1. General Announcements/Discussion

   a) Paz Gomez called the meeting to order.
   b) Matthew Cleary, Program Manager, Environmental Services introduced Jack Clark as the new Deputy Director of the Energy Sustainable Infinitive Division and Aaron Lu as the Program Coordinator for ESD.
   c) Marta Sullivan, with the Police Department announced that her last day with the City of San Diego will be August 26, 2016. Kyle Meaux, Program Coordinator will be taking her place.

2. Approve CIPRAC Meeting Minutes of June 22, 2016

   Minutes were approved.

3. CIPRAC Membership Survey

   Paz Gomez summarized the results of the CIPRAC Membership Survey stating that the majority of the group in general is in favor of continuing the meetings as they find the interactions and discussions valuable. She proposed changing the meeting frequency to quarterly.

   Andrea Tevlin, Independent Budget Analyst expressed her concerns/comments about changes to the CIPRAC meetings (due to survey results) and requested that if these changes are made (reducing the number of meetings, holding working committees instead, etc.) that IBA would be provided meeting and committee notifications, agendas, and back up materials. She said she felt the meetings were very useful and well run, that it was an excellent group and that there was always great participation; that the CIP is the largest most important...
program in the City and it can be very helpful for non-Mayoral departments to be kept abreast of the status as well.

4. **Draft AR 40.10**

During prior CIPRAC June Meeting Roy Kirby, Deputy Director, Public Works Facilities, presented the draft Administrative Regulations 40.10 Revisions which covered the maintenance of City Facilities. A motion was made by James Nagelvoort, Director of Public Works Department to address the remaining comments and to send the AR to members for online voting due to the urgency.

This item was subsequently approved via online vote on July 11, 2016.

5. **Plaza de Panama Project Update**

James Nagelvoort stated that the Mayor’s office is moving forward with the Plaza de Panama Project. He stated that the project went before Infrastructure Committee in July and will advertise as a CIP project.

Informational item only.

6. **Draft AR 1.60**

Richard Leja, Deputy Director, Project Implementation stated that this was the fourth time AR 1.60 had come before CIPRAC. The current version reflects all comments gathered to date. Richard stated he would send the final version of the AR 1.60 for a final vote via online action.

7. **Proposed CIP WBS Templates**

Caryn Mcgriff, Deputy Director, Operational Support Division, assisted by FM, presented the new Preliminary Engineering Accounting WBS (i.e., Project Type “P”). She stated that this was a joint venture with Comptrollers, Public Works, and Financial Management. Some of the key points presented are listed below:

1. New WBS is for projects in the Preliminary Engineering phase used to support the implementation of new AR 1.60.
2. Improved tracking of projects by phase in support of cash management.
3. Improved consistency and standardizations of CIP project accounting.
4. New CIP project will start as “P” Project unless AMD is already using its own O&M money for the Preliminary Engineering work.
5. “P” projects will be closed upon completion of the Preliminary Engineering phase and converted to B/L/S Project Type just prior to beginning of CIP project design and construction.
6. Preliminary timeline:
   - December 2016: New WBS will be available in the ERP.
   - December 2016: Concept to be presented to the City Council in Mid-Year Semi-Annual State of the CIP Status Report.
   - April 2016: New “P” projects available for FY 18 budget.
   - June 2017: Request to Council to convert existing projects that are still in the Preliminary Engineering to “P” project.
