“San Diego failed to fix a broken sidewalk, exposed bolts; now a teen is prepared to sue after serious injuries”

Dec. 28, 2022

Questions

We are working on a story to air Wednesday at 6 pm on a legal claim involving Jacob Gibb who was injured by a bolt sticking out from a City of San Diego guardrail post on Mission Gorge Road.

Would the City Attorney have a comment for our story?

Response:

Per City policy, the City’s Risk Management Department will conduct an investigation of any claim before rejecting or attempting to settle the claim.
