National Night Out is a national event that brings together communities with public safety officials. Hundreds attended the Clairemont family event hosted by the **Clairemont Neighborhood Watch, Clairemont Town Council, SDPD Northern Division** and sponsored by **Target**. The evening was a great way to foster positive relationships of mutual respect with the police and community members.

OB CAMERAS LAUNCH

Cameras have been installed at the Ocean Beach Pier, parking lots and beach to help deter crime. The cameras are on a loop that is not monitored or reviewed unless a crime is reported. This will give law enforcement a valuable crime fighting tool to provide evidence.

"I want to publicly put would-be criminals on notice — if you come to Ocean Beach and commit a crime on our public beaches, you will be on camera, and you will get caught," stated Zapf.

Councilmember Lorie Zapf was joined by Ocean Beach Community Leaders, Point Loma High School Surf Team Students, S.D.P.D. and City Attorney staff.

Councilmember Zapf was joined by the **Clairemont Friends of the Library**, the **Clairemont Boys and Girls Club STEM** students, **Clairemont High School Robotics Team** instructors, members of the **Clairemont Town Council** and library staff at the official ribbon cutting of the new 3-D Printer. There are only a few libraries that make this technology available to the public. Visit the library to find out how to create and print in 3-D. Use of the printer is free and open to everyone and was purchased with funding provided by Councilmember Zapf.

COUNCIL VOTES FOR SINGLE USE PLASTIC BAG REDUCTION

The San Diego City Council approved a reduction on single-use plastic shopping bags. San Diego is the 150th municipality in the state of California to pass such a law. The vote was 6-3 with Councilmember Zapf supporting the ordinance. The ordinance will take affect this fall and includes a 6 month grace period for grocery stores and pharmacies, which will not begin charging for bags until March 2017. Other retailers, such as convenience stores and small markets, will have a one year grace period to implement the ordinance.

Many community groups attended and supported the proposal including speakers from **Surfrider Foundation San Diego Chapter**, **Coastkeepers**, **San Diego Regional Chamber of Commerce** and the **California Grocers Association**.

BAY PARK COMMUNITY SIGNS INSTALLED

Last year, Bay Park resident Dave Potter decided it was time for the community of **Bay Park** to have entry signs. Although, the area is part of the Clairemont Mesa community planning area, **Bay Park** has maintained a separate identity for the last sixty-three years.

Petitions in support of signs at the southern boundary were circulated and the Clairemont Community Planning Group supported the request. On July 29th the community unveiled the first **Bay Park** entry sign on Morena Boulevard north of Tecolote Road.
