Important COVID-19
Weekly Update
May 13, 2020

Dear Community,

I have diligently worked to amplify the voices of our residents at City Hall, and I consider the will of the community in every decision and every vote on the dais.

This budget year, **I am focused on restoring the core services** that our city should provide. We must fund libraries, parks & recreation, graffiti abatement, weed abatement, pothole repair and tree trimming. Ensuring these core services are available to our residents will save us money in the long term, and give us peace of mind.

To that end, I want to hear from you. You are invited to join us for the [Community Budget Overview for District 4!](#)
