Adjourned Meeting.

The Board met pursuant to adjournment. Commissioners Rood and Stevens being present, Commissioner Goerig absent.

The minutes of the previous meeting were read and approved.

The following communication from the City attorney was read and ordered Spread on the minutes.

To the Board of Public Works.
of the City of San Diego.
Gentlemen.

In answer to your communication of the 26th inst transmitting to me a communication from the Mayor, in which you are directed by his Honor the Mayor to at once dispence with the services of the superintendent of Sewers, and request for an opinion as to how far the power of the Mayor should control in filling offices which the Charter authorizes you to appoint - I have to say that the Charter provides, that the Board of Public Works, may appoint a Superintendent of Sewers, whos duty it shall be to see that all ordinances passed by the Common Council, and all rules and regulations established by the Board of Public Works relating to sewers are rigidly enforced.

The Superintendent of Sewers is not a Deputy, Clerk or employee, but an officer of the city, who holds his office during the pleasure of the Board. The Board of Public Works is given the sole power to appoint the Superintendent

of Sewrs. The powr to appoint to office or place, when time and tiners are not defined necessarily carriep with it the powr of removal; but in the case of the Superintendent of Sewrs the charter gips the Board the powr to remov at pleasurs.

Therfor, if the services of the Superintendent of Sewrs are not needed in the proper care and management of the Sewr system of the city, the Board of Public Works alone has the powr to remov the Superintendent.

The Mayor is the chief executiv Officer of the city; he is the officer in whom resides the powr to execute the laws governing the city; he is a creature of the Charter, governed by its provisins and vested with only such powrs given him by law.

The Charter provides "That the mayor shall appoint all officirs whose election or appointment is not otherwise specially provided for in this Charter or by law. He shall have powr to remov for cause any person holding Office by his nomination or appointment &c."

It will be observed from an examination of the section above quoted, that the mayors powr to remov officirs is limited to persons holding Offices by his nomination or appointment, and then only "for cause". The question therfor arises in considering the powr of removal of officirs appointed by the Mayor - what constitutes a legal cause for removal; when a statute like the charter gips the Mayor the powr to remov an officir only for cause.

This implies that "the cause" is to be some delinction or general neglect of duty, or incompetency to perform the duties, or some delinquency affecting his general character, and his fitness for Office. The cause assigned should be personal to the officer, and imply an unfitness for the office such cause being unexplained by the accused, the removal may be made. An explanation of any such charge would consist either of excusing any delinquency, or apparent neglect or incapacity - that is explaining the unfavorable appearancep or disproving the charges. That some other man is a better man than the accused or more congenial to the appointing or removing powr, is held to be not a cause which the incumbent can explain, nor is it a cause for removal within the meaning of the charter. In all cases of removal for cause the accused is entitled to specifications

of the charges made against him, he has a right to be heard in his defense, to produce evidence, and to be represented by counsel. In order to warrant the removal of any officer by the Mayor for Cause the evidence must be such as would justify a court in the removal of such officer. I therefore conclude that the Mayor has no power to order the dismissal of the Superintendent of Sewers: his communication to you should be considered as a recommendation to economize in all departments of the Board of Public Works, and if the services of the Superintendent are not needed you have the power to remove him. As a recommendation to economize it is entitled to much consideration from all lovers of economical management of public affairs.

On motion the following communication was ordered transmitted to his Hon the Mayor, by the following Vote to wit, ayes Commissioners Rood and Stevens, absent Commissioner Young,

Honorable W.A. Carlson
Mayor
City of San Diego

Dear Sir,

The Board submitted to the City attorney for his opinion, your order of the 22nd inst. directing the discharge of the Superintendent of Sewers,

His Opinion transmitted to this office clearly defines our duties in the premises, limiting the power of discharging the Superintendent to this Board,

After giving your order careful consideration we come to the conclusion that Mr Goldthwaites Services can not in the citys interest be dispensed with at this time,

In regard the Sewers and their proper management, of the utmost importance, and do not think it wise to hazard their efficient work, by discharging at this time a thoroughly competent man, who has our entire confidence, and that of the citizens of San Diego. He earns Every dollar he receives in Salary and the money paid him is well expended,

We desire to Co-operate with you in any move you may suggest in the way of economy in City government

This is the policy this Board has pursued during the past two years.

Office of the City Engineer
San Diego California Sept 7th 1893

To the Hon. Board of Public Works

Gentlemen,

In view of the proposed survey of the City Lands, I wish to respectfully state that it will be impossible to attend to the survey personally, and to the other duties of my office, also.

I therefore pray you for authority to employ an assistant Engineer and three helpers to do this work.

It will be economy to establish a Camp in the field, as the distance from the City is so great that it will consume the greater part of each day in going and coming. The expence to the City will be about as follows:

Assistant Engineer per month	$100.00
2 Chainmen @ $50.00	$100.00
Team hire	70.00
Incidentals (Note Books stakes &c	20.00
Cook	40.00
	$280.00

A Camping outfit will be required, which can be rented no doubt for a nominal sum.

Yours Respt
Edwin M. Capps City Engineer

The following Communication from the City Engineer was read and on motion the Secretary instructed to prepare and ordinance and submit it to the Common Council in accordance therewith.

Office of the City Engineer.
San Diego Cal Sept 7th 1893

To the Honorable Board of Public Works.

Gentlemen!

As the present fees for work in this office are very indefinite, and very unsatisfactory

both to myself and the public, for the reason I can not fix a price on work until after it is Completed therefore I can not state a price and collect this advance,

I would respectfully recommend the following rates for any part of the City as an average price.

One and two adjoining lots surveyed at the same time	$5.00
Each additional adjoining " " " " " "	.25
One Grade Stake for public improvement	$2.00
Each additional grade stake set at the same time	.25
All other work public or private per day	$10.00
Minimum price charged, not less than for ½ day	5.00

Yours Respt.

Regular Meeting.

The Board met in regular session Commissioners Stevens, Wadham, & Rood being present.

The reading of the "Minutes" of the previous meeting was suspended.

The following communication from the "Mayor" was received & ordered to be placed on file,

Mayor's Office.

San Diego Cal. Feby 9th 1894
4. P. M.

To the Hon: Board of Public Works
of the City of San Diego.

Gentlemen, —

Your attention is respectfully called to my Messages to the Common Council dated Feby 5th and 8th, relative to the Board of Public Works expending City money in building a road on the privat land of A. G. Gassen in Rose Canyon, and as you have not suspended the said work but are still having the large Street force of the City continued at work on the said private land, without authority of law and being against the best interests of the community, therefore I. William. H. Carlson as Mayor of the City of San Diego, by powers vested in me, as the Chief Executive of this City do hereby order you to immediately (within 24 hours) stop expending City money in building said road on private land.

Respectfully
W. H. Carlson
Mayor of the City of San Diego.

A communication was also received from T. J. Dowell Tax Collector asking that two men be detailed from the Street force to write up certificates of sale

The communication after being read, was ordered to be placed on file.

The following report from the Joint Street Committee was read and ordered to be placed on file.

To the Common Council of the City of San Diego.

Gentlemen:—

Your Joint Street Committee to whom was referred the matter of investigation of the building of the Rose Cañon road recommend that the contract between Mr Gassen and the City be amended giving the City two years in which to complete the said road. We also recommend that said road-way be reduced in width from 20 to 14 feet. We also recommend that the Board of Public Works be instructed to at once put a sufficient force of men to work on Main Street with the necessary teams to work to advantage, and put said road through to the National City line according to the Stakes as already set by the City Engineer.

Respectfully submitted

Board of Public Works.
San Diego Cal
Gentlemen.

Your favor of the 10th inst. is at hand enclosing Resolution No 439, and in reply to the same would say, that our bid for the current year, contemplated the light of the City with the lights as at present located. We find that the minimum of cost will be about $250.00 for removing the tower from its present location to 26th and Franklin Avenue, besides additional expenditure for material to build the new line in case the tower is to be lighted at the old location until the lines is run to the new place. We do not find any provision for meeting this expense, and suggest to your board that such provision be made as soon as possible.

Very truly yours,
San Diego Gas and Electric Light Co

The following Joint Resolutions was read and ordered placed on file.

Joint Resolution No 449.

Be it Resolved by the Common Council of the City of San Diego as follows:

That permission be and it is hereby granted to S. E. Kinn to Grade 8th Street infront of lots 7, 8, and 9 in block 9 Cauthens addition, to the outer line, and to the Official grade thereof in accordance with Specifications therefor.

Joint Resolution No 450.

Be it Resolved by the Common Council of the City of San Diego as follows;

That the Board of Public Works be, and are hereby instructed to remove and repair all that portion of fence or obstruction on sidewalk same being in Violation of ordinances of the City, said obstructions being on lots G. & K. Block 39, Hortons addition to the City of San Diego the expense of said work to be charged against the owner or owners of said described property.

Joint Resolution No 451.

Whereas the Tax Levy for 1894 embraces the appropriating the necessary funds for the providing, and erection of two drinking Fountains, one on the Plaza and one on 5th Street near "K" Street as authorized by Joint Resolution of March 19 1894, Now therefore

Be it Resolved by the Common Council of the City of San Diego California.

That the Board of Public Works is hereby directed to have said Drinking Fountains erected as soon as possible at such points on said Plaza, and one on 5th Street as said Board may deem most advantageous to the general public at a cost for both Fountains not to exceed ($81.111) Eighty one Dollars, that being the sum named in the Tax Levy for such purposes, also;

One watering Trough to be placed at a point where the Board of Public Works think best.

I hereby certify that the indebtedness incurred by the passage of the above resolution will not violate any of the provisions of the Charter.

San Diego Cal Oct 25th 1894

The Hon. Board of Public Works
City of San Diego

Gentlemen,

I have the honor to acknowledge reciept of Verbal Communication from your secretary, to at once remove the Arches erected in honor of the "Cabrillo Celebration" from the Streets. I am sorry that it has become necessary for you to serve this notice upon me, and it would not have been necessary if the Committee had the means at their disposal to have the work done, as still owe Mr. Palmer, who erected the Arches for us, and he says that it is impossible to remove them until the balance which is coming to him be paid. So that he can employ the necessary help for their removal, and as I stated before, the Committee has not the funds to pay him. I would kindly ask if you cannot have the work done for us, and in that way aid the good cause. as I feel sure that the Celebration was a great benefit to the city at large.

I would state that Mr Palmer was to receive $20.00 for removing each arch.

Respectfully yours

The following report of the Harbor & Wharf Committee of the Common Council was read

and ordered placed on file; [illegible]

San Diego Cal Jany 2nd 1895

To the Board of Delegates of the City of San Diego California,

Gentlemen,

Your Committee on Harbor and Wharf to whom was referred the matter of investigating the proposed dumping of Garbage at the foot of Beech Street, report, that we are told by the Harbor Commissioners that Mr. Harris has been given verbal permission to construct a small wharf off Beech street for landing therefrom Small Boats and Scows, that no mention was made of garbage, and that said Harbor Commissioners will not consent to allow garbage to be dumped from said street. We therefore recommend that the Board of Public Works be instructed to cancel the contract with said Harris. We further recommend that in order to settle this vexed question, that this matter be referred to the Committees Harbor and Wharf from each Board and the Board of Public Works, to act in conjunction with the Harbor Commissioners for the purpose of selecting a site for a permanent garbage Wharf, and to recommend such site to the common Council for final action.

Chas H Pauley
H. L. Barlows

Said report has endorsed thereon adopted by Delegates January 2nd 1895. Concurred in by Aldermen 1/2/1895

Thereupon the following preamble and Resolution was adopted by the following vote towit: ayes Commissioners Judson Stevens and Reed.

Whereas the Board of Public Works on the 27th day of December 1894 awarded a Contract to J.E. Harris for Sailing and the care of the Garbage scow for a period of 1 year beginning January 1st 1895.

and

Whereas said J. E. Harris represented to this Board that he had a permit from the Harbor Commissioners of this City to Erect and maintain a wharf at the foot of Beech Street for the purpose of receiving the citys Garbage, and,

Whereas it appeals to this Board from the statement of Mr Harris made to the Board, and also from the Harbor Commissioners that he had obtained no permission, nor can he obtain permission from said Harbor Commissioners to maintain a wharf for the purpose of receiving Garbage at said point, Now therefore be it,

Resolved that the action of this Board of Dec 27th 1894 in awarding the Contract to said J. E. Harris for the sailing and care of the Garbage Scow, be and the same is hereby rescinded and annulled.

The Board met in regular session, Commissioners Julian and Reed being present. The minutes of the previous meeting were read and approved.

The following Communication from the City Clerk was read and ordered placed on file,

Hon Board of Public Works
City of San Diego, California

Gentlemen:-

You are herewith ~~respectfully~~ notified that upon the recommendation of the Auditing Committee of this City, the Common Council of this City at its meeting held January 14th 1895 authorized and instructed, that your Honorable Board, advertise for bids, and receive proposals for supplying the City with Drugs and Medicines, upon order of the Health officer and City Physician, during the Current Fiscal year.

Respectfully
Geo. D. Goldman
City Clerk.

Dated San Diego California
January 16th 1895.

The following communication, and report of the Joint Finance Committee of the Common Council was read and ordered placed on file:-

Hon Board of Public Works,
City of San Diego Cal,
Gentlemen,

You are herewith respectfully notified of the adoption, by the Common Council of this City of the report of the Finance Committee in re J. E. Harris Contract for hauling the Garbage as follows towit:

San Diego Cal Jany 11th 1895

To the Honorable
The Common Council
City of San Diego

Gentlemen:

We your Finance Committee to whom was referred the communication and bills of J. E. Harris for material used in constructing a wharf at the foot of Beech Street for the purpose of handling garbage, and asking that he be paid $300.00 for the same, for the reason that his contract with the city for handling garbage at that point had been cancelled, report as follows:

We have investigated the matter carefully and find, that some misunderstanding on part of both parties has brought about this unfortunate state of affairs and as a matter of justice we recommend, That in consideration of Mr Harris turning over to the city all loose lumber, included in the city Engineers estimate of wharf, also, Lumber and Material used in the construction of said Wharf, together with his contract for handling garbage at that point, made between him and the Board of Public Works, that he be paid the Sum of Two hundred and Fifty ($250.00) Dollars.

Whereupon the following preamble and Resolution was adopted by the following vote to wit: ayes Commissioners Julian and Rood.

In the matter of the petition of Nellie Whittle and others asking for Trees to beautify the G. A.R. Plot of Mt. Hope Cemetery. Resolved that a requisition be furnished for the Number of Trees asked for.

Said Trees to be provided from the 300 Trees due the City from Miss M. O. Sessions.

On motion and by the following vote to wit: ayes Commissioners Julian and Rood the following Communication was ordered transmitted to the Common Council.

To the Common Council City of San Diego.

Gentlemen. Mr. Capron has made a request

to this Board that he be granted permission to remove a quantity of earth from 18th Street where the same intersects with "D" Street. There is a large surplus of earth at this point, by its removal a driveway would be provided so that persons living along 18th street could pass to "D".

This earth Mr Capron wants for the purpose of filling some allays on the north side of "D" Street between 13th and 14th Streets where water now accumulates, creating stagnant pools which are detrimental to public health. He recommend that Mr. Capron's request be granted, and that your honorable body pass the following Resolution.

Joint Resolution No

Be it Resolved by the Common Council of the City of San Diego as follows:

That the Board of Public Works be and it is hereby authorized to permit John G. Capron to take earth from 18th Street at or near the intersection of "D" Street, for the purpose of making fills on the north side of "D" Street between 13th and 14th Streets, not to exceed 1000 cubic yards.

Resolved that the proposal of James McClair (he being the lowest bidder) for furnishing all material and labor and to construct a Concrete Culvert or waterway across 5th Street at the intersection of "B" Street in accordance with the notice and plans and Specifications therefor on file in this office and to which reference is hereby made be and it is hereby accepted, and the Contract awarded to him, and that he be requested to enter into a written Contract and bond in accordance therewith and that all other bids be rejected, and that the checks accompanying the rejected bids be returned.

Mr. Phillips read the following letter.

Gentlemen,

I have been appointed by the Mayor a Commissioner of the Board of Public Works of the City of San Diego to fill the Vacancy caused by the death of C. H. Sterns, and to serve for the unexpired term of said C. H. Sterns. I have filed my bond in the proper account; it has been approved. I have taken the oath of office and duly qualified and I now take my seat and am ready for business. W. S. Phillips

11 Mayor Carlson addressed the Board and stated in answer to the desire of the President and Commissioner Julian to obtain legal knowledge on the matter of Mr Phillips taking his seat as a Commissioner of the Board of Public Works, that he the Mayor had called upon the City attorney and finding him out of town, he had consulted with of Supreme Court Commissioner Jas A Gibson relative to the procedure necessary to be followed by Mr Phillips in taking his seat and Judge Gibson had directed that Mr. Phillips appear before the Board and make the statement which he has made, and that upon his having done so, and having taken his seat, he became duly installed in office from which he could only be removed by due process of law, and not by the opinion of any City attorney or any other person expressing his opinion.

But no action was taken on the same.

The following written opinion from the City attorney was ~~offered~~ read and ordered spread upon the minutes.

San Diego Calif April 19th 1895

To the Honorable Board of Public Works
City of San Diego

Gentlemen.

In reply to your request for an opinion as to whether the appointment of W. S. Phillips by the Honorable Mayor as a member of the Board of Public Works, to fill the vacancy ~~in said Board~~ caused by the death of C. H. Sterns, should be confirmed by the Board of Delegates, I have to say;

That the authority for the appointment and organization of the Board of Public Works is found in article 5 of the City Charter, Statutes 1889, page 669, section 1 of that article provides that; "There shall be a Department of Public Works under

the management of three Commissioners, who shall constitute "Board of Public Works". The Commissioners shall be appointed by the Mayor from among the qualified electors of the City, Subject to the approval of the Board of Delegates. Their term of office shall be four years."

Thus it will be observed that under the provisions of the Charter which authorize the creation of a Board of Public Works, the Commissioners thereof must be appointed by the Executive, and confirmed, or approved by, that branch of the legislative branch of the City designated the Board of Delegates. In other words, the Charter requires that each member of the Board shall be appointed by the Mayor and approved by the Board of Delegates, that is, the action of two departments is necessary; viz. the appointment by the executive, and the approval by the Delegates to constitute a legal member of the Board.

It is contended by the Mayor that in as much as the vacancy to which Mr Phillips has been appointed was caused by the death of Mr. Stevens before his term of office expired, that therefore, under the provisions of section 7 of Article 10 of the City Charter the mayor possesses the power to fill the vacancy without action of the Board of Delegates.

Section 6 of Article 10 Supra, provides that "an office becomes vacant when the incumbent thereof dies, resigns, is adjudged insane, convicted of felony or of offence involving a violation of his official duties, or is removed from office, or ceases to be a resident of said City, or neglects to qualify within the time required by law. xxx.

Section 7 provides that "when a vacancy occurs in any office and provision is not otherwise made in the charter or by law for filling the same, the Mayor shall appoint a suitable person to fill such vacancy, who shall hold office for the remainder of the unexpired term xxx,

The provisions above quoted are found in what is denominated the miscellaneous provisions of the City Charter. Section 7 thereof is certainly couched in very broad terms, and standing alone, would undoubtedly give the Mayor power to appoint Mr. Phillips; but in

interpreting the Charter we must not pick out a single section, but must read and construe the whole instrument together and ascertain therefrom what was the intent of the lawmaking power. Section 7 is an important provision of the Charter, for there are certain offices created by it which if become vacant for any of the causes enumerated in section 6 Supra, need not be filled during the term of the incumbent. For instance the City Treasurer and Tax Collector is elected by the people; in the event of a vacancy in that office caused by the death of the incumbent, or otherwise, there is no provision in the Charter by which an election can be called to fill the same. Therefore section 7 applies, and the Mayor in that case would have the power to fill the vacancy by appointment. This is true in certain other offices created in the Charter for which there is no provision to fill the vacancy in the event of the death of the incumbent.

Now should not the provisions of section 7 be limited to that class of offices and none other? Why should not a member of the Board of Public Works appointed to fill the unexpired term of a member of that body be approved by the Board of Delegates the same as the member whose term he was appointed to fill was confirmed? The creating power of the Board of Public Works being vested in both branches of the City Government, I see no reason why it should in filling a vacancy in said office caused by the death of one of its members who was originally appointed by the Mayor and confirmed by the delegates.

It seems to me that this principle has been settled by the Supreme Court of this State. In People v. Freese, 76 Cal. 663, was a, quo warranto proceeding to oust the defendant from the office of Pilot Commissioner for the Port of San Francisco. The defendant Freese was nominated by Governor Bartlett and confirmed by the Senate in January 1887, and in February, duly qualified and entered upon the discharge of his duties as such officer. In September 1887 Governor Waterman who, in the meantime, succeeded Governor Bartlett, issued to E. H. Travis the relator a

commission appointing him to the office vice A. L. Frazer, whom he had removed. Pearce the new appointee of Governor Waterman, qualified, but the members of the Board of Commissioners refused to recognize him as Pilot Commissioner, or let him take possession of the office to which he had been appointed.

Section 368 of the Political Code provides the following executive officers are appointed by the Governor with the Consent of the Senate;

1- The Inspector of Gas meters, 2- Directors of Insane Asylums, 3- Pilot Commissioners.

Section 2442 of the Political Code provides that, "The Commissioners hold their office during the pleasure of the ~~appointing~~ power appointing them, not exceeding four years from the date of their Commission."

The Court at page 635 says: "Under Section 369 the Governor may remove a pilot commissioner at his pleasure but under Section 2442 such Commissioner can be removed only by joint act of the Governor and the Senate: for when an appointment is made by the chief executive, by and with the advice or Consent of the Senate, the former is not the appointing power."

In People v. Brazneau, 20 Cal, 504, the Court at page 507 says; "Vacancies in Offices, where the original power of appointment is vested in the Governor and Senate, are to be filled by the Governor during the recess of the Legislature, by granting Commissions which shall expire when the Governor and Senate shall make appointments to fill the office. The appointment of Brazneau being for a vacancy, was complete so far as the Governor was concerned, upon the delivery of the Commission. The Governor could not afterwards revoke the appointment, or by any act affect the right of the appointee to the office for the period prescribed by the Statute; that is, until the original appointing power- the Governor and Senate- should act and fill the office.

It will be observed from the cases above cited, that when the appointing power is vested in the Governor, subject to the approval or

confirmation of the Senate, that an Officer appointed by the Governor and confirmed by the Senate cannot be removed by the Governor without the consent of the Senate. In other words when the appointing power is vested in the Governor subject to the approval or confirmation of the Senate, it requires the action of both bodies to appoint the Officer and the action of both bodies to remove Such Officer.

The Board of Public Works for the City is created, as we have seen, by the provisions of article 5 of the City Charter, and it acquires its power from the provisions of said Article. The power to appoint Commissioners of the Board of Public Works is found in Section 1 of said article, and this power is vested in the Mayor and Board of Delegates; there is no recess in the Office of the Mayor and Board of Delegates - the appointing power - they are both under the law, a Continuous body for the purpose of all appointments vested in them by law.

I am therefore of the opinion that an appointment of any Officer to fill a vacancy caused by the death of an incumbent, whose appointment originally required confirmation, must be confirmed by the Board of Delegates.

Respectfully Submitted,
W. H. Fuller
City Attorney.

Thereupon the following Preamble and Resolution was adopted by the following vote to wit: ayes, Commissioners Julian and Rood.

Whereas, The City Attorney at the request of this Board has given his opinion that it is necessary that a commissioner of the Board of Public Works, appointed by the Mayor, should be approved by the Board of Delegates before the appointee can hold said office legally, therefore be it

Resolved that we deny the right of W. S. Phillips to participate in the proceedings of this Board at this time or at any future time until his appointment has first been

confirmed by the Board of Delegates.

Dear Sir;

In reply to your favor of the 9th inst. would say that we are giving the City more light than the moon schedule calls for, as shown by our Engineers record of lighting and extinguishing lamps, of our works. The new York lighting Table calls for 165½ hours lighting on the moon schedule during April, while our records show that we furnished 174 hours. We have always given the City full measure of light.

Very truly.

The following Communication from the Mayor with the opinion of the City attorney was read and ordered placed on file,,

Mayors Office

San Diego Cal May 23rd 1895

To the Honorable the Board of Public Works
of the City of San Diego,

Gentlemen.

I herewith transmit the written opinion of the City attorney, to the Effect that the Board of Public Works of this City cannot question or pass on the qualifications of its own members,

In conformity with same you will please at once rescind your Resolution of April 25th questioning the qualification of Commissioner W.S. Phillips, and accord to him all the privileges he is entitled to as such Commissioner without further delay, and you will please accord Commissioner Phillips such privileges and rights of his Office, until the Courts decide that he is not entitled to same,

Respectfully W.H. Carlson
mayor of the City of San Diego.

Office of City Attorney.

San Diego Cal May 18th 1895

To the Hon W.H. Carlson
Mayor of the City of San Diego.

Dear Sir:

This Office is in receipt of your Communication

of the 17th inst, in which you state that "Mr W. S. Phillips Commissioner of the Board of Public Works, who took his seat as such officer on April 18th 1895, informs me that the other two members of said Board have passed unfavorably on his qualifications as a member of said Board," and the ask the following question: "Please inform me by what right can commissioners of the Board of Public Works question the qualifications of their own members?"

In reply to the above inquiry permit me to say that it is not unusual for Charters of Cities to contain provisions to the effect that the Common Council or other governing body of the municipality shall be the Judge of the qualifications of its own members, and of those of the other Officers of the Corporation, and in such cases the Courts hold that the Council or other governing body has authority to pass upon the subject.

People vs Metzker, 47 Cal 524

But such authority may not be Exclusive.

People vs Bingham, 82 Cal 238

1 Dillon on Municipal Corporations Sec. 202, 205.

The Charter of the City of San Diego, however contains no such provision nor does it contain any provision authorizing the Commissioners of the Board of Public Works to Judge or pass upon the qualifications of their own members, nor is there any general law of this State which confers such authority upon such Commissioners; and this being true, I am of the opinion that the Commissioners of the Board of Public Works of this city, have no authority to Judge or pass upon the qualifications of their own members.

Respectfully Submitted

H. E. Doolittle

City Attorney.

Thereupon the following Resolution was adopted by the following vote to wit: ayes Commissioners Julian and Reed. Mr Phillips again asked to have his name called, and the Secretary was instructed to note the request in the minutes.

Resolved that in the matter of the opinion of the city attorney above referred to, this Board deems that it has undertaken to pass upon the qualifications of Mr. Phillips as Commissioner of this Board, but referred the matter to the City attorney for his opinion as to whether said Phillips was a legal member.

The opinion of the city attorney being to the effect that he was not a legal member of this Board without first being approved as such by the Board of Delegates, we denied said Phillips the right to participate in the proceedings of this Board, and we still adhere to our former action until such time as the former opinion of the City attorney be reversed.

A communication was received from Nat R. Titus, Secretary Auditing Committee, calling the attention of the Board to a pond of stagnant water near corner 5-½ and Grape Streets, and asking that the matter be investigated. The Communication was received and placed on file.

The following communication was received:

To the Board of Public Works
of the City of San Diego.

Sirs:-

The undersigned are the owners of a tract of land, containing about ten and one-sixth acres, situated within the limits of the tracts platted under the name of "Morena" and "First Addition to Morena," in the First Ward of the City of San Diego, and bounded on the North by N. street, and extending from said N. street southerly 1640 feet bounded Westerly by Fifth Avenue and Easterly by Sixth Avenue, being the same premises which were laid out as Blocks 89, 90, 91 and 92 on the map of "Morena" filed in the County Recorder's office of San Diego County on the 26th day of May 1888, and Block 3 on the map of "First Addition to Morena" filed in said County Rekorders office on the 27th day of March 1894, together with the streets and alleys dividing the same on said map of "Morena," which said streets and alleys were closed by order of the

Common Comcil of the city of San Diego made March 4th 1895-

The only means for obtaining water for said premises for either irrigation or domestic purposes are by tapping the main of the San Diego Water Company situated on the West side of First- Avenue, and laying pipe therefrom along O street to said premises-

The grade of said O street has not been established, nor has the grade of First, Second, Third, Fourth or Fifth Avenues, which cross said O street between said water main and said premises of the undersigned; neither is there any present or prospective occasion for establishing the grades of any of the same. First Avenue and Fifth Avenue are country roads; and O street and Second, Third and Fourth Avenues have never been traveled, and probably will not be for a long time to come, if ever. Said O street and Second, Third and Fourth Avenues are fenced up and annually devoted to the use of raising hay.

The undersigned therefore respectfully request that a permit be given them to lay water pipes ranging from one inch to four inches in diameter from the West side of First Avenue along and through O street to the East side of Fifth Avenue, all as laid out on said map of "Morena"; and that they be permitted to lay and maintain such pipes at such depth below the natural surface of the ground as they may see fit until such time as the grades of said street and avenues shall be established, or the Board of Public Works shall otherwise order-

Respectfully.

Regular Meeting.

The Board met in regular session with Commissioners Julian and Rood present.

Minutes of the previous meeting were read and amended to show the communication sent by this Board to the Common Council relative to the sprinkling of the Old Town and Rose Cañon roads, which is as follows:-

"To the Hon. Common Council of the City of San Diego.

Gentlemen:- Referring to your order relating to the sprinkling of the Old Town and Rose Cañon roads, (one time), we desire to call your attention to the great expense to the City which this work will entail.

The nearest accessible hydrant on the Old Town road is at Fir and India Streets.

We are directed to sprinkle the Old Town road which we may consider terminates at the iron bridge at Old Town. This distance from Fir St. is approximately three miles. We doubt if the five sprinkling carts owned by the City could cover this distance in one day and a great portion of the street would be in no better condition on the following day than when the work was commenced.

We would recommend that your Honorable Body reconsider your action in this matter and that this Board be directed to sprinkle that portion of India St. now graded from time to time as our judgement may direct and that straw manure be used to overcome the dust on the balance of the road in its worst places.

In reference to the Rose Cañon road there is no water accessible nearer than the main at Pacific Beach Driving Park unless it can be developed somewhere in large quantities in the Cañon.

Our opinion is that the outlay is much too great to justify, - that the benefit will not

be commensurate with the expense.

Respectfully submitted.

The following communication was read and placed on file:—

San Diego, Cal. July 25th 1895.

"Hon. Board of Public Works

The following communication was ordered transmitted to the Common Council.

San Diego Cal Aug 15th 1895

To the Common Council
City of San Diego
Gentlemen:

In reference to the papers in Claim for $628.00 for the Sewer Constructed in 2nd Street between Juniper and Maple Streets, referred to the Board of Public Works by the auditing Committee for investigation, This Board has to say, that by consulting the records of this office we find that on January 31st 1891 the Board of Public Works recommended that the bill for the Constructing said Sewer be paid. We also find that in furnishing the Auditor with estimates of the probable necessities for tax levy for the years 1891 & 1892 recommended that a levy be made for the payment of said amount. As the City is now receiving the benefit of said Sewer, and permitting connections to be made this recommends that the City acquire said Sewer, and to allow

and pay said Claim.

In reply to Joint Resolution No 627 of the Common Council in reference to a line of poles in the City Park, the Secretary was instructed to send a communication to the council, stating that the Board recommended that the poles be allowed to remain.

In reference to the application of Mulroy & Son for permission to change a small building on Lot N½ of Block 87 Horton's addition to a shed, by taking out the ends & side and extending the roof, it was ordered that a permit be granted by the following vote towit: ayes Commissioners Davis Whitney and Julian.

Without nominations the Board proceeded to appoint a Superintendent of Streets. Said appointment to be by ballot which resulted as follows:

1st Ballot: F. Osborn received 1 vote R. L. Booz 1 vote & Fred Osborn 1 vote.

There being no choice another ballot was ordered.

2nd Ballot. R. L. Booz received 1 vote and Fred Osborn received two votes. Fred Osborn receiving a majority of all the votes cast, was declared duly appointed Superintendent of Streets of the City of San Diego.

In compliance with Joint Resolution No 628 of the Common Council, and upon the recommendation of Commissioner Julian, it was ordered that the sprinkling cart owned by C. C. Seaman be purchased at a cost of $50.00. Said cart to be

used for the Sprinkling of Streets at La Jolla, and to be kept in repair ~~without~~ Cost to the City.
by the following vote to wit; ayes Commissioners Davis Whitney and Julian. and to be returned in as good condition as when required, Natural wear & tear excepted.

It The matter of appointing a secretary, no nominations were made, and the Board proceeded to ballot which resulted as follows, F. H. Dickson received one vote. S. W. Belding one vote, and no vote, one vote, there not being a majority of all the votes cast for any one candidate, no further ballots were taken.

In the Matter of extending the 14th Street Sewer to the South line of the City Park, it was ordered that the following recommendations be made, by the following vote to wit; ayes Commissioners, Davis Whitney and Julian.

We recommend that the sewer in 14th Street be extended to the South line of the City Park with a 6 inch Sewer, That the Flush Tank on the South line of "A" Street be not changed, and that the Board of Education be required to construct a Flush Tank of sufficient Capacity to Flush said sewer at the extreme end of the sewer leading to the Russ school buildling at their expense.

The minutes of the previous meeting read and approved.

The Secy was instructed to transmit to the Honorable Common Council plans and specifications for Street Gutters furnished by the City Engr.

One of the plans with its specifications is for a Stone Street Gutter, while the other plan and its specification is for a bitumen street gutter.

The Board of Public Works recommend that your Honorable Body adopt the Stone Street Gutter as the official Street Gutter. Said gutter to be used on all graded streets and on all streets to be graded hereafter, excepting graded streets that are already guttered and excepting paved streets. All in accordance with the specifications submitted by the City Engr. and made a part hereof.

The Board believe the Stone Street Gutters to be the better of the two, as it is practicably indestructable. While the first cost is somewhat more expensive than that of the bitumen, yet they believe it is by far the cheaper in the long run. Therefore they recommend the adoption of the Stone Street Gutter for the official gutter.

To the Hon. Board of Public Works.

Gentlemen:-

Under provisions of Joint Resolution No. , of the Common Council, the City has called for deeds from the Tax Collector to property sold for delinquent tax of year 1893. As there were 13,000.- certificates issued to the city on such sale, a great many deeds will be required; the acknowledgement thereof by the Tax Collector before an officer authorized to take acknowledgements, if paid for at legal rate, would entail a great expense on the City. As I have a commission as Notary Public, I will take the acknowledgments of the

Tax Collector to such deeds and make no charge therefor, provided I am furnished by the city with a Notary Record (costing about $2.50) in which to record such acknowledgments.

Very Respectfully,

Resolved by the Board of Public Works of the City of San Diego, California, as follows:

Whereas, this Board heretofore, towit, on the 15th day of August, 1895, addressed a communication to the Common Council of said City, recommending to said Council the extention and improvement of the sewerage system

of said City by extending the sewer on 2nd Street from a point 25 feet south of the south line of Juniper Street to the south line of Laurel Street, and for the purpose of making such extension and improvement, recommended to said Common Council in said communication the purchase by said City of 725 feet of 6 inch sewer pipe, 60 feet of 6x4 Yj's, and material for 2 man holes and one flush tank; and the said Common Council having found and determined that prior to the receipt by it of said recommendation so addressed to it by this Board as aforesaid, there had been already laid and constructed in said 2nd Street between the points above mentioned by private individuals, at their own expense, under and by authority of such Common Council, 725 feet of 6 inch sewer pipe, 60 feet of 6x4 Yj's, 2 man holes and one flush tank, and that such sewer pipe and Yj's were so laid, and such man holes and flush tank so constructed as to constitute a proper and advantageous extention and improvement of the sewerage system of this City, did, by Ordinance No. 332. passed by an affirmative vote of two thirds of each board of said Common Council, and approved on the 4th day of October, 1895, authorize, empower and instruct this Board to purchase said 725 feet of 6 inch sewer pipe and said 60 feet of 6x4 yj's and the material used in the conotruction of said 2 man holes and flush tank as the same were laid and constructed in said Second Street from a point 25 feet south of the south line of Juniper Street to the South line of Laurel Street, at a price not exceeding $628.00; and to take from the private individuals who laid such pipe and conotructed such man holes and flush tank, a conveyance in writing of their right, title and interest in and to said sewer pipe, man holes and flush tank, as laid and constructed in said Second Street

And Whereas, Jerry Toles and Geo. Hannaho are the private individuals who at their own expense have under permission and authority of the said Common Council, laid and constructed in said Second Street from a point 25 feet south of the south line of Juniper Street to the South line of Laurel Street, said 725 feet of 6 inch sewer pipe, said 60 feet of 6x4 Yj's, and said man holes and flush tank; Now Therefore,

Be It Resolved that this Board purchase of and from said Jerry Toles and Geo. Hannaho for said City, said 725 feet of 6 inch sewer pipe and said 60 feet of 6x4 Yj's and the material used in the construction of the said 2 man holes and flush tank as the same are now laid and constructed in said Second

street from a point 25 feet south of the South line of Juniper Street to the South line of Laurel Street, that the said City pay to the said Jerry Doles and Geo. Hannahs, the sum of $628.00, in warrants of said City drawn upon the City Treasury on the Sewer fund thereof.

There being no further business the Board adjourned.

"San Diego, Calif., March 5th 1896.

To the Hon:- the Board of Public Works.
of the City of San Diego, California:
Gentlemen:-

At a meeting of Auditing Committee, the 4th inst., the Secretary was instructed to notify the Board of Public Works that all charges for labor on Pay Rolls and claims filed against the City, under jurisdiction of the Board of Public Works, have been allowed by the Auditing Committee to conform to rate per diem as fixed by the Hon. Common Council under provisions of Sec. 6. of Chapter 1. of Article 5, of the Charter, by Resolution limiting pay for men at $2.-

per day, and for men and teams at $4.00 per day each.

That if additional deputies or clerks are required for office work or compensation at a greater rate than so fixed by said Resolution is desired, authority should be obtained from the Common Council as provided in Sec. 14. of Article 10. of the Charter.

Respectfully Submitted,
Nat R. Titus,
Secy. Auditing Committee."

The following communication was addressed to the Mayor.

"San Diego, Cala. March 6th 1896.

To the Honorable Wm H. Carlson.
Mayor of the City of San Diego, State of California.

Dear Sir:-

Pursuant to Section 14 of Article 10 of the Charter of the City of San Diego, application is hereby made for the appointment of an Assistant Superintendent of Sewers for the City of San Diego, and also for the appointment of an office assistant for the Superintendent of Streets for the period of thirty days.

Board of Public Works, City of San Diego.
By. A. H. Julian,
President"

"San Diego, Cal. March 6th 1896.

To the Honorable Common Council,
of the City of San Diego, California.

Gentlemen:-

Pursuant to Section 6 of Chapter 1 of Article 5 of the Charter of the City of San Diego, we hereby respectfully request and recommend that the Salary of the Assistant Superintendent of Sewers of the City of San Diego be fixed at $60. Sixty Dollars per Month and that he be allowed that compensation from the 9th of January, 1896: That the salary of an office assistant for the Superintendent of Streets of the City of San Diego be fixed at the rate of Three Dollars ($3.00) per day and that the said office assistant for the Superintendent of Streets be allowed a Compensation at the rate of Three Dollars per day from the 1st day of February; and that the compensation to be paid to mechanics to be employed by the Board of Publics Works of the said City be fixed at Two Dollars and a half per day, Carpenters Two Dollars and a half per day, brick and stone masons Four Dollars per day, beginning with the 1st day of February.

It had become necessary in the past for the Board of

Public Works to employ mechanics, carpenters, brick and stone masons and other skilled workmen. The Charter of the said City in the section above cited empowers your Honorable Body to fix from time to time the salaries of all officers, assistants and employees of the Board of Public Works unless the same are fixed by the Charter, when recommended by said Board.

We would therefore ask that your Honorable Body fix the compensation we request as above stated.

All of which is respectfully submitted.

Board of Public Works.

Joint Resolution No. 796.

In the matter of the appeal of John Engelbret upon the Assessment in the matter of the grading of "F" Street from the West line of 10th Street to the West line of Atlantic Street in the City of San Diego.

Resolved by the Common Council of the City of San Diego as follows:

That the notice of the time and place of the hearing of said appeal briefly referring to the work contracted to be done and to the acts, proceedings and determinations objected to and complained of by said appellant and directed to all persons interested in the subject matter of said appeal has been duly published for five (5) days.

And this being the time to which it has been continued the hearing of said appeal under said notice and all persons desiring to be heard in said matter having been heard and the Council being fully advised;

Thereupon it is ordered, determined and decided by the Common Council that the assessment and diagram in said matter dated August 8th 1896, and recorded August 12th 1896, in the office of Superintendent of Streets, be amended so that no part of the cost of expenses of said work be assessed on any property below the mean high tide line of San Diego Bay.

And the Superintendent of Streets is hereby instructed and directed to correct the assessment and diagram aforesaid to conform to the said decision of the Common Council in relation thereto, and that he issue a new ~~warrant~~ with such corrected assessment and diagram to conform to the said decision.

I hereby certify that the above and foregoing Joint Resolution was adopted by the Board of Delegates of the City of San Diego California on the 28th day of September 1896, and by the Board of Aldermen of said City on the 29th day of September 1896.

The minutes of the previous meeting were read and approved.

T. W. Coates makes application and submits plans to make an improvement on Store Building on Lot B of Block 44 Hortons the same being known as the Gilbert Block and located on 5th St bet D. and E. Streets. The above permit was granted Davis, Whitney and Julian voting Aye.

Upon motion the Secy. was instructed to serve notice on Messrs. Bradley and Foster to at once have two fire escapes placed on the 4th St. Front of the Santa Fe and at least one on the ~~East~~ North & one on the South side of said building.

The Supt. of Streets was instructed to have Mr. Burnap remove the debris from the side-walk around his the Burnap Building located at the Corner of 3rd and D. Streets.

Upon Motion the following recommendation was sent to the Common Council. Viz:-

The Board of Public Works recommend that an Ordinance be passed embodying the following:-

Commencing January 1st 1897, a fee of $2.50 be charged for the issuance of each building permit for the erection of a new building within the limits of this City: and for all improvements less than $500.- a fee of ½ of 1% upon the amount the permit issued, as for instance a permit for improvements to the amount of $100.- a fee of 50¢ would be charged. Also that it require a building inspector to be appointed at a reasonable Salary said Salary to be fixed by your honorable body. It is well known that there are many buildings erected without the necessary permit. We have also been informed that there has been several two story buildings erected lately and using 1x3 for studding and only bracing on onside instead of crosswise. A reliable building inspector would obviate this.

We also recommend that a fee of $2.00 be charged for each sewer permit issued.

These fees would easily pay a reasonable Salary of a building inspector
