SAN DIEGO

PLAY EVERYWHERE

The draft Parks Master Plan envisions an interconnected Citywide park system with opportunities for everyone to get outside and play while fostering social interactions, culture, activities and exercise, as well as providing urban respite, enjoyable transportation options and an increased tree canopy cover.

Ensuring equity in the City's parks system is a key component of this plan, with access-based goals that focus on investments with the greatest park standard and service gaps. The plan also focuses on ensuring access to all of the City's great recreational resources. This equity-driven framework will prioritize capital investments to identified communities of concern.

PLAY EVERYWHERE : Key Improvements

 PROGRAM FEATURES	 COMMUNITY FEEDBACK	 PLAY EVERYWHERE DRAFT PROGRAM 2020
PRIORITIZED PARK INVESTMENTS WHERE NEEDED MOST	Prioritize in investments where needed most	Prioritize parks investments in Communities of Concern, areas with fewer parks, and areas with most growth
PRIORITIZED LAND ACQUISITION FOR NEW PARKS	Prioritize land acquisition in the City's parks system	Increased recreational value score for park size Policies added to prioritize park land acquisition
PROMOTE MENTAL, PHYSICAL AND SOCIAL HEALTH BENEFITS	Recognize mental health benefits of parks and nature	Increased values for public accessible open space areas and restored habitat
MONITORING, ADAPTABILITY AND ACCOUNTABILITY	Continual monitoring to ensure success	Alternative compliance to allow for innovation Establish monitoring program
TREES AND SHADE	Urban tree canopy coverage should be prioritized	Increased value for shade trees and carbon sequestration
NEW RECREATIONAL VALUE-BASED STANDARD	More clarity needed	Intent to provide more park opportunities clarified Increased value standard recognizes higher values for park size and access
INDIGENOUS PEOPLE	Address complete history of Indigenous people	Text and policies added to address important history
EXPANDED PARK TYPOLOGIES	Expand park typologies	Allows for new park typologies throughout implementation New Urban Watershed Park typology added
