## **Councilmember Jennifer Campbell Vows to Protect Women's Reproductive Rights**

SAN DIEGO – Today's Supreme Court Ruling on Roe v. Wade takes away women's reproductive rights, including abortion. The ruling will only force women into unsafe abortions.

Councilmember Jennifer Campbell said: *"I'm deeply disappointed with today's Supreme Court ruling taking away women's right to choose. As a physician, I know that this decision will cost women their lives. It is not possible to ban abortions; they are only banning access to safe abortions. We will continue to ensure that San Diego is a safe place for women to make their own healthcare decisions, including regarding abortion. And I'm leading the way for San Diego to support the California State constitutional amendment enshrining reproductive rights into law in our state."*
