

To the Honorable Board of the City Council of
San Diego Cal.

We the undersigned property
holders and tax payers of La Jolla San Diego Co California do hereby
petition your Honorable body to appoint a competent Engineer to examine
the Cars at La Jolla as well as their formation and report to you whether
in his judgement the work proposed to be done by Thomas Diamond
could be done without endangering or defacing the beauty of the Cars.
And if in his judgement it can be done. Then we would most respect-
fully ask that your Honorable Body grant his application for a franchise
to do the work. The petitioner to pay the expense of the Engineer
you may see fit to appoint

Petition F. J. Scripps
et al. for appointment
of a competent engineer
to examine the caves at
La Jolla.

The Joint Street Committee
recommends that the City
Engineer be instructed to go
to La Jolla and ascertain
whether Professor Gustav Schulz
is excavating on his property
or in leave street; and that
the Engineer further ascertain
how deep from tidewater is the
cave which Professor Schulz is
attempting to reach.
