ADAPTIVE AQUATICS

Our goal is to teach confidence and water safety skill to each participant within a positive, happy and safe environment. We are here to provide instructional classes designed for individuals with disabilities, ages four and older, by teaching each student based on their abilities; and when possible, transition participants into regularly scheduled group lessons. As part of the transition process, the aquatics department also offers inclusion support for those who are able to participate in the regular scheduled group lessons. **Classes are conducted on Saturdays. Cost: \$54.00 for 8/30 minute lessons. Please contact the following pools for more information.**
