFILLMENT

- a. Contractor must provide at least 90% of the titles listed in the Main Title List Exhibit B- Attachment 3 (Main List), and at least 75% of the titles listed in the Spanish Title List Exhibit B- Attachment 4 (Spanish List) as demonstrated by completing and submitting the Main List and Spanish List with their bid submittal. Failure to be able to provide the required minimum percentage of titles as filled out on either the Main List or Spanish List may be cause for the bid submittal to be deemed non-responsive. When SDPL utilizes the contract awarded pursuant to this bid, Contractor must include separately issued indexes and buyer's guides with SDPL's order, whether or not they are specified by title on either the Main List or Spanish List.

EBSCO complies.

- b. Contractor must deliver subscriptions to each and every library site designated in the subscription order. See Attachment 2 to this exhibit for a list of SDPL locations. During the term of this Contract, SDPL locations may be added or deleted at no additional cost to SDPL, but only to the extent that such location changes do not add subscriptions.

EBSCO will deliver to each library site designated in the subscription order, and understands that SPDL may add or remove locations during the term of the contract. Subscriptions are delivered directly from the publisher or their fulfillment center to the ship-to address provided at the time of order. EBSCO works with a number of libraries and organizations who have multiple ship-to addresses and is accustomed to complicated account setups. The number of ship-to addresses possible for an account is virtually unlimited.

EBSCO Information Services

- c. Contractor must process changes of address for subscriptions immediately.

EBSCO will notify publishers of address changes on your behalf. Our system sends delivery address notifications to publishers automatically, twice a week.

In some instances, publishers can be delayed in updating their records, so we recommend that you notify us of address changes as soon as possible. Your Customer Service Representative can urge publishers for prompt address changes as needed.

- d. Contractor must replace issues that are received damaged or in an otherwise unsatisfactory condition at no additional cost to SDPL.

If you are missing an issue of a publication or a publication is damaged beyond use, you can take advantage of the *EBSCO Missing Copy Bank*, a free service for EBSCO customers. The *Missing Copy Bank* is a one-year back file of 48,000 issues from approximately 2,000 serials titles, including many titles typically ordered by public libraries. More than 150,000 issues are distributed from the *Missing Copy Bank* to customers annually. You can search for needed issues via *EBSCONET* and order them online or call your Customer Service Representative to order missing issues by phone.

EBSCO will work to secure replacements, free of charge, from publishers. If a publisher refuses to supply a replacement free of charge, then the cost to you will be whatever the publisher charges us to obtain the replacement issue.

If replacements are unavailable, we will try to obtain a credit from publishers on your behalf.

2. ADDING SUBSCRIPTIONS

- a. SDPL reserves the right to add subscriptions at the same discount pricing schedule submitted with Contractor's bid for the contract period with no penalty for minimum orders.

EBSCO accepts and places new orders at any time during the contract at the discount in effect without a penalty for minimum orders.

- b. As determined, and when permitted by the Publisher, Contractor must adjust the price and terms of each subscription added to run from January through December of the applicable calendar year.

New orders are merged automatically into the next year's main invoice so that all titles will be listed in a single updated renewal list. We will also back date starts during the year to the first issue/volume of the year, subject to publisher acceptance or order partial year subscriptions, as allowed by publishers, in order to accommodate a common expiration date.

3. **CANCELING SUBSCRIPTIONS**

- a. SDPL reserves the right to cancel subscriptions at any time.

EBSCO can accept cancellations at any time during the subscription period. Cancellations will be processed and acknowledged within two business days. Cancellation policies are included at the title level in EBSCONET for review prior to cancellation. The library will be notified promptly if cancellation is restricted by publisher policy, and the requested cancellation will occur at time of subscription expire, with no renewal for the following year.

- b. Contractor must provide a refund for the balance of the cancelled subscription period as permitted by the Publisher.

If an order is canceled, we will credit your account an amount equal to what we are refunded by the publisher, less a processing fee of \$15.00 per title. This processing fee does not apply if you elect to cancel the title at the time of renewal or if the publisher ceases publication.

In some cases, publishers will offer credits or other provisions in place of a refund. It is typical for publishers to not offer refunds on subscription terms with less than six months remaining.

- c. If a title ceases publication, a refund for the balance of the unused subscription must be passed onto SDPL, that is, unless SDPL agrees to a replacement title offered by the Contractor or to a credit.

If a title is ceased mid-term, EBSCO will, whenever possible, try to obtain a full or partial refund. This refund could take the form of a pro rata refund for the issues not received, receipt of another title in its place, etc. EBSCO will verify with the library that a different title is an acceptable substitution if that option is offered by the publisher.

EBSCO has a policy of monitoring publications where the publisher has a history of cessation. Publications such as these are often placed on a "delayed publication" status to prevent the publisher from collecting subscription fees and later discontinuing the publication. If you wish to order one of the titles, we will list the order on your invoice and mark it as "Delayed" or "EBSCO will order when current", meaning the order is in the queue without money being collected from you and sent to the publisher. This same process allows us to return your subscription fee if we learn of a cessation during the renewal cycle.

4. **CLAIMS**

- a. Contractor must provide replacement issues when SDPL files a claim as follows: replacements for daily issues must be provided within one week of receipt of claim; replacements for weekly issues must be provided within four weeks of receipt of claim; and replacements for all other issues must be provided within six weeks of receipt of claim.

Claims are processed daily via EDI, email, or telephone, depending on the publisher and type of claim. Claims for daily publications are handled as urgent; we encourage libraries to report such claims as early in the day as possible if redelivery is the preferred method of resolution.

The average claim fulfillment time depends on the nature of the claim, but we will work diligently to ensure every claim is handled as quickly as possible, and will submit multiple claims as practical until resolution by the publisher or another settlement is achieved.

- b. Contractor must submit with their bid the procedure for filing claims which must include, but not be limited to, the procedure for handling missing issues, and claiming from the Publisher. Contractor must provide any required electronic interface necessary for filing of claims.

EBSCO provides claiming for both print and electronic resources. Claims can be made through *EBSCONET*, to your Customer Service Representative by e-mail, phone or fax, or via FTP or EDI through your ILS; whichever best suits your needs.

We process claims daily, and you can review a list of all the claims submitted that day. We have a variety of tools that allow you to manage claims and track the status of your claims. These include:

- *EBSCONET Claim Checker* to track claims
- Publisher responses viewable online
- Claim report summary
- Publisher dispatch dates
- Expected volume and issue information

Claiming via EBSCONET

Claims can be submitted, and claim status can be reviewed, via the claiming functionality in *EBSCONET*.

A claim can be created by selecting the title and reason for the claim under the New Claim option on the Orders menu. Claim restriction data is provided at the title level and in the *Titles with Claiming Restrictions Report*. Publisher dispatch data is provided to assist with timing of claims.

The *EBSCONET Claim Checker* allows the Library to view existing claims and act on them,

including acknowledging receipt or reclaiming. The *Claims Processed Report*, available via *EBSCONET*, offers a comprehensive report of all claims.

Titles with Claiming Restrictions

Claim restriction information is displayed on the title detail page in *EBSCONET* and is also available via the *Titles with Claiming Restrictions Report*. This report identifies the titles in your collection that have publisher claiming restrictions. This information helps you avoid unnecessary claims and informs you of the publisher-allotted time frame for claiming.

Customer Service Portal

EBSCO customers can also track claims within the Customer Service Portal on *EBSCONET*. Each claim placed creates a service issue, and publisher responses are added to these service issues as they are received. Claims for daily publications or for complete non-start of service are flagged as urgent and are handled personally by your Customer Service Representative within 24 hours of receipt, but typically on the day of receipt. Your Representative will update the claim status in the portal, and continue to follow up on urgent claims until they are resolved. Claims for access to electronic content are also handled as urgent.

Policy on First, Second, and Third Claims

Online claims are handled as urgent, with contact to the publisher within 1 business day, but typically the same day the claim is received. First and second print claims for missing issues are sent electronically to publishers, either by email or by EDI, whenever accepted. Third and subsequent claims are handled by an individual who will make direct contact with a publisher representative and follow up periodically with the intention of obtaining a resolution or confirmation that the issue cannot be replaced. Claims for non-service are routed immediately to your Customer Service Representative for handling; these claims are pursued until confirmation is received that the subscription has been started. Urgent claims, regardless of format, should be sent directly to your Customer Service Representative, who will follow up until the claim is resolved, or pursue alternate avenues for fulfillment if required by the libraries.

- c. Contractor must provide a refund to SDPL for issues claimed for replacement but never received. A credit or a lengthening of the subscription as a substitute for a refund is only acceptable with written authorization from SDPL.

We will work to secure replacements, free of charge, from publishers. If replacements are unavailable, we will try to obtain a credit or extension from publishers on your behalf after receiving written authorization from SDPL.

- d. Contractor must provide a monthly update as to the status of claimed issues at no additional cost to SDPL.

Outstanding claims will be listed in the *EBSCONET Claim Checker*, where they can be reviewed and worked online. The *Claim Checker* lists each title with the claim date and any replies from publishers. Claim follow-up is expedited because claims can be adjusted at any

time during the month and follow-up claims can be created as needed. The interactive version updates information continuously, not just monthly, to provide the most current status of each claim.

The “My Claims” section of *EBSCONET* provides details on claims placed in the past two years, and claim history for all orders is available within *EBSCONET* at the order level for the current year plus the previous six years.

5. DISCOUNTS

- a. Contractor must specify the current Publisher’s subscription price and the percentage discount off of the current Publisher’s subscription price by inputting such information into the Main Title list and the Spanish Title list submitted with Contractor’s bid for all subscriptions available through the Contractor.

EBSCO complies.

- b. The percentage of discount from Publisher’s subscription price submitted with Contractor’s bid must not decrease for the duration of the Contract.

EBSCO’s intent is to hold the discount firm for the term of the agreement. However, should the Library make a significant change in the volume of content ordered (+/- 15%, in dollar value), or if EBSCO’s arrangements with its major suppliers change significantly, EBSCO reserves the right to review pricing terms to ensure the profitability of the revised account is sufficient to cover provided services.

- c. Contractor must pass on to SDPL any discounts for print subscriptions related to database subscriptions, as allowed by the Publisher.

EBSCO complies.

6. REPORTS/LISTINGS

- a. Contractor must provide a monthly report to SDPL that includes delays in publication, title changes, discontinued titles, and merged titles at no additional cost to SDPL.

***EBSCONET* users are advised of important changes to subscriptions via the *Title Changes* page within the *EBSCONET* interface. Title changes are displayed as *EBSCONET*’s title database is updated, and users can receive weekly email alerts, as well as alerts within *EBSCONET*, to advise when new title changes are available.**

The **Title Changes** page shows changes in:

- Publisher
- Frequency
- Number of issues
- Format
- Title Status (for example, if a title changes from "Active" to "Delayed" or "Discontinued")

Reported date, title name, publisher, type, previous and new values, and effective date are included with each title change notification. Title changes can be filtered and sorted within the **Title Changes** results list and exported to Excel or other popular formats. They can also be marked as "Read" or shared with external staff via email by clicking the "Share" button next to a specific alert. An alert can be shared with anyone, even if they do not have an **EBSCONET** account.

In addition to the **Title Changes** page, these changes are displayed in a "Title History" tab that appears on the **Title Details** and **Order Details** pages.

b. A sample of the report must be submitted with the bid.

The screenshot shows the EBSCONET interface with the 'Title Changes' section active. The table below represents the data shown in the screenshot:

Clarifications

While EBSCO does not have concerns about the spirit of the supplied General Contract, we would like to ensure San Diego understands that certain standard contract terms are not always practical for the purchases of subscription management services. We have noted our concerns below, and expect that any other agent presented with this contract would have similar concerns based on the nature of the services being procured. We respectfully request that, if the contract is awarded to EBSCO, we have the opportunity to discuss and possibly modify the terms identified and clarified below.

General Contract Terms and Provisions

3.1. Manner of Payment

Clarification: The General Contract Terms require payment in arrears on a monthly basis. Subscriptions are typically invoiced annually and must be paid in advance of the subscription start date. EBSCO submits payment to publishers at the time the library is invoiced, meaning EBSCO has encumbered funds on the library's behalf prior to receiving payment from the library. As a result, our payment terms are net due upon receipt of invoice. A finance charge of 1 percent per 30 days is charged beginning on the 60th day for unpaid balances.

3.2.6 Reporting Requirements

Clarification: The General Contract Terms require submission of monthly employment utilization reports and monthly invoicing and payment reports. EBSCO does not use contractor labor; labor related to the library's account is provided as a part of the overall pricing offered to the library and is not submitted as a separate charge. EBSCO invoices contain detailed information about each title being purchased. Should we be awarded the contract, we request an opportunity to discuss the reporting requirements and whether they make sense for this type of contract.

5.1 Inspection and Acceptance; 5.2 Responsibility for Lost or Damaged Shipments

Clarification: Please note that EBSCO is not a representative of the publisher and does not receive, stock or mail the issues. Consequently, EBSCO cannot guarantee ultimate delivery, nor can it assume the subscriber's financial risk in the event of publisher failure or other non-agent responsibilities. However, it is our job to work diligently for the subscriber to secure delivery and replacements for missing issues.

[San Diego Public Library]

Solicitation # 10089628-20P – Library Periodical Subscriptions

EBSCO Information Services

5.7 Warranties

Clarification: Please note that EBSCO is not a representative of the publisher and does not receive, stock or mail the issues. Consequently, EBSCO cannot warrant the goods provided, nor can it assume the subscriber's financial risk in the event of publisher failure or other non-agent responsibilities. However, it is our job to work diligently for the subscriber to secure delivery and replacements for missing issues.

6.5 Intellectual Property Warranty and Indemnification

Clarification: EBSCO provides services to the library for the purchase of subscriptions, magazines and scholarly journals. The publications themselves are supplied by publishers or their selected fulfillment agencies. Any required guarantee of non-infringement of intellectual property rights, as well as any indemnification of the library, should be provided by the publisher(s).

8.1 Payment and Performance Bond

Clarification: EBSCO acknowledges that a performance bond may be required. Generally, our customers do not require bonds, as EBSCO is a financially sound customer and has an extensive history of successfully supplying periodicals to libraries of all types. Should a bond be required, EBSCO can provide it at the expense of the library.

EQUAL OPPORTUNITY CONTRACTING PROGRAM (EOCP)
GOODS AND SERVICES CONTRACTOR REQUIREMENTS

I. City's Equal Opportunity Contracting Commitment.

The City of San Diego (City) promotes equal employment and subcontracting opportunities. The City is committed to ensuring that taxpayer dollars spent on public contracts are not paid to businesses that practice discrimination in employment or subcontracting. The City encourages all companies seeking to do business with the City to share this commitment. Contractors are encouraged to take positive steps to diversify and expand their subcontractor and supplier solicitation base and to offer opportunities to all eligible business firms.

Contractors must submit the required EOCP documentation indicated below with their bids. Contractors who fail to provide the required EOCP documentation are considered non-responsive.

II. Definitions.

Commercially Useful Function: a Small Local Business Enterprise or Emerging Local Business Enterprise (SLBE/ELBE) performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the SLBE/ELBE shall also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself.

To determine whether a SLBE/ELBE is performing a commercially useful function, an evaluation will be performed of the amount of work subcontracted, normal industry practices, whether the amount the SLBE/ELBE firm is to be paid under the contract is commensurate with the work it is actually performing and the SLBE/ELBE credit claimed for its performance of the work, and other relevant factors. Specifically, a SLBE/ELBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of meaningful and useful SLBE/ELBE participation, when in similar transactions in which SLBE/ELBE firms do not participate, there is no such role performed.

Disadvantaged Business Enterprise (DBE): a certified business that is (1) at least fifty-one (51%) owned by socially and economically Disadvantaged Individuals, or, in the case of a publicly owned business at least fifty-one percent (51%) of the stock is owned by one or more socially and economically Disadvantaged Individuals; and (2) whose daily business operations are managed and directed by one or more socially and economically disadvantaged owners. Disadvantaged Individuals include Black Americans, Hispanic Americans, Asian Americans, and other minorities, or individual found to be disadvantaged by the Small Business Administration pursuant to Section 8 of the Small Business Reauthorization Act.

Disabled Veteran: Disabled Veteran Business Enterprise (DVBE): a certified business that is (1) at least fifty-one percent (51%) owned by one or more Disabled Veterans; and (2) business operations must be managed and controlled by one or more Disabled Veterans. A Disabled Veteran is a veteran of the U.S. military, naval, or air service who resides in California and has a service-connected disability of at least 10% or more. The firm shall be certified by the State of California's Department of General Services, Office of Small and Minority Business.

Emerging Business Enterprise (EBE): a business whose gross annual receipts do not exceed the amount set by the City Manager, and which meets all other criteria set forth in regulations implementing the City's Small and Local Business Preference Program. The City Manager shall review the threshold amount for EBEs on an annual basis, and adjust as necessary to reflect changes in the marketplace.

Emerging Local Business Enterprise (ELBE): a Local Business Enterprise that is also an Emerging Business Enterprise.

Local Business Enterprise (LBE): a business that has both a principle place of business and a significant employment presence in the County of San Diego, and that has been in operation for twelve (12) consecutive months.

Minority Business Enterprise (MBE): a certified business that is (1) at least fifty-one percent (51%) owned by one or more minority individuals, or, in the case of a publicly owned business at least fifty-one percent (51%) of the stock is owned by one or more minority individuals; and (2) whose daily business operations are managed and directed by one or more minorities owners. Minorities include the groups with the following ethnic origins: African, Asian Pacific, Asian Subcontinent, Hispanic, Native Alaskan, Native American, and Native Hawaiian.

Other Business Enterprise (OBE): any business which does not otherwise qualify as Minority, Woman, Disadvantaged, or Disabled Veteran Business Enterprise.

Principle Place of Business: a location wherein a business maintains a physical office and through which it obtains no less than fifty percent (50%) of its gross annual receipts.

Significant Employee Presence: no less than twenty-five percent (25%) of a business's total number of employees.

Small Business Enterprise (SBE): a business whose gross annual receipts do not exceed the amount set by the City Manager, and that meets all other criteria set forth in regulations implementing the City's Small and Local Business Preference Program. The City Manager shall review the threshold amount for SBEs on an annual basis, and adjust as necessary to reflect changes in the marketplace. A business certified as a DVBE by the State of California, and that has provided proof of such certification to the City Manager, shall be deemed to be an SBE.

Small Local Business Enterprise (SLBE): a Local Business Enterprise that is also a Small Business Enterprise.

Women Business Enterprise (WBE): a certified business that is (1) at least fifty-one percent (51 %) owned by a woman or women, or, in the case of a publicly owned business at least fifty-one percent (51%) of the stock is owned by one or more women; and (2) whose daily business operations are managed and directed by one or more women owners.

III. Disclosure of Discrimination Complaints.

As part of its bid, Contractor shall provide to the City a list of all instances within the past ten (10) years where a complaint was filed or pending against Contractor in a legal or administrative proceeding alleging that Contractor discriminated against its employees, subcontractors, vendors, or suppliers, and a description of the status or resolution of that complaint, including any remedial action taken. (Attachment AA).

IV. Workforce Report and Equal Opportunity Outreach Plan.

- A. Work Force Report. Contractors shall submit with their bid a Work Force Report (WFR) for approval by the City. (Attachment BB). If the City determines that there are under representations when compared to County Labor Force Availability data, then the Contractor will also be required to submit an Equal Employment Opportunity Plan (EEOP) to the City for approval. Questions regarding the WFR should be directed to the Equal Opportunity Contracting Department.
- B. Duty to Comply with Equal Opportunity Outreach Plan. A Contractor for whom an EEOP has been approved by the City shall use best efforts to comply with that EEOP.

V. Small and Local Business Program Requirements.

The City has adopted a Small and Local Business Preference Program for goods and services contracts. The SLBE requirements are set forth in Council Policy 100-10. For goods, services, and consultant contracts in which the Purchasing Agent is required to advertise for sealed bids in the City's official newspaper:

- A. The City shall apply a bid discount in the way of:
 - a. Five percent (5%) discount off the bid price for SLBE or ELBE prime contractors; or
 - b. Five percent (5%) discount off the bid price for prime contractors achieving the voluntary goal of twenty percent (20%) for SLBE or ELBE subcontractor participation set forth in Subsection B below.

The discount will not apply if an award to the discounted bidder would result in a total contract cost of \$50,000 in excess of the low, non-discounted bid. In the event of a tie between a discounted bidder and non-

discounted bidder, the discounted bidder will be awarded the contract. The discount shall be taken off the total contract value, including contract option years.

- B. Include a voluntary subcontractor participation requirement of 20% of the total bid price for SLBE or ELBEs.

VI. Maintaining Participation Levels.

- A. Bid discounts are based on the bidder's level of participation proposed prior to the award of the goods, services, or consultant contract. Bidders are required to achieve and maintain the SLBE or ELBE participation levels throughout the duration of the goods, services, or consultant contract.
- B. If the City modifies the original specifications, the bidder shall make reasonable efforts to maintain the SLBE or ELBE participation for which the bid discount was awarded. The City must approve in writing a reduction in SLBE or ELBE participation levels.
- C. Bidder shall notify and obtain written approval from the City in advance of any reduction in subcontract scope, termination, or substitution for a designated SLBE or ELBE subcontractor.
- D. Bidder's failure to maintain SLBE or ELBE participation levels as specified in the goods, services, or consultant contract shall constitute a default and grounds for debarment under Chapter 2, Article 2, Division 8, of the San Diego Municipal Code.
- E. The remedies available to the City under Council Policy 100-10 are cumulative to all other rights and remedies available to the City.

VII. Certifications.

The City accepts certifications of MBE, WBE, DBE, or DVBE from the following certifying agencies:

- A. Current certification by the State of California Department of Transportation (CALTRANS) as DBE.
- B. Current MBE or WBE certification from the California Public Utilities Commission.
- C. DVBE certification is received from the State of California's Department of General Services, Office of Small and Minority Business.
- D. Current certification by the City of Los Angeles as DBE, WBE, or MBE.

Subcontractors' valid proof of certification status e.g., copy of MBE, WBE, DBE, or DVBE certification must be submitted with the ITB. MBE, WBE, DBE, or DVBE certifications are listed for informational purposes only.

Work Force Report

HISTORY

The Work Force Report (WFR) is the document that allows the City of San Diego to analyze the work forces of all firms wishing to do business with the City. We are able to compare the firm's work force data to County Labor Force Availability (CLFA) data derived from the United States Census. CLFA data is a compilation of lists of occupations and includes the percentage of each ethnicity we track (American Indian or Alaska Native, Asian, Black or African-American, Native Hawaiian or Pacific Islander, White, and Other) for each occupation. Currently, our CLFA data is taken from the 2010 Census. In order to compare one firm to another, it is important that the data we receive from the consultant firm is accurate and organized in the manner that allows for this fair comparison.

WORK FORCE & BRANCH WORK FORCE REPORTS

When submitting a WFR, especially if the WFR is for a specific project or activity, we would like to have information about the firm's work force that is actually participating in the project or activity. That is, if the project is in San Diego and the work force is from San Diego, we want a San Diego County Work Force Report¹. By the same token, if the project is in San Diego, but the work force is from another county, such as Orange or Riverside County, we want a Work Force Report from that county². If participation in a San Diego project is by work forces from San Diego County and, for example, from Los Angeles County and from Sacramento County, we ask for separate Work Force Reports representing your firm from each of the three counties.

MANAGING OFFICE WORK FORCE

Equal Opportunity Contracting may occasionally ask for a Managing Office Work Force (MOWF) Report. This may occur in an instance where the firm involved is a large national or international firm but the San Diego or other local work force is very small. In this case, we may ask for both a local and a MOWF Report^{1,3}. In another case, when work is done only by the Managing Office, only the MOWF Report may be necessary.³

TYPES OF WORK FORCE REPORTS:

Please note, throughout the preceding text of this page, the superscript numbers one ¹, two ² & three ³. These numbers coincide with the types of work force report required in the example. See below:

- ¹ One San Diego County (or Most Local County) Work Force – Mandatory in most cases
- ² Branch Work Force *
- ³ Managing Office Work Force

**Submit a separate Work Force Report for all participating branches. Combine WFRs if more than one branch per county.*

City of San Diego
CONTRACTOR STANDARDS
Pledge of Compliance

The City of San Diego has adopted a Contractor Standards Ordinance (CSO) codified in section 22.3004 of the San Diego Municipal Code (SDMC). The City of San Diego uses the criteria set forth in the CSO to determine whether a contractor (bidder or proposer) has the capacity to fully perform the contract requirements and the business integrity to justify the award of public funds. This completed Pledge of Compliance signed under penalty of perjury must be submitted with each bid and proposal. If an informal solicitation process is used, the bidder must submit this completed Pledge of Compliance to the City prior to execution of the contract. All responses must be typewritten or printed in ink. If an explanation is requested or additional space is required, Contractors must provide responses on Attachment A to the Pledge of Compliance and sign each page. Failure to submit a signed and completed Pledge of Compliance may render a bid or proposal non-responsive. In the case of an informal solicitation or cooperative procurement, the contract will not be awarded unless a signed and completed Pledge of Compliance is submitted. A submitted Pledge of Compliance is a public record and information contained within will be available for public review except to the extent that such information is exempt from disclosure pursuant to applicable law.

By signing and submitting this form, the contractor is certifying, to the best of their knowledge, that the contractor and any of its Principals have not within a five (5) year period – preceding this offer, been convicted of or had a civil judgement rendered against them for commission of a fraud or a criminal offense in connection with obtaining, attempting to obtain or performing a public (Federal, State or local) contract or subcontract.

"Principal" means an officer, director, owner, partner or a person having primary management or supervisory responsibilities within the firm. The Contractor shall provide immediate written notice to the Procurement Contracting Officer handling the solicitation, at any time prior to award should they learn that this Representations and Certifications was inaccurate or incomplete.

This form contains 10 pages, additional information may be submitted as part of Attachment A.
