6/3/2020 1:46 p.m.	Annabel Ramirez	07/01/2020	Non-Agenda Public Comment	3	The current CRB structure has failed the community for too long. We cannot allow the police to continue policing themselves, and the politics of City Hall and the Police Officer Association to overshadow the needs of the public. We demand subpoena power, independent investigators, independent legal counsel, and independence from the Mayor's Office. We need to know that these reforms are being taken seriously, and we aren't just getting lip service from City Hall. San Diegans deserve transparency and accountability in policing, and we encourage the members of the current CRB to publicly support the San Diegans for Justice ballot proposal.

06/3/2020 1:59 p.m.	Shelvie	07/01/2020	Non-Agenda Public Comment	3	am a UCSD Student and a San Diego resident, and I am tired of seeing the current board doing nothing to address police accountability. I am in full support of the San Diegans for Justice to create a community-led & INDEPENDENT Community Review Board with subpoena power to ensure that we are able to hold our officers accountable. If the Mayor is serious about change, he must listen to the community & proceed with our demands. Elections are coming up and this is a good time to see who is for the people and who isn't. We are paying attention.
06/3/2020 3:46 p.m.	Gianna Fernandez	07/01/2020	Non-Agenda Public Comment	3	We need to make a change NOW
6/4/2020 8:05 a.m.	Adriana	07/01/2020	Non-Agenda Public Comment	3	There needs to be policy in place that holds officers accountable for their actions. The treatment of black peoples by law enforcement is a problem that needs to be recognized and addressed. Systemic racism within the police force is wrong and needs to be addressed with policy that holds them accountable. Police should be trained to de-escalate situations and time and time again they are the ones escalating it because of their lack of accountability by the law.

06/30/2020 11:01 a.m.	John Stump	07/01/2020	Non-Agenda Public Comment	3	<p>Item 330 is a legislative opportunity too true up prior actions before new year expenditures start. There is not enough detail on the expenditures and redevelopment fund changes on Zoo maintenance tax funds.</p> <p>Item 51's staff report materially misrepresented matters to council and this item continues those misrepresentations. I have attached my comments on these matters and the staff report</p>
06/30/2020 2:06 p.m.	John Stump	07/01/2020	Non-Agenda Public Comment	3	<p>Dear Honorable Council Members, City Attorney, and Mayor,</p> <p>Item 51's back up contains a staff report concerning the imposition of the ONLY tax imposed by the City Council on its citizens. This tax is on every renter, property owner, and business in the City of San Diego. Almost every business pays this tax but not the SOLE beneficiary of all of this tax money. SeaWorld pays this tax but not Zoo Global!</p> <p>The report was issued 6/09/2020, by the Department of Finance and the titled: Fiscal Year 2021 Tax Rate Ordinance for the Maintenance of Zoological Exhibits. No stakeholders but the recipient was consulted on this report!</p>
