

My name is Janel Jacob and I am a constituent from Scripps Ranch in District 5.

I feel it is important for my neighborhood to stay in District 5 with Sabre Springs , Rancho Bernardo, and Carmel Mountain Ranch due to the shared community of interest among our I-15 corridor neighbors . Scripps Ranch and the surrounding communities all experienced the 2003 and 2007 wildfires, and we have pressing interests in fire prevention and fire response services.

In addition to our shared interest in wildfire mitigation, Scripps and the other D5 communities were all developed about the same time. Scripps and our neighbors along the I-15 share a common need for coordinated development of improved transit and transportation services as well as attention to the aging infrastructures of our neighborhoods.

Do not fragment our I-15 communities of common interests!

Thank you,  
Janel Jacob
