Organization.

San Diego, California

May 29th 1889.

Minutes of the first meeting of the Board of Public Works

Pursuant to the provisions of the Charter of San Diego, Messrs. John F. Sinks, James W. Schuyler and Joseph Falkenhan, having been duly appointed, confirmed and qualified as Commissioners of the Board of Public Works, did on the 29th day of May 1889 at 2 P. M. at the office of the City Engineer, hold their first meeting, and effected a temporary organization, by the election of Commissioner Schuyler as Chairman and Commissioner Falkenhan as Secretary. Thereupon said Commissioners proceeded to classify themselves by lot as provided by the Charter thereby determining that said Commissioner Falkenhan shall hold office for two years, said Commissioner Schuyler shall hold office for three years, and said Commissioner Sinks shall hold office for four years.

The Commissioners then proceeded to organize themselves as a permanent Board, by the election of Commissioner Sinks as President and Commissioner Joseph Falkenhan as temporary Secretary and to act as recorder of the transactions of the Board until the appointment of their permanent Secretary.

On motion it was ordered by the unanimous vote, that the office of Building Inspector be declared vacant and that the files, records and other property in said office be delivered to this Board.

J. A. Charlton presented application for erecting post and sign on S. E. cor. 5th & C Streets

On motion the Secretary was instructed to notify the Street Superintendent, Building Inspector, Sewer Inspector, Superintendent of Parks and City Engineer to prepare and send to this Board a full and complete in-

ventory of all material, tools and property of every description belonging to the City in their possession respectively.

The Board adjourned until 2 P.M. May 31, 1889.

Meeting of the Board of Public Works.

Pursuant to adjournment the Board of Public Works met, Commissioners, Sinks, Schuyler and Falkenhaw being present.

The minutes of the previous meeting were read and approved.

On motion it was ordered by a unanimous vote that the Board proceed to elect a Secretary.

Mr. Schuyler was selected as teller and Mr. Falkenhaw temporary Secretary read the following list of applicants for that office:

Jno. Hetzel
J. A. Thomas
Chas. McAllister
Genl. C. R. Thompson
S. L. Pearce
C. R. Williams
R. B. Emmerson
Geo. F. Wheatley
T. M. Belding
N. R. Weber and
J. N. Moffitt.

Thereupon the President declared, that Jno. Hetzel having received the unanimous vote of the Board is duly elected to the office of Secretary of the Board of Public Works of the City of San Diego.

It was ordered by the unanimous vote the Secretary of this Board be instructed to send the following communication to the Common Council: - Having an application for permission to place a sign on a post to be planted in the outer edge of the sidewalk near the S. E. cor. of 5th and E Streets and there being no ordinance regulating such use of the sidewalks, we respectfully ask for instruction in reference thereto. We are of opinion and so recommend that an ordinance be enacted prohibiting the placing of obstructions of that character on the sidewalks, and providing for the removal of those already there.

It was ordered by the following vote:

Mr. Simka, Aye
 " Schuyler, Aye
 " Falckenhan, Aye

that the following notice be served on the Del. Mar and San Diego R.R. Co, by the Secretary of this Board, upon the Secretary, Manager, & Vice President of said road:

"You are hereby notified that complaint has been made to this Board that your Company now engaged in constructing the railway on the streets named in the ordinance granting the franchise to build the road (Ordinance No. 2701) particularly of the use you are making of the public streets over which your road is being built:- That your workmen are constructing the road without regard to the grade or alignment of the streets:- That the provisions regarding the trestling in the said ordinance is not being complied with and that excavations in the street are being made amounting to a public nuisance and dangerous to life and limb.

Your attention is called to the provisions of the ordinance referred to and if the complaints are well founded, the Board shall feel it its duty to enforce the provisions of the same.

The Secretary was instructed to call the attention of Mr. Lapron to a break in the pavement on 5th Street bet. C & D and also to other defects in said street

The following resolution, to wit:

Minutes

Meeting of the Board of Public Works

Pursuant to adjournment the Board of Public Works met, Commissioners, Sinks, Schuyler, and Falkenhau being present

The minutes of the previous meeting were read and approved

Reading of communications as follows:

L. B. Harris

S. T. Goldthwait

Also applications from J. A. Kooker for the position of Sewer Inspector, & S. T. Goldthwait for the position of Sewer Inspector.

A communication from Genl S. T. Sedgewick regarding sewerage matters

A report from Mr. Geor. Spencer suggesting that Inspection on D and Union Streets be lowered to grade and Gwy post on N. W. Cor. D and Front Streets be changed.

On motion, that portion of Mr. Spencer's report relating to the lowering of Inspection on D and Union streets, was referred to Mr. Goldthwait with instructions to make change as suggested.

On motion it is ordered, by unanimous vote, that the following communication be sent to the Common Council:

Having a proposition from Mr. Copeland in reference to the lighting of the City Buildings and understanding that a committee of Council has been negotiating with him and feeling that action without further information and instruction might not be wise, the Board of Public Works requests that each Board of the Common Council instruct a committee to confer with it and arrange all matters relating to the occupancy of the new City-building.

On motion it is ordered, by unanimous vote, that the following communication be sent to the Common Council:

He respectfully suggest that as it will be necessary for the Superintendent of Streets to employ laborers, two horse teams and one horse carts, on the general repair and maintenance of streets, it would be desirable that the wages for such services be fixed by Council.

To care for the sewers of the City, a constant force of two men will be necessary and while we are not yet prepared to appoint a Superintendent of Sewers we wish to employ a competent man with an efficient assistant for that purpose and ask that their wages be fixed.

The following communication was unanimously adopted and the Secretary ordered to transmit a copy of the same to the Common Council:

The City Engineer has appointed the following force:

- 1 Chief Draughtsman
- 2 Assist. " "
- 1 Transitman
- 1 Rodman
- 2 Chainmen

This force is less than that heretofore employed and we are of opinion that it cannot be reduced without detriment to the work in hand, and the good of the public service and we have approved of the appointments.

He respectfully ask that their compensation be fixed by Council.

On motion the Secretary is instructed to acknowledge receipt of the communication from Genl. Sedgewick and inform him that the Board grants his request and will be pleased to have him appear before the Board as soon as it is able to give him attention, notice of which time will be sent him.

An application for the position of Park Superintendent from Jas. White was ordered filed.

A petition from citizens requesting the removal of the pop-corn and fruit stand on the N. E. Cor. of D and 4th Streets, on the ground that it is a nuisance.

It was ordered by unanimous aye vote, that said stand be removed at once and that the Street Superintendent enforce this order.

The following resolution was ordered by aye vote;

Resolved; that the Superintendent of Streets be ordered to notify the San Diego Street & Co. to proceed at once to pave that portion of "D" Street between California and Front streets required to be paved by them under their franchise.

The following resolution was presented:

Resolved; that the following order to sprinkle streets by D. J. Goodbody be sent to him.

D. J. Goodbody

Contractor for sprinkling

We hereby order you to sprinkle the following streets:

Third St. from H to C Sts	19 00
Fourth " " K " A "	37 40
Fifth " " B " Laurel "	49 40
Sixth " " I " C "	35 20

Total No. of 43545 feet	

You will be required to sprinkle sufficiently to keep down the dust, this will require sprinkling at least twice in the central part of the City, and once a day on the outlying streets.

No extra width of streets will be allowed for in the bills as we can see no authority therefor in the contract, and street intersections will only be measured once

The Plaza will only be estimated as a street.

This order is for the term of one month.

And on motion the same is adopted by the following vote

- Mr. Sims, Aye
- Mr. Schuyler, Aye
- Mr. Falkenhan, Aye.

On motion it is ordered by unanimous vote that the following communication including the order for street sprinkling be transmitted to Council:

Whereas; the former City Council entered into a contract (which is still in force) for the sprinkling of streets in this City subject to the order and to be performed to the satisfaction of the Street Committee, the Board of Public Works assuming that it is the successor of the Street Committee and clothed with all the powers of authoritative action held by said Street Committee and authorized to assume control of street sprinkling; and inasmuch as the present Auditing Committee has adopted a resolution specifically refusing to audit bills for sprinkling unless accompanied by an order from the Board of Public Works authorizing said sprinkling and certifying that it has been done to the satisfaction of the Board of Public Works. Therefore we have given the Contractor an order as above, for the sprinkling of Streets.

On motion the Board adjourned.

On motion and by unanimous yeas vote the following resolution was adopted:-

Resolved, that the President be instructed to send the following communication to the Common Council:-

For some reason the Common Council has failed to fix the amount of salaries to be paid to the Superintendent of Streets, Superintendent of Sewers, Superintendent of Parks, Secretary of the Board of Public Works and other employees of the City.

The Charter renders the services of such officers essential to a proper care of the interests of the City, requires the Board of Public Works to make the appointments, prescribes a portion of the duties to be performed and authorizes said Board to require such additional duties as it may deem proper.

Some of the appointments have been made, others have been delayed for the reason that the Board of Public Works desired to take ample time for an investigation as to the character of the work to be done and the competency of applicants for the appointments. These positions have been filled by men who should receive pay for service rendered.

The Board of Public Works is directly responsible to the City for the official conduct of all its appointees and employees, and therefore respectfully urges its right to appoint and employ such persons as in its judgement will render the most efficient service to the public and be subservient to it. The pay of all should be adequate to the service required and without reference to the individuality.

On motion it was ordered that the following
 communication be sent to the Common Council :-
 to the Common Council:

Gentlemen :-

The Board of Public
 Works regrets to be obliged to communicate to you
 the fact that it is now without a Secretary as
 our first appointee, Jno. Hetzel has seen fit to re-
 sign, owing to his inability to live without re-
 ceiving compensation for his services, the Council
 having seen fit to refuse or neglect to fix his
 salary in pursuance of the request of this Board
 dated May 31, 1882 - The Board is required by the Charter
 to appoint a Secretary and the legality of all its acts,
 especially those wherein the publication of notices is
 involved, becomes questionable without a Secretary,
 but we do not wish to subject another man to the
 embarrassment which we have imposed upon
 Mr. Hetzel, and for that reason we respectfully
 ask you to fix the salary of our Secretary, in
 anticipation of the new appointment, which we
 are required to make under our Organic law,
 to fill the office now vacant. We trust you

will appreciate the fact that the position is one of great importance, carrying with it much responsibility, and requiring special experience of a particular character,

The pay should not be less than \$100. per month - and we recommend that it be so fixed.

A communication from the City Clerk, stating that the Board of Public Works had been authorized by the Common Council to rent the rooms recently vacated by the City, as per request of this Board, was received and placed on file.

On motion the Board adjourned until 2.0' clock Wednesday July 17th 1889.

Mr Schuyler reported verbally to the board that the work undertaken at the sewer tank when the board first organized, consisting of scraping the bottom and forcing the sludge out through the outlet was completed as far as it was profitable or essential to work before the construction of the proposed flume to construct, which authority will be asked of Common Council. The tank is now comparatively sweet and clean. The cost of carpenter work on gates at the outlet and in manholes was \$31.50. The holes in the concrete walls of the gate house have been repaired, in which four (4) Bbs of cement have been consumed, the thick sludge deposited on the bottom of the tank amounting to more than 750 cubic yards has been scraped out and forced through the outlet pipe as well as through a separate outlet cut in the side of the sewer tank.

On motion the Board adjourned until Friday

Regular Meeting

Pursuant to resolution the Board met, Commissioners Frobenhor, Schuffler and Smith being present.

The minutes of the previous meeting were read and approved.

On motion and by unanimous aye vote the following proposals and resolutions were adopted:

Whereas the specifications for the construction of the new garbage scow now under contract by Mr. Suple call for the Bottom to be lined with crooked plank, and whereas in the judgment of this Board, crooked planking will not form a perfect protection from the action of sea worms, and such bottom will quickly become foul with barnacles and sea weed, and will require frequent cleaning of the bottom, and be an obstruction to the successful sailing of the scow, and whereas in the judgment of this Board the scow can be rendered much more efficient by covering the keel with copper, and paint the bottom with copper paint, as all ordinary sailing vessels are treated, and the scow more perfectly preserved than by the use of crooked plank, therefore be it

Resolved that it is advisable and in the interest of the city to change the specifications so as to reject the use of crooked lumber.

Resolved that the contractor be directed to cover the bottom of the keel, and the sides thereof to a height of 6 inches above the bottom with sheet copper, and paint the bottom and submerged portion of the sides of said scow with two coats of a good quality of copper paint.

Resolved that, as the contractor has given his consent to perform said work under said specifications attend without extra pay, no extra allowance be granted for said work.

The report of the water committee of the Board of Delegates, relative to the amount of water alleged to have been used in flush tanks during the month of July and August and adopted by said Board was read and ordered to be placed on file.

The following communication was received from the Board of Education.

San Diego Calif Oct 23rd 1889

To the Honorable

The Board of Public Works,

At a meeting of the Board of Education held Oct 22nd it was ordered that the Building Committee be directed to prosecute to completion the investigation of the Sherman Heights and B St School Houses, and that the Board of Public Works be requested to assist the Building Committee in this investigation.

That a copy of this resolution be sent to the Board of Public Works, at the earliest possible moment.

"Signed," Eugene DeBurr Hook.

In response to the above ^{the following} communication was ordered sent to the Board of Education.

To the Board of Education;

In response to your request that the Board of Public Works, assist your Building Committee, in the investigation of the Sherman Heights and B street School buildings, we have to say,

that while we appreciate the courtesy extended and are willing to lend any proper and efficient aid in the adjustment of the business in relation to those buildings between you and the contractors, yet the matter presents itself in such form, that we feel a delicacy in taking part in it at its present stage. As we understand it, your Building Committee has already made a similar investigation of and reported on one of the buildings referred to, describing a very large number of specific deviations from the specifications, many of them of such character as precludes the acceptance of the building; and that the other building, having been built by the same contractor, at the same time, under the supervision of the same architects, may reasonably be presumed to be in a like condition of incompleteness. With this understanding, it seems to us that neither building is in a condition for acceptance or if accepted it can only be after such concessions and special stipulations as are right and proper, have been determined in the manner provided by the terms of the contract and the provisions of the law.

Furthermore if we should join with your Building Committee in a report we should either have to substantially concur in the findings of the former report of that committee - which would be of no special value - or we should have to disagree with it in a way that would indicate a lack of harmony and thus probably destroy the effect of both reports.

Regular Meeting.

Pursuant to resolution the Board met, Commissioners Folkehouse and Sinks being present.

The minutes of the previous meeting were read and approved.

A communication from the San Diego Water Company, proposing and agreeing to put in a $\frac{3}{4}$ inch tap on the Water Main on 4th Street, between H & G extend same to the curb of sidewalk, connect and put up a watering trough made like those already in use at the Plaza and elsewhere, with the addition of a $\frac{3}{4}$ inch hose bibb from which to draw water for general use, all to be made in a workmanlike manner, and completed to the satisfaction of those in charge of the new, "Market Square" for the net sum of Thirty two (32) Dollars. was read and ordered to be placed on file. Thereupon the following resolution was adopted by unanimous aye vote.

Resolved that the San Diego water Co be and it is hereby authorized to put in watering trough with connections for use of Market Square, in accordance with their written proposition.

A communication from J. H. Woolman in reference to contracts for laying pipe in City Park for Ladies Annex, was read and ordered to be placed on file. Whereupon the following preamble and resolution was adopted by unanimous aye vote.

Whereas J. H. Woolman has entered into a written contract (in triplicate) for the laying of pipe in the City Park in accordance with his proposal and the award, and entered into a bond in the sum of Two hundred (\$200) Dollars with J. S. Bushrd & Lee H. Ester securities for the faithful performance of said contract. Therefore be it

Resolved that the Bond be and the same is hereby approved, that the check accompanying his bid be returned, and that one copy of said contract with plans and specification be delivered to the City Clerk another to the Contractor and the third be placed on file in this office.

On motion and by unanimous aye vote the following resolution was adopted.

Resolved that the Superintendent of Streets

be and he is hereby directed to notify the San Diego Street Car Co. that the 5" street bituminous rock pavement from B to L Streets which said company constructed and which it is by law required to maintain in constant repair between the rails and for two feet on each side thereof, and between the tracks is out of repair, not flush with the street in a condition to obstruct the freedom of said street, and must be repaired without unnecessary delay.

The following communication from the San Diego water company was read and ordered to be placed on file,

On Jan'y 20th 1890 this year this Co offered in writing to furnish the city with what surplus water they had for street sprinkling purposes at the rate of 10¢ per 744 gallons, but in view of the fact that since that time the common council have so materially reduced our rates, we feel compelled to withdraw our offer, and refer you to that part of the ordinance now in force, referring to water used for city purposes, namely see "23".

The following communication from the San Diego water Co was read and ordered to be placed on file,

Having recently effected a settlement with the Auditing Board of this city of the bills for water used in flushing sewers during the months Aug, Sept, Oct, Nov. & Dec. 1889 on the basis of 300 gallons per tank per day, which however was much less than was shown on our bills as rendered, which bills we still claim were correct, and as we have bought and thoroughly tested water suitable for use in such cases, and have connected them with the pipes supplying these flush tanks, and are thus in a position to sell you water through meters, as the ordinance supposes we should do, we must insist upon the approval of our meter bills as rendered for months of Jan'y Feb'y & March as 300 gallons per tank per day is not satisfactory to us, we know our meters are correct, and are ready to test them, at any time you desire to see them tested, and when they indicate such gross excesses, we are convinced that the basis on which past settlements have been made is unjust to us, and we must refuse to make future settlements upon that basis, and we therefore hope you may concur in allowing these and all future bills as rendered by meter, we would further ask that you be kind enough to act upon these bills at your earliest convenience as we wish to know what you are going to do with these bills, and what your course will be in the future.

San Diego May 18th 1891

To the Honorable Commissioners of the Board of Public Works
of the City of San Diego
Gentlemen;

Two actions are pending in the
Superior Court of San Diego County, in each of which A. Klauber
and others are plaintiffs against the City of San Diego, and others
defendants, the objects of which actions is to determine that the
plaintiffs are the owners of a strip of tide land beginning at
or near the south east corner of the Pueblo of San Diego,
and extending thence around the water front of the City
to a point north of "D" street opposite Middletown.

It is of moment in the case to show the character of the
lands included in the demand of the plaintiffs, and to which they
assert title. For this purpose it is essential that a
survey of the land in question should be made, and we
respectfully request that the City Engineer be directed to
make a survey of the lands claimed by the plaintiffs
forthwith. Mr Shaw informs us, that he is ready to proceed
with such survey when directed by your Honorable body.

Yours truly

Adjourned Meeting.

Pursuant to adjournment the Board Met, Commissioners Sterns and Rood being present.

A Communication from the San Diego Guyanaca and Eastern Railway Company asking for permission to construct a platform in 10th street, south of "N" street, near their depot and accompanied by a map showing the location of said platform was read and ordered filed, and thereupon the following preamble and Resolution was adopted by unanimous vote.

Whereas the San Diego and Guyanaca and Eastern Railway Company having made application to this Board for permission to construct a platform across 10th street south of "N" street as set forth in their communication of July 15th 1892, and whereas it appears by a Map accompanying said communication that said Railway Company owns and controls all the abutting property on ~~the~~ 10th street, south of "N" and that portion of 10th street south of "N", can in no manner afford any convenience to the public, except in ~~the~~ connection with the business of said Railway Company, therefore be it,

Resolved that the request of the San Diego Guyanaca and Eastern Railway Company be granted conditioned however that said Railway Company shall remove said platform and reopen said street, at any time when ordered to do so by the Board of Public Works or the Common Council of the city of San Diego.
