The City of
SAN DIEGO

PLAY EVERYWHERE

The City of San Diego is planning for a citywide interconnected park system with more opportunities for everyone to get outside and play. The City seeks to expand recreating facilities beyond traditional parks. This creates more options for play, exercise and social connections in our city.

An interconnected parks system requires prioritized funding for current and future facilities, programs and services. These priorities are linked to changes in housing development, infrastructure and mobility in an equitable way that is fiscally and environmentally sound.

Play Everywhere serves as a long-term roadmap for planning for investment to create more recreational opportunities that are enjoyable and easily accessible by everyone.

COMPLETE COMMUNITIES PLAY EVERYWHERE

The master planning process enables the City of San Diego to assess the City's recreation needs and interests. It enables decision makers to prioritize resource allocations to new and improved facilities, programs, and services in a comprehensive and coordinated manner.

PARKS MASTER PLAN TIMELINE

Learning Existing Conditions

(Fall 2017 - Summer 2018)

Exploring Needs and Priorities

(Fall 2018 - Winter 2019)

Envisioning Long-Range Park Planning

(Spring 2019 - Fall 2019)

Parks Master Plan Adoption

(Winter 2019 - Fall 2020)

WHAT IS PROPOSED

A CITYWIDE INTERCONNECTED PARK SYSTEM that fosters social interactions and play, and provides urban respite, enjoyable transportation options and an increased urban tree canopy cover.

AN EQUITABLE PARKS SYSTEM that prioritizes investments in areas of need.

A PLAN THAT SERVES AS A GUIDE for continued improvements and expansion resulting in a high quality, citywide system of parks, recreation facilities/programs, trails and open space that will meet the needs of San Diego citizens now and in the future.

A SUSTAINABLE PARKS SYSTEM that addresses habitat protection and climate change-related vulnerabilities.
