### Approval of Minutes

4. Board member Rich Thesing made the motion to approve the February 9, 2022, meeting minutes. Peter Dennehy seconded the motion. Four board members voted to approve the minutes, and one board member abstained, 4-0-1 (Campbell). The February meeting minutes will be kept for reference only.

### Non-Agenda and Agenda Public Comments

5. Jessie Stein, Institutional Giving Manager at Voices for Children, thanked the CPAB and Economic Development Department staff for their consideration of their proposal and recommendation for funding. Voice of Children’s mission is to transform the lives of children in foster care by providing them with trained, volunteer Court Appointed Special Advocates (CASAs). Last year, more than 1,700 in the City of San Diego spent time in foster care. With the support of the City’s CDBG program, Voices for Children will be able to provide CASAs to an additional 30 City of San Diego children in foster care. Jessie commented that she knows the City has many pressing needs and does not take the City’s support lightly, and again thanked staff for their work.

### Action Item

6. **Fiscal Year (FY) 2023 CDBG Application Scores and Rankings**

The CPAB was asked to approve the lists of project proposals ranked by average score in descending order, forward the lists for consideration by the City Council for FY 2023 funding, and recommend the same projects for incorporation into the City’s Draft FY 2023 Annual Action Plan.

*Please see attached presentation for more information.*

**CPAB member comments:**

Rich Thesing thanked staff for their work and for responding accordingly to issues that came up during the CPAB scoring process. Mr. Thesing also acknowledged the work of the CPAB members, who put in a lot of time in scoring applications in a short period of time. He was satisfied with the scores and hoped that it would be moved forward to City Council for approval.

Eileen Gonzales commended the applicants. She noticed that many applicants included supplementary documents such as annual reports or testimonials from their clients, and made a difference when scoring applications. The supplementary attachments illustrate the impact organizations are making in their local community and with their clients.
Rich Thesing made a motion to approve the list of projects proposed. Eileen Gonzales seconded the motion.

The action item was approved unanimously, 5-0.

Staff reviewed the updates to the FY 2023 Scoring Criteria and Request for Proposal (RFP) questions and identified possible revisions.

*Please see attached presentation for more information.*

**CPAB member comments:**

Eileen Gonzales suggested to include a notification in the system if organizations include supplementary materials in their application, so that reviewers are alerted to check attachments.

Dr. Brenda Campbell commented that, on the question on “new or continuing services”, applicants provide great narratives to discuss why their programs or services are needed. However, they do not emphasize how they gathered more data to justify why they need to continue the services or justify why there is a new need for the service. She commented that applicants don’t provide adequate community-level data to illustrate how they have made an impact on the community or why the service is still needed.

Peter Dennehy asked whether staff screen applicants to determine they are based in the City. Leonardo Alarcón, Community Development Project Specialist, responded that part of the eligibility process is to determine that applicants are serving City of San Diego residents.

Eileen Gonzales commented that she is not so concerned with the collection of data on a community level, however she noticed a lot of variable answers to question 2b. This question should be reworded. In addition, the second part of the question on metrics was not always answered by applicants. She asked if there would there be a way to create a framework for applicants to choose the metrics used that explains why the program or service applicants are providing is needed.

Angela Nazareno-Clark, HUD Program Manager, proposed that a future working meeting group with CPAB members be scheduled to continue discussing scoring criteria and application questions.

HOME Investment Partnerships Program (HOME)
Presentation to the Consolidated Plan Advisory Board (CPAB)
April 13, 2022

Liliana Caracoza
Senior Program Analyst

San Diego Housing Commission
The Federal HOME Investment Partnerships Program (HOME) was created in 1990.

HOME funds are awarded by the U.S. Department of Housing and Urban Development (HUD) to the City of San Diego and are administered by SDHC.

HOME provides federal funds from HUD for the following housing activities:
- Construction of affordable housing
- Acquisition and rehabilitation of affordable housing
- Owner-occupied housing rehabilitation
- First-time homebuyer down-payment assistance and counseling
- Tenant-based rental assistance (TBRA)

In Fiscal Year (FY) 2023 (July 1, 2022 – June 30, 2023), SDHC proposes allocating HOME funds to affordable rental housing unit production and first-time homebuyer assistance.
