## NEW STREETLIGHTS REPORT

Photo: Streetlight repairs by City  
Transportation staff.

City of San Diego Transportation crews have repaired 679 streetlights in District 2. The newly released "Streetlights Repair Report 2022" shows repairs by neighborhood and what the City is doing to improve response times to repair requests. The City is already working to improve the service response time by restructuring electrical maintenance crews by region, creating safety priority scores, has hired the 18 budgeted electricians needed, reducing the streetlight repair backlog as quickly as possible, and increasing salaries to recruit and retain qualified personnel. City staff maintains more than 65,000 streetlights. Currently, there are 5,390 streetlights that need repairs citywide. ## SAFE PARKING LOT OPENING

Photo: I was pleased to join Mayor Todd Gloria, County Supervisor Chair Nora Vargas, Jewish Family Services of San Diego, the Homeless Strategy and Solutions Department, and families at the opening of the Safe Parking Lot in Clairemont.

The Rose Canyon Safe Parking Lot in District 2 is now open to San Diego families who are experiencing homelessness and are living in their vehicles. We know that permanent housing is the solution to ending homelessness. This Safe Parking Lot in Clairemont offers social work, 24-hour security, meals, and help with job searches and resumes. I want to thank Mayor Todd Gloria, the City's Homelessness Strategies and Solutions team, and the Jewish Family Services of San Diego for their constant work in coordinating the Safe Parking Lot program.

## PURE WATER SAN DIEGO

My staff and I toured the Pure Water San Diego facility in Miramar and learned how it will provide high-quality purified drinking water to San Diego residents. The Pure Water Program will use proven water purification technology to clean recycled water to produce safe, high-quality drinking water. When completed, Phases 1 and 2 will provide up to 80 million gallons of water per day for San Diegans. As the planet warms, San Diegans need a reliable water source, and Pure Water San Diego will offer that when it's completed in 2035. ## ARBOR DAY

Photo: I joined Mayor Gloria and City staff for this year's Arbor Day Celebration.

Arbor Day is an important time to reflect on the importance of trees and how they help maintain healthy communities. I joined Mayor Gloria and City staff to plant trees in Mission Bay Park. By planting trees, we are helping to advance our Climate Action Plan benchmarks. We are increasing our tree canopies to help with cooling our neighborhoods. Trees also remove carbon dioxide from the air and produce oxygen. ## DENIM DAY

Photo: My staff and I wearing denim to support survivors of sexual assault.

April is Sexual Assault Awareness Month, and on April 26th, my staff and I recognized Denim Day. The Denim Day movement asks people worldwide to make a social statement by wearing jeans to protest victim blaming and the misconceptions surrounding sexual violence. The movement started 24 years ago.
