Bezos climate fund is the source of the grant. It is not dedicated park property, but in the public right of way. It is zoned institutional use the same as the police shooting range across the street. CHAPC chair was notified but not the Fairmount Park neighborhood. Suggested additions were: one stall unisex restroom, bike racks, drinking fountain and a signalized crossing on Federal Blvd. at the entrance to Sunshine Bernardini ballfields.

Budget Engagement: The fiscal year 2023-2024 budget cycle is about to ramp up. On April 15, the Mayor will be dropping the first draft of the budget for the city. City council will have budget hearings throughout May. As usual, our office will host via the Council forums throughout May as well. We will be announcing those soon ! In the meantime, you can see a timeline in the next three months.

YOUTH OPPORTUNITYPASS, SANDAG

IN November election, Measure B was officially passed by voters. This is the reform of the people’s Ordinance, a 100 year old law. The next steps in the process will most likely be a study to find out what kind service people want, then an assessment on how much that will cost. Of course, this process will be an open and public discussion everyone is invited to participate and weigh- in with their ideas.

SDPD Community Relations Officer Terry Hoskins reported the following: No Report
