Health & Morals Com. of the
City Council, -

San Diego, Cal.

Gentlemen, -

Being under the impression that the residents in the neighborhood of 2nd and "H" Streets did not object to the starting of a saloon at that location, we, at the request of the parties applying for a license, signed their petition.

We are informed, however, that the actual residents in this location object to a saloon there, and if that should appear to your Honorable Body to be the case, we hereby withdraw our ^{names from the} petition.

We think it proper that these matters should be determined upon the will of the people living where the proposed saloon is to be located.

Yours very truly,

Dict. M. K.
