JENNIFER CAMPBELL, MD
San Diego City Councilmember/Family
Physician

“Dr. Jen Campbell is the Councilwoman working families count on.”
-Mayor Todd Gloria

In tough times, San Diego families need leaders we can rely on to tackle the rising cost of living, and keep our neighborhoods healthy and safe. That’s Dr. Jen Campbell – our Councilwoman, our Clairemont neighbor, and a physician who’s spent her life caring for our communities.

Dr. Jen Campbell takes on special interests and delivers for our district:

- Launched SD Community Power, our clean alternative to SDG&E, to lower utility rates.
- Forged the compromise to limit out-of-control vacation rentals. A 50% reduction!
- Led on COVID: Stopped evictions. \$18 million for small business recovery.
- Required developers add middle-class homes, not just luxury condos.

Dr. Jen Campbell will keep fighting for a safer, more affordable San Diego:

- Clean up unsafe encampments. Continue adding homeless crisis response units.
- Rebuild city infrastructure. Prioritize hiring local San Diego workers.
- Bring homes for all incomes to the Midway District and across San Diego.

Endorsements:

Mayor Todd Gloria
National Union of Healthcare Workers
San Diego Labor Council
Congressman Scott Peters
Former Police Chief Jerry Sanders
County Supervisor Nathan Fletcher

DR. JOEL DAY

Dr. Joel Day: Fighting for our neighborhoods, not insiders and special interests.

Joel Day will fight for:

A safe and strong city with top-notch community first responders – and increased funding for safe beaches, parks, and neighborhoods.

A city that finally gets homeless San Diegans off our streets and ensures our families aren't priced out of their hometown.

A city that puts working families first by protecting jobs and small business, fixing our roads, and investing in parks and libraries.

Joel Day has spent his career working for San Diego – both inside and outside of government.

When COVID-19 hit, Joel Day led the emergency response – focusing on providing access to healthcare, protecting first responders and frontline workers, and helping struggling families and small businesses stay afloat.

As a department director, Joel worked on public safety programs to combat domestic terrorism and reform law enforcement. Joel also spent years fighting human trafficking as CFO and operations director for a non-profit to protect victims. Joel has kept San Diegans safe.

Joel teaches public policy at UCSD, developing policy solutions to San Diego's most pressing challenges like homelessness, climate change, and housing affordability.

MANDY HAVLIK
Mother/Community Advocate

I am a Coastal Candidate who is an advocate for unrestricted coastal access for all, working to protect and preserve the coastal region.

I am a spouse of a disabled combat veteran with two young children and an Indigenous American who is a registered member of the First Nations Timiskaming band.

I am supportive of keeping the 30-foot height limit in the coastal region. I opposed measure E that would have repealed the 30 foot rule in parts of the coastal region.

As a community leader, I have served on the Peninsula Community Planning Board, Sunset Cliffs Natural Park Council, a founding member of Kate's Trees, parent and volunteer at Ocean Beach Elementary school. My experience with land use issues in the coastal region while serving on the planning boards has given me insight and experience on the unique land use challenges facing our coastal community.

I am committed to bringing community back to city hall and to focus on serving the entire district and finding solutions that work for the diverse needs of everyone in the district.

I am not afraid to challenge the status quo and bring much needed leadership to our district.

LINDA LUKACS

I am honored to be considered as your candidate for city council. This community is our home and I'm committed to enhancing our quality of life and making this district the best it can be. A place where we raise our families, educate our children and build our businesses.

I bring a comprehensive skill set to the challenges we face. I have experience in healthcare, academics, business and leadership as a dentist, former nurse, realtor, educator and business owner. My background has contributed to my ability to think critically, work with others, problem solve and budget responsibly.

As your councilmember I will:

- Support fiscally responsible and environmentally sensible solutions in addressing economic development and our failing infrastructure.
- Support practical solutions to our homeless crisis, focusing on root causes of the problem.
- Support our law enforcement to enhance public safety so that we can all feel safe in our community.

MONICA MONTGOMERY STEPPE
City Councilmember

Councilmember Monica Montgomery Steppe: Community. Courage. Consistency.

In unprecedented times, Monica delivered for the people of Southeastern San Diego.

Monica worked tirelessly alongside community members to:

Create economic opportunity-- through job training programs, home buyer programs, supporting small businesses, growing the green economy, funding arts and education, and increasing representation in economic investment.

Invest in neighborhood infrastructure-- by paving roads and fixing sidewalks, building parks, opening a new senior & community center, making transit more accessible, and removing over 1,000 tons of trash and debris.

Re-imagine public safety-- by leading on law enforcement reform, investing in community crime prevention programs, and increasing resources to address mental health and addiction issues.

Monica will continue working-- for more local jobs, libraries and fire stations, parks and green space, funding for businesses, holistic public safety, and programs to prevent and address homelessness.

Monica gets it. She grew up in District Four.

Monica invites the community to the table to make policy, bringing residents of District Four into the halls of government to help craft solutions to our biggest problems. That's why she's asking for another term to finish what we've started, together.

TYLISA D. SUSEBERRY

My name is Tylisa, I have been a resident of the 4th District for more than 50 years and I am running for the 4th District Council seat. I am a Lincoln High alumnus who attended the University of California San Diego and have worked for the city of San Diego, 4th District Council Member Myrtle Cole, and County Board of Supervisors Dave Roberts. Presently, I serve as staff to California State Pro Tempore Senator Toni Atkins.

Non-Profit Experience: I've worked for the Neighborhood House Association, Urban League of San Diego County, and Southeastern Economic Development Corporation (SEDC). I believe that a strong relationship with our local non-profits and small business owners can bring back pride to the 4th District. While working for SEDC, I managed and hosted the entrepreneur academy twice a year, worked closely with the city of San Diego to assist small business owners in accessing their storefront improvements, and represented the organization at the Reinvestment Task Force monthly meetings.

Small Business Owner: In 2005, I founded the non-profit organization "Enchanted Wingz" that partnered with Project Butterfly to work with at risk females, to, among other things, reduce teen pregnancy and promote a positive self-image.
