

I am a resident of Scripps Ranch and a registered independent voter. I encourage the redistricting efforts to include Scripps Ranch with other D5 neighborhoods Sabre Springs, Rancho Bernardo, and Carmel Mountain Ranch. All these areas along the I-15 have similar experiences and concerns.

- We have experienced wildfires in 2003 and 2007 so we are particularly interested in fire prevention.
- We also have similar transportation and transit planning needs along the I-15 corridor to keep this traffic corridor running smoothly.
- Since most of this area was built at the same time there are also infrastructure and recreation aging issues that similarly effect the entire region.

Scripps Ranch needs to stay within these similarly oriented neighborhoods of D5.

Thank you for reading my input on this issue.
