Re: Sheldon and Barbara Ostroff, 7855 La Jolla Vista Drive Home Remodel

TO WHOM IT MAY CONCERN:

We write this unsolicited letter concerning our endorsement of the planned home remodel by the Ostroffs of their personal residence located at 7855 La Jolla Vista Drive. We have had the opportunity to review the proposed plans and renderings of the proposed remodel of the Ostroffs' residence submitted by them for approval. The architecture, facade and improvements described in the proposed plans and a rendering are consistent with other homes in the neighborhood, such as ours, and represent a significant and meaningful improvement of the existing structure which will greatly enhance home values in the neighborhood.

Our recently built home which is a stones throw from the Ostroffs is a contemporary Mediterranean design. Like our home, the Ostroffs' proposed remodel integrates modern materials with contemporary design. Because we believe that the proposed plans and renderings of the Ostroffs' home remodel will greatly improve the appearance and utility of the existing structure, the general appearance of the neighborhood and undoubtedly increase home values in the neighborhood, we unequivocally support approval of the proposed plans.

Very truly yours,

Arthur and Denise Adler

Re: Proposed Home Remodel of 7855 La Jolla Vista Drive/ Ostroff Family

To Whom It May Concern:

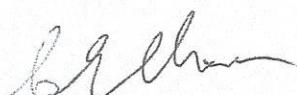

We have examined the proposed plans, renderings and 3D example of the Ostroff's proposed remodel submitted by them for approval. We have also spoken with their architect Colin Hernstad who answered our questions. We are in 100% support of approval of the Ostroff's proposed remodel.

The proposed remodel will replace and greatly improve an outdated older home that is in need of remodel and updating.

We live a few homes away and walk the neighborhood almost daily. We would welcome the more modern improvements to the neighborhood as it could only improve and increase surrounding home values. Our neighborhood can benefit from upgrades.

Please accept this letter on our behalf as full support of the Ostroff Family Remodel of 7855 La Jolla Vista Drive.

Sincerely,

Claire and David Ellman

Re: The Ostroffs' Proposed Home Remodel of 7855 La Jolla Vista Drive

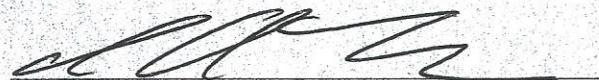

To Whom It May Concern:

My family and I recently purchased a relatively new home several homes from the Ostroffs' home at 7855 La Jolla Vista Drive. Our home is approximately 24 feet in height and relatively contemporary in design. My wife and I have examined the proposed plans, renderings and mock up the Ostroffs' proposed remodel submitted by them for approval. We are in 100% support of approval of the Ostroffs' proposed remodel.

We support the remodel of the Ostroffs' home for a number of reasons. First, the materials, design and facade of the proposed remodel are compatible with the neighborhood and 21st century home construction. Second, the remodel will replace an outdated antiquated home which is in dire need of remodel and upgrade. Third, because of the design and materials being used, home values in the neighborhood will undoubtedly benefit. Lastly, we believe it is the right thing for the local environment. Today's low energy appliances, HVAC and lighting systems reduce our carbon footprint. New design technics and building codes allow modern homes to have a positive impact on the community and environment that we all share.

We can think of no reason why the Ostroffs' proposed remodel should not be approved as submitted.

Very truly yours,

Ian and Goli Lerner
