City Ballot Measures on the November Ballot

The Council has placed a number of city measures on the November ballot. Please see the information below on each measure.

Measure E: Charter Amendment Regarding Qualifications, Vacancy, and Removal for Mayor, City Attorney, and Council. This measure would make it easier to remove and replace city elected officials if they are convicted of a felony, or declared incapacitated. It would also create a clear procedure for filling vacancies.

Measure F: Charter Amendment Regarding the Probationary Period for Deputy City Attorneys. This measure would reduce the probationary period for Deputy City Attorneys from two years to one year.

Measure G: Charter Amendments Regarding the Citizens' Review Board on Police Practices. This measure would rename the Citizens' Review Board to the Community Review Board, give the Mayor and Council joint oversight of the board, and require that the board review all in-custody deaths and officer-involved shootings.

Measure H: Charter Amend-

ments Regarding Purchasing and Contracting Processes for the City of San Diego. This measure would improve the City's competitive bidding process for public works projects, and the procurement process for goods and services to ensure the City is able to get the best value for our tax dollars.

Measure I: Charter Amendment Regarding Balboa Park and San Diego High School. This measure would allow the City to continue to lease Balboa Park land to the San Diego Unified School District, provided the property continues to be used for a public high school.

Measure J: Charter Amendment regarding Mission Bay Park and Regional Park Improvement Funds. This measure would change the way money collected in the regional park fund is allocated, so that 65% will go to Mission Bay Park and 35% will go to the City's other regional park funds. This will allow additional funding for other city regional parks.

Measure K: Charter Amendment to Conform the City's Election Process for Candidate Elections to the Federal and State Process. This measure would conform the city's election process for candidate elections to the federal and state election process by requiring

the top 2 candidates for city elected offices to advance from the June primary to a November run-off election.

Measure L: Charter Amendment to Conform the City's Election Process for Citizens' Initiatives and Referendums. This measure would conform the City's process for citizens' initiatives and referendums to align with the state election process by requiring all citizens' initiatives and referenda be placed on the November general election ballot.

Measure M: Affordable Housing Measure. This measure will increase the cap on affordable housing units that can be built in the City of San Diego from the current cap of 10,500 units to a new cap of up to 38,620 additional affordable housing units in the city, without raising taxes.

Measure N: Cannabis Business Tax Measure. This measure will place a business tax on all recreational cannabis businesses operating in the City of San Diego. This measure will only go into effect if recreational marijuana is approved statewide by voters in November.

To learn more, please visit the County Registrar of Voters website at www.sdvote.com.

Rules Committee Updates

Multiple citywide measures will be on the November Ballot

At the August 3 meeting, the Rules Committee discussed proposed amendments to the City's campaign laws recommended by the Ethics Commission. They also reviewed the Grand Jury's report regarding campaign law enforcement and training in the City and County of San Diego.

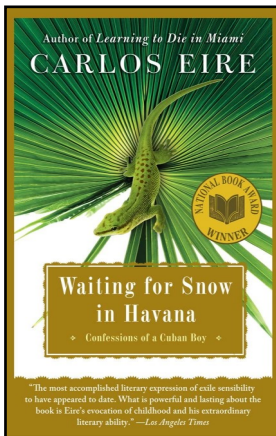

At the September meeting, the Committee is scheduled to discuss Municipal Code updates on redistricting, as well as updates to the Municipal Code sections related to Charter Amendments approved by voters in June. Sherri and the City Clerk will also provide a report to the

Committee on the City's Boards and Commissions.

Residents can watch the [Rules Committee meetings](#) on City TV, and see [Committee documents](#) and [meeting schedules](#) online.

New Parks in District One: South UC and Del Mar Mesa

Young resident admiring the new park design in UC Village

Sherri is happy to announce the construction of both the Del Mar Mesa Community Park (near Carmel Mountain Road & Duck Pond Lane) and the new Tot Lot in University Village Park (at the corner of Florey St. & Gullstrand St.). Construction of the Del Mar Mesa Community Park began in August after the approval of the Public Facilities Financing Plan, which made the necessary funds available.

Sherri is excited to see this project move forward. The new park will be equipped with restrooms, a horse corral, a basketball court, tot lot, walking path, picnic tables and shade structures.

On August 24, Sherri, Park & Recreation Director Herman Parker, Public Works staff, and multiple members of the community all gathered for the groundbreaking of the new Tot Lot in University Village Park.

This new park is scheduled to open in the winter of 2017.

The new Tot Lot features a play area for children ages 2 to 5 and accessibility improvements for persons with disabilities.

A generous thank you to all the community members for their patience and assistance with both these fabulous projects!
