Kevin Faulconer
Mayor

It's not every day I get to write to every resident, so **I want to take this opportunity to thank you** for giving me the chance to serve our city. We've accomplished so much in the two years since you elected me.

City finances are back on track. **Without raising your taxes, we've prioritized hiring public safety officers, kept library and recreation centers open longer, fixed tens-of-thousands of potholes and doubled the miles of streets repaired.** I'm committed to finishing the job of restoring neighborhood services.

Two years ago I pledged to bring our city together – to build One San Diego. **I've worked hard to be inclusive of all our communities**, and I made it a priority to improve services in neglected neighborhoods.

We've overcome tough challenges and there's a lot more work to do. **Continuing pension reform, attracting more good-paying jobs, and improving streets and neighborhood infrastructure remain my top priorities.**

I very much enjoy working for you. I get up every morning thinking I've got the best job in the world, in the best city. **I'd be honored to continue serving as your mayor and would appreciate your vote.**

ED HARRIS
San Diego Lifeguard Sergeant

I will never put political gamesmanship and pursuit of higher office ahead of solving real problems and doing the job to which I am elected.

During my service in the United States Marine Corps, I learned to focus on teamwork and self-sacrifice to achieve our goals. I carried those values to my own small business, to my service as a San Diego Lifeguard and as a City Councilmember for the 2nd District. I will bring that same approach to being Mayor.

- I will address understaffing of public safety personnel, which has resulted in an increased crime rate, delayed 9-1-1 response, and continued loss of trained public safety personnel.
- I will restore cutbacks in Fleet Services, which have resulted in much of the City vehicle fleet being out of commission.
- I oppose subsidizing a football stadium when basic neighborhood infrastructure is being neglected, and the City's only response to this neglect is a budget shell game.

As Mayor, I will restore quality City services, protect our neighborhoods and coastline, support a livable minimum wage and bring good-paying jobs to our City.

My wife Kate, our two children and I reside in Point Loma.

Lori Saldaña

Thanks for reading this!

As a **native San Diegan** and **daughter of a career Marine** I'm **dedicated to my hometown**. That's why I'm running for mayor.

I've solved tough problems as a **teacher**, state **legislator** and **presidential appointee**.

I've managed federal grants, created **workforce development** programs, **protected beaches** from pollution, and provided funding for **veterans' education, healthcare and affordable housing throughout California**.

I promise to continue this work, **serve my full term**, and focus on being a great Mayor.

I'm an **independent candidate**. I'm not beholden to anyone.

In Sacramento, **I authored legislation to create good paying jobs, protect the environment**, reduce greenhouse gasses, lower energy costs, and **make it illegal to openly carry guns in parks and beaches**. The past governor supported them - he knew they made sense regardless of party.

I believe state and federal agencies must cooperate and provide financial support to help San Diego **invest wisely in water, streets, and transit**.

I am **committed** to a prosperous future for our region.

I support the Citizens Initiative, to expand the **Convention Center**, construct a **downtown sports complex**, and **protect Mission Valley**.

Voting for **Lori Saldaña** is voting for **ALL San Diegans**.

I welcome your support!

DARK PROJECTS

We need to get a handle on SURPRISE projects. Have City Planning Groups reach out to all residents and publish detailed descriptions on active and upcoming projects.

ENVIRONMENT

Heavy traffic and idling cars makes building the Regents Road Bridge the environmentally correct option. Not building the bridge increases the carbon load as cars sit in traffic waiting. The bridge would offer a bicycle and pedestrian friendly path moving people out of their cars. Parking access to Rose Canyon could be added at either end of the bridge span, increasing access to this valuable green belt.

NEW FIRE STATIONS

Locating New Fire Stations in the center of the community provides better coverage and allows for fewer stations. This saves lives and taxpayer dollars.

MINIMUM WAGE

I support an increase in the minimum wage. Index all future increases for January first of each year, tie to CPI or other accepted measure.

MASS TRANSIT

Adding lanes to an existing highway is not the only solution. We should continue to expand public transit, complete and maintain roads, seek funding from other government sources and interlink all transit assets.

NEW STADIUM

No taxpayer dollars.

MARK KERSEY

As your councilman, my top priorities are investing in our city's infrastructure, keeping the public safe, and ensuring a reliable water supply.

INFRASTRUCTURE: As Chairman of the Council's Infrastructure Committee, I've worked tirelessly to improve our neighborhoods - resurfacing streets and sidewalks, rebuilding fire stations and libraries, and improving parks. Under my leadership, the city adopted its first-ever comprehensive infrastructure investment strategy and passed reforms to accelerate neighborhood infrastructure projects, saving millions of taxpayer dollars. We are resurfacing 300+ miles of city roads this year and 1,000 miles over the next 5 years.

I authored the RebuildSD measure, which will invest \$3-4 billion in the city's infrastructure over the next 25 years, *without* raising taxes.

PUBLIC SAFETY: I support investing more resources to attract and retain good public safety officers, and led the effort to equip all patrol cars in my district with life-saving AEDs. As a vocal advocate for fire protection, I pushed for more brush management resources and coordinated closely with firefighters during the Bernardo Fire.

WATER: I support investing in new water sources such as desalination and PureWater, and have advocated for accelerated replacement of outdated water mains.

I would greatly appreciate your vote.

Frank Tsimboukakis.
Raise your expectations.
This election cycle you have the opportunity to take action by electing someone who has the skills, knowledge, ethics, cares, and will work for you.
As I go around Our communities, all I hear is complaints, about the streets condition, higher water fees, public safety shortages, growing traffic, and developer takeover of our communities.
I entered this race while trying to stop the Scripps Ranch School lease.
I plan to stop it, roll back some water fees, increase public safety and fire protection in Our district, stop the Rancho Penasquitos antenna installation at the park, and Fix the streets.
I oppose using any taxpayer funds for a private stadium, I have a better infrastructure upgrade plan, and support the minimum wage increase initiative.
A 1984 UC Berkeley graduate, with an MBA from National University, I worked 35 years in the private sector. I've been married for 30 years, live in Scripps Ranch, and our two sons attended Scripps Ranch Schools. Many of our friends and family live and work in this district as well.
Let's make Our district and this City the Finest again, with fresh ideas and actions.

For too long politics in San Diego has been about the special interests of developers, SANDAG, and SDG&E, and not about us, the hard-working citizens who love this city and want to see the best for our families and community. We can do better. We have a vision for a city where no person with a full time job has to struggle to make ends meet. We have a vision where San Diego leads the country in installing rooftop solar power, sustainable infrastructure, and community owned utilities. We have a vision for a balanced budget, with large corporations paying their fair share so workers and small businesses can innovate and thrive.

I am Jose Caballero, and I am running for San Diego City Council to turn that vision into reality. I served in the U.S. Navy, graduated from SDSU, and ran School Board Trustee Kevin Beiser's campaign. I will never put party politics before the community's needs. I listen to YOU, and YOU have said we need to fix our infrastructure, green our city, and end political corruption. I am Jose Caballero, and I am proud to be a veteran fighting for you.

Invest in Communities. Our District's streets, sidewalks, community centers, police and fire stations desperately need repair. Justin will make sure your tax dollars are spent wisely, rather than on handouts for billion dollar stadiums.

Keep our Neighborhoods Safe by recruiting and retaining the highest-quality public safety professionals, and giving them the resources needed to curb homelessness and improve 9-1-1 response times.

Build our Local Economy. Justin will bring well-paying jobs to San Diego by eliminating the bureaucratic red tape that prevents companies from locating, expanding and thriving here. He supports raising the minimum wage so hardworking families needed to support our local economy can afford to live here.

Transparent Government. Justin will move the decision-making process out of the backrooms and encourage community involvement by consulting with neighborhoods on issues that impact them.

Justin is a local businessman and father of two children. He served our country in the Navy for eight years and was President of the Tierrasanta Community Council and Planning Group.

A vote for Justin is a vote to bring strong vision and leadership to District 7.

Four years ago, Scott Sherman was running his family’s small business. He was not politically active but he was concerned about the future of our city. Since taking office, Scott has put his small business common sense to work to continue to reform City Hall and reinvest in public safety, our roads, parks, and libraries.

Infrastructure Scott worked closely with Mayor Faulconer to plan and implement repaving 1,000 miles of streets in the next 5 years.

Cutting Red-Tape Scott reformed the permitting process for schools and is working to make the City more transparent, easier to navigate, and more accountable to San Diegans.

Neighborhood Services Scott will continue to devote more money to police retention, increasing library and park hours, and restoring other community services.

Business Friendly As Chair of Audit Committee, Scott plans to identify more efficiencies to improve how businesses work with the City.
