

Brown Field Control Tower Temporary Closure

March 22, 2016

Due to maintenance in the control tower, Brown Field air traffic control services will be unavailable continuously after the tower closes at 8:00 PM local on Monday, March 28 and will not resume until the tower opens at 8:00 AM local on Friday, April 1, 2016.

Non-towered operations will be in effect during this time period. Please utilize the CTAF frequency of 128.25.

For clearance delivery contact SOCAL Approach at 800-448-3724, or on frequency 125.15

Pilots are encouraged to check NOTAM's and listen carefully to ATIS prior to arrival during the closure period. If you have any questions, please contact Operations at (619) 424-0455
