Street/Road Repairs and Upgrades

Infrastructure is a priority for me, Mayor Gloria, and the City Council.

City staff works daily, repairing and upgrading streets and roads throughout the city. One of those streets recently repaired is Limerick Avenue in Clairemont. I joined residents to speak about how the repairs and upgrades will change the quality of life for families and beautify the neighborhood. In an effort to continue to repair and upgrade streets and roads, Mayor Gloria allocated \$293 million to fund critical infrastructure projects for FY23. The street repairs are part

Above: I was able to speak with Clairemont neighbors about the road repairs on Limerick Avenue.

of the Mayor's "Sexy Streets" program, which includes 54 miles of streets and roads being repaired throughout the city. Here are some of the streets scheduled for repairs.

- West Point Loma Boulevard
- Lloyd Street
- Wing Street
- Kenyon Street
- Paseo Del Verano Norte
- Highland Valley Road
- Ruffin Road
- Bahama Cove

Additional funding is planned for the following projects in Council District 2:

- \$2.1 million to improve public access to the coast at Bermuda Avenue in Ocean Beach,
- \$10.3 million to install or upgrade streetlights, and
- \$4.8 million to repair sidewalks.

Repairs are expected to be complete by January 2024. For project information, follow the link: [Road/Street Repairs](#).

Above: I want to thank the city staff for their hard work in quickly making the road repairs in Clairemont.

Homelessness Solutions in District 2

Great things are accomplished when we work together, which is what has happened with the Rosecrans Shelter in the Midway District.

Last week, I joined Supervisor Nathan Fletcher, Mayor Todd Gloria, the Lucky Duck Foundation, and many others to mark the significant moment a few days before the shelter opened its doors on Monday, September 12, 2022.

The Rosecrans shelter will provide 150-beds, warm meals, showers, and wrap-around services to homeless individuals. The goal is

long-term housing so that more of our unhoused neighbors can get the help they need. It is unsafe and inhumane to leave our neighbors on the streets.

The partnership with the County, City, and non-profit organizations make the Rosecrans Shelter possible. I also want to thank the Shelter workers who will do the hard work in helping our unhoused neighbors.

To stay current on Mayor Gloria's Homelessness Strategies and Solutions, please follow the link: [Homelessness Solutions & Strategies](#).

STRO City-Run License Lottery

After years of inaction on short-term rentals in the City of San Diego, I worked closely with community members and residents to find a solution. That solution included capping the number of whole-home rentals to 1% (5,400) of the city's more than 540,000 housing units. Mission Beach has a long history of vacation rentals and therefore is limited to 30 percent of the community's total dwelling units, or about 1,100. The City Council approved the Short Term Rental Ordinance (STRO) this past May. Now, the city has just released its application process and important dates with the city-run lottery that will limit rental licenses to 6,500 for home vacation rentals in the City of San Diego. The application for Rental licenses will open on **Monday, October 03, 2022**, with the

Short Term Rental Regulations & Licensing

**Application Opens
October 3, 2022**

For more information on the STRO licenses application and timeline, visit the Office of the City Treasurer website by

application period for whole-home rentals closing on November 30, 2022. Under the new timetable, hosts who plan to rent their entire home for short-term stays more than 20 days out of the year will learn if they were chosen to get a license by December 16, 2022.

Rental hosts who use their homes as short-term rentals must have their licensing ready before May 01, 2023.

\$68.5 million in State Funding for the City of San Diego

New infrastructure projects are in store for District 2.

Thanks to our State Legislation Delegation, nearly a billion in state funding is headed to the San Diego region including \$68.5 million for the City of San Diego, and \$9.5 million for District 2 projects.

Thank you to our State legislators for securing state funding that will significantly benefit San Diegans.

Senate President pro Tem Atkins and Assemblymember Ward helped secure the \$9.5 million for District 2 projects, which include:

- \$2 million for repairs to the South Clairemont Community Center,
- \$3 million for upgrades to the Olive Grove Community Park in Clairemont, and
- \$4.5 for the Ocean Beach Library Expansion.

The FY 2023 state funding will help improve San Diego's infrastructure and give San Diegan's a better quality of life for years to come. For more information on the State Funding for San Diego, click on [State Funding for San Diego](#)

Senator President pro Tem Toni Atkins spoke during a Press Conference at the Oak Park Library.

Mayor Gloria spoke about \$68.5 million dollars in state funding coming to the City of San Diego, including \$9.5

Roe v. Wade Council Resolution

I am proud to have recently led a Council Resolution supporting the My Body, My Data Act. It's a show of solidarity with city, county, and federal agencies post-Roe v. Wade and a way to protect people's reproductive and sexual rights.

I want to thank Representative Sara Jacobs for sponsoring this critical legislation in Congress this past June and my Council colleague Marni von Wilpert for co-leading the Council's Resolution.

The My Body, My Data Act will protect a person's personal data while they utilize online services such as:

- apps,
- websites, and
- search engines about their reproductive or sexual health.

Currently, the privacy of one's medical information is collected through apps people use to track their menstrual cycles. This data can potentially be used to incriminate people who miss a period but are not pregnant. Some states have already passed laws that will accuse these people of being pregnant and having an abortion and arrest them on murder charges.

Billie Jean King in Point Loma

Pictured above: Billie Jean King, Valerie Glozman, Eleana Yu, Rosie Casals, and Jack McGroty.

Billie Jean King and I at the Barnes Tennis Center.

The Barnes Tennis Center in Point Loma hosted the Billie Jean King Girls' 16 and 18 National Tournament this summer!

Great American Tennis player Billie Jean King, Jack McGrory, Bill Kellog, Hall of Famer Susie, and many others were on hand to congratulate Eleana Yu and Valerie Glozman. More than 400 of the top junior tennis players in the country, aged 16 and 18 and under, competed for the title of National Champion.
