Following are the oral comments provided by members of the public, the City Council, and the Consolidated Plan Advisory Board (CPAB) during the public meetings for the Draft FY 2019 CAPER. Where warranted, the response from staff follows the comment.

## September 11, 2019 - Consolidated Plan Advisory Board Meeting

### **Rich Thesing, CPAB Member**

Mr. Thesing asked staff for the total amount of funding dedicated to homeless
projects in this Consolidated Plan period. Mr. Thesing also asked how much funding
specifically supports mental health programs for the homeless. As one of the largest
cities in the nation, Mr. Thesing asked if additional funding would be coming to San
Diego from the federal government to assist with the homeless issue, as it has risen
in population over the last years.

Staff response: Ms. Michele Marano responded that over the course of the Consolidated Plan period, over \$23 million dollars has been invested into various homeless programs, which includes CDBG, ESG and the City's General Fund. Staff also responded that mental health programs sometimes carry over into the public services category, and are an element of the services provided in CDBG-supported program. Staff will research if it has the ability to determine the specific funding invested in mental health programs and services. Ms. Marano also stated that the Regional Continuum of Care and the City have received additional state funding to support programs and services for individuals experiencing homelessness. At the October 2019 meeting, the San Diego Housing Commission will provide the Consolidated Plan Advisory Board with an update regarding the various funding sources supporting homeless programs and services in San Diego.

### Victoria Barba, CPAB Member

• Ms. Barba asked if there is a breakdown of permanent supportive housing compared to transitional housing for the homeless.

Staff response: Ms. Marano responded that CDBG and ESG funds primarily support the rehabilitation of permanent supportive housing units, transitional housing and emergency shelters and the HOME funding is specific to affordable housing and

permanent supportive housing. Ms. Marano mentioned she would highlight the number of permanent supportive housing units introduced to the housing staff with HUD entitlement funds during her upcoming presentation to City Council.

#### Valerie Brown, CPAB Chair

• Ms. Brown asked what outcomes are being used to measure the success of the homeless programs and if clients are being tracked as well.

Staff response: Marc D'Hondt, from the San Diego Housing Commission, stated that the Housing Commission will present more information on how they track their clients at the October CPAB meeting.

#### SEPTEMBER 16, 2019 - CITY COUNCIL MEETING

#### Councilman Scott Sherman, District 7

• Mr. Sherman asked on section CR-15 of the CAPER it states resources available and that the allocation does not match the expenditures.

Staff response: Ms. Marano, stated that some projects can take longer than one year to complete and/or fully expend the funds allocated to the project. Once a project has been awarded funding, it can be carried over to future fiscal years. This would explain why the amounts of the resources available do not match the expenditures in a fiscal year.

### Councilwoman Monica Montgomery, District 4

 Ms. Montgomery thanked staff for answering prior questions related to the CAPER.
 Ms. Montgomery stated that in the future, the definition of "individuals or households assisted" should be clearly identified so that the measure of the impact of the project can be fully understood.

*Staff response: Ms. Marano responded that additional supplemental information will be posted to the website once the Final FY 2019 CAPER has been submitted to HUD. This supplemental information provides more specific project details and outcome measures.* 

#### **Councilwoman Vivian Moreno, District 8**

• Ms. Moreno stated that affordable housing is a critical issue for the City and would like to see additional funding and projects go to affordable housing.

### **Council President Georgette Gomez, District 9**

 Ms. Gomez pointed out in Section CR-30 of the Draft CAPER, it states that the San Diego Housing Commission is looking to acquire additional multi-family properties.
 Ms. Gomez asked for more information regarding the location of these properties.

Staff response: Jennifer Kreutter, from the San Diego Housing Commission, responded that funding has been sent aside in the FY 2020 budget to acquire additional housing and the estimated goal is 50-100 units but currently the locations have yet to be determined.
