

THE CITY OF SAN DIEGO

## F Street Emergency Water Main Replacement Construction Project

# TRAFFIC AND PARKING ADVISORY

The City of San Diego is replacing a 102-year-old deteriorating water pipeline on F Street, between 17<sup>th</sup> Street and Park Boulevard. Construction work is now in the proximity of State Route 94, requiring lane closures on State Route 94 to help reroute incoming traffic around the construction work. Because of the impacts to State Route 94, work is now required to take place Sunday through Thursday, from 9 p.m. to 5 a.m.

To facilitate the emergency construction work, temporary road and parking stall closures and traffic detours will be required. This advisory provides a summary of the anticipated impacts.

**Please use caution when traveling through the construction zone, and follow the temporary detour and no parking signs. The no parking signs will be enforced. Make sure to include additional time into your daily commute.**

### **Sunday through Thursday, (9 p.m. to 5 a.m.):**

#### **F Street: From 16<sup>th</sup> Street to 15<sup>th</sup> Street**

- One lane open

#### **State Route 94: Westbound from 25<sup>th</sup> Street to 16<sup>th</sup> Street**

- The three lanes heading into the F Street off-ramp will be progressively reduced to a single lane. Traffic control measures will begin to be placed on State Route 94 near the 25<sup>th</sup> Street overpass.

Thank you for your patience and understanding while work progresses on this emergency project. Every provision will be taken to quickly and efficiently complete the work.
