# Housing Action Package 2.0

**DRAFT HAP 2.0 Amendments to the Municipal Code**

## About this Document

This is a draft document of proposed code amendments related to the Housing Action Package 2.0 (HAP 2.0). HAP 2.0 builds upon the adoption of the first Housing Action Package by encouraging more homes and a greater variety of homes through the adoption of new programs and initiatives and the amendment of existing programs. Through amendments to the Land Development Code, the Housing Action Package aims to incentivize and promote new home opportunities throughout the City that San Diegans of all income levels can afford.

This document is subject to revisions based on comments received in the public hearing process. The [Housing Action Package 2.0 website](#) will include the latest draft regulations.

### §113.0103 Definitions

*Abutting property through Parking space, off-street* (See off-street parking space) [No change in text.]

~~*Parking standards transit priority area* means the area defined in California Public Resources Code Section 21099, as may be amended, or an area within one-half mile of a major transit stop that is existing or planned, if the planned *major transit stop* is scheduled to be completed within the current San Diego Association of Governments (SANDAG) Regional Transportation Improvement Program (RTIP).~~

*Parkway through Yard* [No change in text.]

### §131.0449 Garage Regulations in Residential Zones

(a) [No change in text.]

(b) Garages in RT Zones

- (1) Two *off-street parking spaces* are required, except for residential or commercial development in a transit priority area where all or a portion of the premises are

located within a transit priority area. Off-street parking spaces that are provided in a transit priority area are exempt from the unbundled parking requirement in subsection 142.0528(b)(1). An enclosed and detached one-car garage is required except as otherwise provided in this section. The second off-street parking may be provided in an enclosed and detached garage or an unenclosed space located consistent with the garage location requirements in Section 131.0449(b)(5)

(2) through (10) [No change in text.]

#### §142.0501 Purpose of the Parking Regulations

The purpose of these regulations is to provide a unified set of standards for public and private transportation related improvements throughout the City. The standards are designed to work together to accommodate a multi modal transportation system and encourage transportation mode alternatives to the single occupant automobile. The intent is to provide for a safe and efficient transportation system delivering a high degree of personal mobility;

-PAGE 3 OF 137-

to reduce traffic congestion and improve air quality; and to reasonably accommodate the peak parking needs of *development*, balanced by the needs of pedestrians, bicyclists, and transit users, and by the preservation and enhancement of community character, and to further the City's housing and climate goals.

§142.0505 **When Parking Regulations Apply**

These regulations apply in all base zones and planned districts, with the exception of those areas specifically identified as being exempt from the regulations, whether or not a permit or other approval is required.

Table 142-05A identifies the applicable regulations and the type of permit required by this division, if any, for the type of *development* shown.

- 1 Basic. The basic parking ratio applies to *development* that does not qualify for a reduced parking requirement (in accordance with the *transit area* or ~~Parking Standards Transit Priority Area~~ transit priority area parking ratio or the *very low income* parking ratio), or for an increased parking requirement in accordance with the Parking Impact Area as described in Chapter 13, Article 2, Division 8 (Parking Impact Overlay Zone). *Development* qualifying for both a reduced parking ratio (*transit area* or *very low-income* parking ratio) and an increased parking ratio (Parking Impact Area) shall also use the basic parking ratio.
- 2 *Transit Area*. The *transit area* parking ratio applies to *development* where all or a portion of the *premises* is located within a *transit area* as described in Chapter 13,

Article 2, Division 10 (Transit Area Overlay Zone) or that is subject to Chapter 13, Article 2, Division 11 (Urban Village Overlay Zone).

<sup>3</sup> [No change in text.]

<sup>4</sup> Parking Impact. The parking impact ratio applies to *development* where all or a portion of the *premises* is located within a designated beach impact area or a campus impact area as described in Chapter 13, Article 2, Division 8 (Parking Impact Overlay Zone), unless otherwise noted, but does not apply to *development* where all or a portion of the *premises* is located within a ~~Parking Standards Transit Priority Area~~ transit priority area.

<sup>5</sup> Bicycle. Bicycle racks are not required for a ~~dwelling unit~~ dwelling unit with a garage accessible only by residents of the dwelling unit.

<sup>6</sup> 5+ Bedrooms in Parking Impact Areas. Beach impact area: 2.5 spaces per ~~dwelling unit~~ dwelling unit. Campus impact area: 1 space per bedroom.

<sup>7</sup> through <sup>8</sup> [No change in text.]

<sup>9</sup> ~~Parking Standards Transit Priority Area~~. The ~~Parking Standards Transit Priority Area~~ transit priority area parking ratio applies to *development* where all or a portion of the *premises* is located within a ~~Parking Standards Transit Priority Area~~ transit priority area as described in Section 142.0528 and supersedes any other applicable parking ratio.

(b) through (d) [No change in text.]

**§142.0528 ~~Parking Standards Transit Priority Area~~ Parking Regulations**

The ~~Parking Standards Transit Priority Area~~ Parking Regulations

establish the parking requirements for *multiple dwelling unit*

residential *development* where all or a portion of the *premises* is

located within a ~~Parking Standards Transit Priority Area~~ transit

priority area. For purposes of this section, ~~Parking Standards Transit Priority Area~~ means the area defined in California Public Resources Code Section 21099, as may be amended, or an area within one-half mile of a *major transit stop* that is existing or planned, if the planned *major transit stop* is scheduled to be completed within the San Diego Association of Governments (SANDAG) Regional Transportation Improvement Program (RTIP). The RTIP covers five fiscal years and incrementally implements the long-range Regional Transportation Plan for the San Diego region. *Multiple dwelling unit residential development* that involves four or fewer *dwelling units* or that includes at least 20 percent on-site housing that is affordable to persons with a household income equal to or less than 50 percent of the area median income as determined in accordance with California Health and Safety Code section 50093 and is subject to an affordability restriction for a minimum of 55 years, or *multiple dwelling unit residential development* where the *off-street parking spaces* are provided in garages that are attached to and directly accessible from the *dwelling unit*, is exempt from the *unbundled parking* requirement

in subsection 142.0528(b)(1). Reasonable accommodations to parking requirements shall be granted if necessary to afford people with disabilities equal housing opportunities under state or federal law, in accordance with Section 131.0466. *Multiple dwelling unit residential development* in the Centre City and Gaslamp Planned Districts is exempt from the transportation amenity requirement in subsection 142.0528(c).

(a) Parking Requirements. ~~Off-street parking spaces are not required.~~

(1) *Off-street parking spaces* are not required.

(2) Bicycle spaces shall comply with Table 142-05C.

(3) through (4) [No change in text.]

(b) [No change in text.]

(c) Transportation Amenities. All *multiple dwelling unit residential development* where all or a portion of the *premises* is located within a ~~Parking Standards Transit Priority Area~~ transit priority area shall provide transportation amenities based on its Transportation Amenity Score. Transportation amenity, as

used herein, means a feature provided by a *development* that reduces vehicle trips by informing, educating, and incentivizing transit use, bicycling, walking, and ridesharing. The types of transportation amenities are listed in Land Development Manual Appendix Q.

#### §142.0530 Non-Residential Uses – Required Parking Ratios

- (a) Retail Sales, Commercial Services, and Mixed-Use Development.

Table 142-05E establishes the ratio of required parking spaces to building *floor* area in the commercial zones, industrial zones, mixed-use zones, and planned districts shown, for retail sales uses and for those commercial service uses that are not covered by Table 142-05F or 142-05G. Table 142-05E also establishes the required parking ratios for mixed-use developments in a single *structure* that include an allowed use from at least two of the following use categories: (1) retail sales, (2) commercial services, and (3) offices.

<sup>1</sup> Eating and Drinking Establishments. The minimum parking ratios apply to eating and drinking establishments that do not have a common parking area with any other uses. There is no minimum parking requirement or maximum permitted parking for outdoor dining. ~~Within Transit Priority Areas a transit priority area, minimum required parking can be replaced by a placemaking project if a Temporary Use Permit is obtained in accordance with Section 123.0402.~~ Within the CN, CO and CV Zones, minimum parking required can also be replaced with bicycle parking at a ratio of 2 bicycle parking spaces provided for every required vehicle parking space. Within the Coastal Overlay Zone, outdoor dining areas such as decks, patios, terraces, etc., are considered part of the eating and drinking establishment's *gross floor area* and are included in calculating parking requirements.
