Construction Staging Areas

- Staging areas are utilized to temporarily store pipe, bedding, backfill material, and construction equipment
 - *Located adjacent to construction work area, typically within City right-of-way*
 - *Contractor is responsible for identifying staging locations*
 - *Requires approval by the City's construction management staff*
 - *Must all be located on paved or cleared surfaces*

Storage Yards

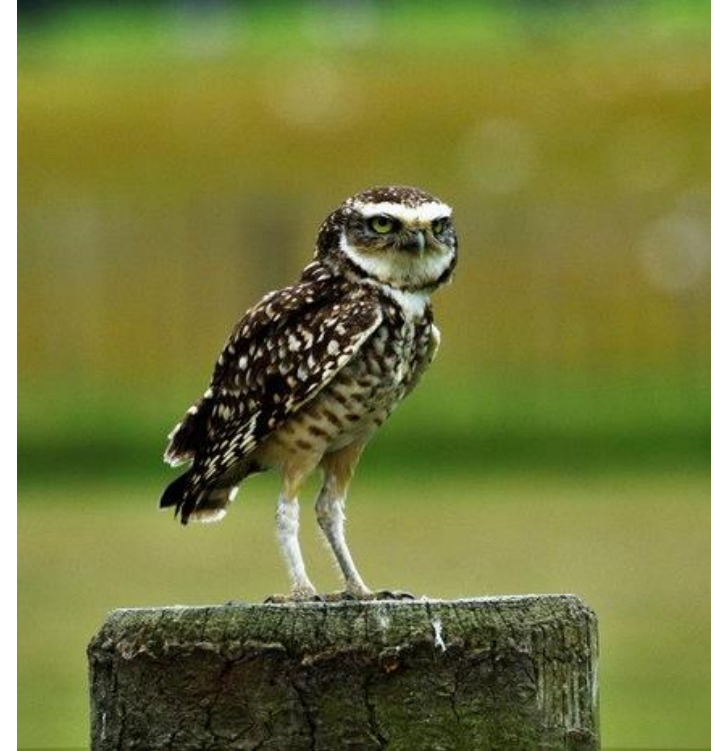

- Storage yards are locations where a contractor may choose to store surplus materials, larger equipment, office trailers, etc.
 - *May be located on private property and require exclusive agreements between the contractor and that private property owner*
 - *All storage areas must be located on paved or cleared surfaces*

No Parking

- Notifications
 - Types
 - Timing
- Impacted Area Selection

- **Environmental Management Plan**
 - **Oversight**
 - *Mitigation Monitoring and Reporting Program (MMRP)*
 - *Mitigation Monitoring Coordination (MMC) section of the City Development Services Department (DSD)*
 - **Biological Resources Monitoring**
 - *Adjacent sensitive biological habitat will be fenced off*
 - **Cultural Resources Monitoring**
 - **Paleontological Resources Monitoring**

Construction Site Housekeeping

- Storm Water Pollution Prevention Plan (SWPPP)
- Dust abatement measures
 - *Street sweeping*
 - *Use of covers/tarps*
- Other Best Management Practices (BMPs)

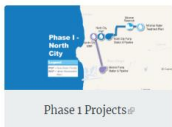

Pure Water Website Resources

Pure Water San Diego

Pure Water San Diego is the City's phased, multi-year program that will provide one-third of San Diego's water supply locally by 2035. The Pure Water Program will use proven water purification technology to clean recycled water to produce safe, high-quality drinking water. The program offers a cost-effective investment for San Diego's water needs and will provide a reliable, sustainable water supply.

If you have additional questions about the Pure Water San Diego Program, please call 619-533-7572 or email purewatersd@sandiego.gov.
