City Council  
Civic Center Bldg.  
San Diego, Calif.

Dear Sibs:

To you the entire Student Body of the San Diego State College is grateful. It is due almost entirely to your efforts; as we all know that we were given the opportunity to enter our basketball team in the National Intercollegiate Tournament at Kansas City, Missouri.

So sorry that the K.F.S.D. broadcasting system was not working so that councilman Fish could have spoken; however, may I take these few lines to thank him and all other councilmen who appeared at "our" (yours and ours) rally.

We are gratefully.

Yours sincerely,

Bill Koller
