

Good evening, Redistricting Committee!

My name is George Henderson, 3151 Driscoll Drive, San Diego CA 92117 [Bay Ho]

My previous response to your community outreach was mistaken. At that time I suggested that a "Unified Clairemont" made intuitive sense, eliminating the way we split between District 2 and District 6.

There was an error in my logic; I was not thinking "outside of the box"!

After discussion with my neighbors, I realized how little commonality is shared between the east and west parts of Clairemont. Our experiences as San Diego residents are very different; our willingness to be involved in matters that impact the community are worlds apart.

We do not live on the "Mesa". We are next to Mission Bay.

It makes a lot of sense to consider BayHo & BayPark as " more affordable extensions" of Pacific Beach and Mission Beach.

In just a few months, transit riders will exit from our new trolley stations. They will think that they have arrived "at the beach".

So let's make it official. Keep us in District 2.

Sorry for my previous error. And thanks for listening
George Henderson
