COUNCILMEMBER CHRIS CATE HOSTS 3RD ANNUAL BUDGET BRIEFING *Councilmember and Independent Budget Analyst team up to provide a sneak peek of the FY18 Budget*

San Diego, CA: For the third consecutive year, Councilmember Chris Cate and the City of San Diego's Independent Budget Analyst, Andrea Tevlin, will be providing District 6 residents with a "Sneak Peek" of Mayor Kevin L. Faulconer's Fiscal Year 2018 Proposed Budget.

Per the City of San Diego's Charter, the Mayor proposes, and the City Council is responsible for executing an annual budget. After the release of the Mayor's May revise budget last week, the City of San Diego's Fiscal Year 2018 Proposed Budget is approximately \$3.6 billion dollars. As the eighth largest city in the country and the second largest city in California, San Diego's total population was estimated (as of January 1, 2016) at 1,391,676 million people, with the median age of 35. Geographically, the City of San Diego is 325 square miles, with an additional 47 square miles of water area.

"Prioritizing city services in an open, effective, and transparent manner allows residents in my district to feel connected to government and engaged in the budget process," stated Councilmember Chris Cate. "I will continue to advocate for investing in core City services such as police, fire, libraries, parks and recreation centers, all which improve San Diegans' quality of life."
