

COUNCIL OF CHAMBERS OF COMMERCE
AND
CIVIC CLUBS
The 5 C's

San Diego, California
October. 3rd, 1940.

City Council of San Diego,
San Diego, California.

Honorable Body;

At the last meeting of the Council of Chambers of Commerce and Civic Clubs, the subject of the Mission Beach Pool was discussed very freely, and the Club felt that this is one of our main attractions in San Diego, and as there are so many visitors in San Diego, during the winter season, and visitors who have spent the entire winter here, it would be most disappointing to have our most enjoyable place of amusement closed.

A motion was made to ask your Honorable Body to reconsider their plans, and try to arrange to keep the Mission Beach Bath House open every day during the winter.

Thanking you for your consideration in this matter.

Yours very truly,

Carl Schroeder-President.
