VOLUNTEERS NEEDED!

FOR THE COMMISSION ON POLICE PRACTICES NOMINATING COMMITTEE

The Commission on Police Practices will provide independent investigations of officer-involved shootings and in-custody deaths, and an unbiased evaluation of all complaints against the members of the San Diego Police Department and its personnel, in a process that will be transparent and accountable to the community. This will increase community trust in law enforcement, resulting in increased safety for both the community and law enforcement.

With the recent approval of the implementation ordinance for the Commission on Police Practices (Commission), the City Council will be appointing new Commissioners to serve on the Commission. As a result, the Commission will create a Nominations Committee that will be responsible for the interview and nomination of applicants to recommend to City Council for consideration of appointment. The Nominations Committee will be composed of 9 individuals (3 current/former Commissioners & 6 community members). The community members will be from the following categories:

- Community-based non-profits
- Academic professionals who specialize in policing, criminal justice, civil rights law
- A community member in the 18-24 age group

The Commission strongly believes that public input is crucial in the formation of the new Commission, especially the interview and nominating process of new Commissioners. The time commitment would be at least 40 hours a week for 2-3 weeks.

If you want to learn more about the Commission, please join the Commission at its Regular Meeting and/or watch YouTube recordings on the City's YouTube channel. **City of San Diego Commission on
Police Practices**

REVISED
**STANDARD OPERATING PROCEDURES FOR
INVESTIGATIONS**

I. Rules of Conduct

Every public safety agency must establish rules of conduct governing behavior and conduct of members. These rules of conduct, sometimes referred to as general or Departmental orders, establish the standards for acceptable conduct, performance and behavior, in any given law enforcement agency. Internal investigations of the Commission on Police Practices (Commission) should always be predicated upon established rules of conduct. Such rules proscribe how the investigation must be evaluated, and establish the basis for any resultant disciplinary actions.

The San Diego Police Department (SDPD) has missions, goals and standards that circumscribe the rules of conduct. In order to establish acceptable levels of conduct and performance, standards of conduct, including, but not limited to, rules, procedures, orders, guidelines and laws must be adhered to and followed by personnel. In general, where deviation or violation of rules, orders, policies, guidelines, procedures or laws are suspected, internal investigations are required to ascertain the extent of any violations, or to establish that no such violation occurred.

The City's implementation ordinance directs the Commission to perform independent *investigations* of *police officer*-involved shootings, in-custody deaths, and other significant incidents involving the *Police Department*, and independent *evaluations* of *complaints* against the *Police Department* and its personnel, in a process that is transparent and accountable to the community.

In order to serve as a basis for investigation, rules must be clearly established, noticed to personnel and consistently applied. Problems occur in investigations where orders are arbitrarily or inconsistently applied. Moreover, where orders are not clearly disseminated or noticed to personnel, investigations may be flawed and result in violations of *due process* under law. The concept of due process relates to proper notice, an opportunity to be heard, and fair disciplinary actions in this regard.

It is also important that all required statutory guidelines be adhered to when conducting investigations. Many state laws, such as the Public Safety Officers Procedural Bill of Rights (POBOR) provide protections for police officers involved in administrative investigations. This statute proscribes the rights of officers under investigation, and generally affords officers the right to representatives of their choice, notice of charges, advisement of *Miranda* rights, and the rights to timely investigations. (Government Code §§3300 et seq.)

A. General Causes for Disciplinary Action

The following standards are generally included in rules or Departmental orders and may serve as a basis for investigation or discipline. The following list is not all inclusive or exhaustive:

- (1) Incompetence
- (2) Inattention to duty
- (3) Insubordination
- (4) Untruthfulness
- (5) Dishonestly
- (6) Discourteous treatment to a member of the public
- (7) Under the influence
- (8) Violations of state or federal law (deprivation of civil rights, excessive force, etc.)
- (9) Discriminatory conduct in violation of state or federal law
- (10) Willful disobedience
- (11) Negligence or general recklessness
- (12) Abuse of authority
- (13) Neglect of duty

Also, *conduct unbecoming of an officer* is generally proscribed. Orders prohibiting this sort of conduct are based upon general notions of sometimes undefined, yet inappropriate conduct. Conduct unbecoming of an officer generally involves on or off-duty conduct that serves to bring discredit, stigma or disrespect to a Department. As such, such conduct could constitute a plethora of disfavored actions or conduct.

Given the sometimes undefined nature of conduct under this section, great care must be used when investigating conduct unbecoming of an officer. The prohibition should not be used for investigating arbitrary conduct, or used in a vindictive or retaliatory manner. Instead, in order to withstand judicial scrutiny, if necessary, conduct determined to be unbecoming should be of such a nature that a clear and unambiguous nexus is established between the conduct and discredit to the Department.

B. What Police Officer Conduct Must be Investigated?

Internal investigations of the Commission will generally involve matters that fall into the following categories:

- Conduct that violates Departmental rules, guidelines, procedures or ordinances;
- Conduct that violates federal or state law;
- Conduct complained of by civilians or members of the public;

- Conduct complained of by regulatory agencies or licensing bodies.

The city ordinance defines misconduct subject to investigation as “conduct that causes risk or harm to the health and safety of the public, impairs the operation and efficiency of the Police Department, or brings the Police Department into disrepute. Misconduct may involve a violation of any law, including a federal or state statute or local ordinance, a regulation, including a City Administrative Regulation, or a Police Department policy or procedure. Misconduct may also involve a willful act of moral turpitude or an ethical violation. On-duty or off-duty conduct may constitute misconduct.”

C. Must a Formal Complaint be Filed?

A complaint may be investigated even though a formal or written complaint has not been filed. Under certain circumstances, an inquiry by the Department may be performed even where a formal complaint has not been lodged.

Police officers, representatives or attorneys may refute the Department’s ability to conduct an investigation absent a written complaint. Although this can present an issue for investigators, suspected misconduct should not be ignored.

II. Complaints by the Public

The Commission has several functions, including conducting independent investigations, beyond those of its predecessor, the Community Review Board on Police Practices (CRB).

The responsibility of responding to complaints against the SDPD is shared between the Department, primarily the Internal Affairs Department (IA), and the Commission. The collaborative relationship between the two is important for a fair and objective process that gives serious consideration to community members and SDPD officers equally. The process is improved by both organizations working together. While cooperation is key, independence of each organization is crucial.

1. Complaint Process

Complaints are submitted either through the Commission or at multiple locations with SDPD. The Commission must receive, register, review and evaluate all complaints.

Complaints submitted via the SDPD must be transmitted to the Commission in a timely manner pursuant to the City's implementation ordinance. [* This presumes the finalizing of an implementation ordinance containing verbiage similar to the draft ordinance currently subject to meet and confer.]

In order for the Commission to open an investigation, a complaint must be presented as afforded by law. A complaint form should be completed, signed and returned to the Commission. Complaints may be submitted in-person or by fax, phone, mail, email or through any other electronic or physical means available and accessible to the Commission and/or recognized at law. Complainants should include complaint and incident information in the form. If the complaint involves allegations of injury, a separate medical release form may also be required as afforded by law.

A copy of any complaint received by the Commission that identifies an employee of the Police Department should be forwarded to the Police Department within five calendar days of the Commission's receipt of the complaint. The Commission is not authorized to investigate a complaint against an employee of the Police Department who is not a police officer unless the complaint also alleges police officer misconduct. [Per the draft ordinance.]

2. SDPD Role

Coordination between SDPD and the Commission is required throughout the process, starting with complaint intake, through preparation of the case file, discussion during Commission review (including any Team requests for additional allegations or additional investigation as well as any disagreement), and, finally, preparation for presentation at a closed session meeting of the full Commission. [* This presumes the finalizing of an implementation ordinance containing verbiage similar to the draft ordinance currently subject to meet and confer.]

3. SDPD Complaint Investigations

Each complaint regarding an officer, whether generated through the Commission or an alternate process, is investigated by SDPD. Complaints involving any allegations of unlawful arrest or detention, excessive force, discrimination, slur, search and seizure violations, or criminal conduct are investigated by Internal Affairs (IA). Less serious complaints that involve only allegations of courtesy, procedure, conduct and service are investigated by the subject officer's SDPD Division. The investigating officer is responsible for completing a thorough investigation and writing an investigative report that is fair to both the complainant(s) and subject officer(s). Results of investigations are documented in the Investigator's Report. A complaint may contain more than one

allegation. At the conclusion of the investigation IA makes one of the following findings for each allegation:

- I. Sustained – the Department member committed all or part of the alleged acts of misconduct;
- II. Not Sustained – the investigation produced insufficient information to clearly prove or disprove the allegations;
- III. Exonerated – the alleged act occurred was justified, legal and proper, or was within policy; or
- IV. Unfounded – the alleged act did not occur.

4. County-wide MOU for Officer Involved Shootings

The SDPD has entered a County-wide MOU for the investigation of various officer involved shootings requiring that criminal investigations into such incidents be normally conducted by the San Diego Sheriff's Department. Where an incident involves both the SDPD and the Sheriff's Department, the criminal investigation shall be conducted by the Chula Vista Police Department.

In such investigations, it is important for the Commission to have access to the same information provided to the SDPD consistent with the criminal investigative protocol and briefings. The City implementation ordinance requires that the SDPD provide periodic information to the Commission within established guidelines. These requirements are not vitiated by the County-wide officer involved shooting MOU, and remain the responsibilities of the SDPD. [* This presumes the finalizing of an implementation ordinance containing verbiage similar to the draft ordinance currently subject to meet and confer.]

III. Admonitions Compelling Officer Testimony

Where police officer misconduct could involve an allegation of criminal conduct, the officer must be provided with a *Miranda* admonition. If the officer invokes *Miranda*, the officer may be ordered to provide a statement by giving the officer a *Garrity/Lybarger* admonition.¹ This admonition compels the officer to provide a statement to the

¹ *Garrity v. New Jersey* (1967) 385 U.S. 493, involved police officers who were questioned about illegal activities and answered questions after a warning that they were entitled to silence, but could be terminated if they refused to answer questions. The Supreme Court held that the protection of the Fourteenth

investigator under the threat of insubordination, discipline and possible discharge. A *Garrity/Lybarger* admonition is deemed by officers and representatives as a prohibition against the statement being used against the officer in a subsequent criminal matter.

The admonition acts to compel a statement from police officers, deemed to have engaged in misconduct, which could also criminal ramifications. Courts have held that public safety officers are not relegated to “watered down constitutional rights.” As such, prior to interrogation in an internal investigation involving criminal implications, a *Miranda* warning must be offered as would be true in any other scenario where law enforcement agents desired to interrogate a suspect not free to leave.

If a police officer invokes *Miranda* during the interrogation, the invocation is deemed to have the same affect as to any criminal action that could be later filed against the officer. Namely, that any statements offered to the internal investigator may not be used against the police officer in a later criminal action.

Recognizing that the invocation of *Miranda* in internal investigations could impede or prohibit investigations, the courts have sanctioned the usage of a *Garrity/Lybarger* admonition so that investigators may compel, or force, public safety officers to provide statements in internal investigations. In theory, the admonition forces an officer to cooperate in an investigation under the threat of insubordination. If, after having invoked *Miranda* and been provided with a *Garrity/Lybarger* admonition, officers do not provide statements to internal investigators, they may face disciplinary action for insubordination.

The admonition is being increasingly requested by counsel representing public safety officers in internal investigations even where remote chances of criminal filings are possible. In such cases, the necessity of providing the admonition rests with the investigator or the Department. Out of abundance of caution and in an effort to complete the investigation in an expeditious fashion, some investigators compel an officer statement even where criminal filings are extremely remote.

I. Garrity/Lybarger Protocol and Admonition

The following is an example of the protocol to use in a Commission

Amendment prohibits use in subsequent criminal proceedings of statements obtained under threat of termination. The Court stated that such statements are involuntary and coerced.

In *Lybarger v. City of Los Angeles* (1985) 40 Cal. 3d 822, the California Supreme Court held that an officer who refuses to cooperate in an investigation involving his or her potential criminal conduct may be administratively disciplined; however, such discipline imposed pursuant to a threat of insubordination for refusal to answer questions involving potential criminal conduct is invalid unless a *Miranda* warning is first provided.

investigation where criminal conduct may also be found to exist. [Whether the Commission will be afforded the right to compel officer statements, or require cooperation of subject officers, will be subject to the City's implementation ordinance.]

Miranda Warning

Due to the nature of this administrative or internal investigation, I am required to advise you of your constitutional rights. Therefore, it is important that you are aware of the following:

- *You have the right to remain silent;*
- *Anything that you say may be used against you in court;*
- *You have the right to an attorney before and during questioning;*
- *If you cannot afford an attorney, one may be appointed by law.*

Miranda Waiver

Do you understand each of these rights as I have explained them to you?

Yes/No

With these rights in mind, do you wish to speak to me about this matter?

Yes/No

(Where rights to silence are invoked, provide the Garrity/Lybarger Admonition below.)

Garrity/Lybarger Admonition

This is an administrative investigation conducted by the Commission on Police Practices. While you have the right to remain silent with regard to any criminal investigation, you do not have a right to refuse to provide a statement or answer my questions in this administrative investigation.

I am therefore now ordering you to provide a statement in this matter and to answer all of my questions truthfully and honestly.

Your refusal to cooperate in this matter or your silence will be deemed insubordination and could result in disciplinary action, up to and including termination.

Any statement that you make under compulsion of the threat of discipline is for purposes of this internal or administrative investigation only and cannot be used against you in a criminal prosecution.

Do you understand this admonition and order to talk? Will you now provide a statement in this matter?

*(If the officer still refuses to provide a statement, a separate ground for insubordination or discipline may exist.)

IV. CONDUCTING INVESTIGATIONS

1. Type One Investigations

- (A) Officer-involved shootings;*
- (B) All incidents of in-custody deaths;
- (C) Alleged violations of the Fourth Amendment related to excessive force or violations of civil rights;
- (D) An incident in which the use of force by a police officer against a person resulted in great bodily injury.

***Since the Department has entered a County Memorandum of Understanding that provides for the County Sheriff to investigate Departmental shootings, Commission investigators may have to coordinate such investigations, and/or requests for reports/documents/evidence through the Department in order to gain access to incident scenes and various information.**

2. Type Two Investigations

As often as necessary, a committee of the Commission shall meet with the Executive Director, General Counsel and Senior Investigator to decide whether to investigate and evaluate a complaint against a police officer that does not involve an in-custody death, a death resulting from an interaction with a police officer, or a police officer-related shooting.

Regarding discretionary investigations, the Commission will not investigate a complaint where the complainant has requested that the complaint be handled without an investigation by the Commission, or where no specific allegation or police officer can be identified or discerned.

The Commission may investigate any allegations of misconduct that become known to the Commission during an investigation of a separate complaint. In exercising its discretionary power to investigate a complaint, the Commission must determine that a complaint involves any of the following:

- (A) dishonesty by a police officer directly relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting or investigation of misconduct by another police officer, peace officer, or custodial officer, including an allegation of perjury, making a false statement, filing a false report, or destroying, falsifying, or concealing evidence;
- (B) an incident that has generated substantial public interest or concern, or that alleges excessive force or violation of civil rights under the Fourth Amendment to the U.S. Constitution;
- (C) an incident where data shows a pattern of misconduct by a police officer; or
- (D) an incident where data shows a pattern of inappropriate policies, procedures, or practices of the Police Department or its members.

In deciding whether to investigate or consider such discretionary cases, the Commission shall also consider, 1) the nature of the case and public interest, 2) resource allocation, 3) the number of pending cases/investigations, 4) any delays in processing ongoing cases and investigations, and 5) the time commitments required of commissioners. The Commission shall limit the number of cases, where possible, such that multiple closed sessions during the month are not required in consideration of time commitments required in such matters.

3. Type Three Investigations

The Commission may, but is not required to, review, investigate, and evaluate allegations of:

- (A) Inappropriate sexual or discriminatory conduct, alleged violations under Title VII or Government Code sections 12940 et seq. (FEHA);
- (B) Physical assault, or domestic violence by a police officer, whether or not a complaint has been submitted to the Police Department or the Commission.

The Commission may use the same criteria outlined for Type Two Investigations in deciding to review Type three matters.

Upon completion of any review, investigation, or evaluation, the Commission must make findings. The Chief of Police must consider any findings or recommendation by the Commission of proposed police officer discipline, prior to Police Department imposition of the discipline. The Commission's findings, evaluation or recommendation must be completed before the statutory timelines set forth in POBOR or other applicable law. The Chief of Police retains authority and discretion to discipline subordinate employees in the Police Department.

The exercise of the Commission's duties and powers, as set forth in the City Charter and ordinance, including its investigatory duties and powers, is not meant to obstruct, supersede or abrogate the duties of the Police Chief.

V. Investigation Guidelines

1. Pursuant to the City's implementation ordinance, the Department must make available to the Commission its records, within ten calendar days after a written request from the Commission, relating to any matter under investigation, review, or evaluation by the Commission. The Department must provide to the Commission all complaints received by the Department within five calendar days of receipt regardless of whether there is a written request from the Commission for the complaints. [* This presumes the finalizing of an implementation ordinance containing verbiage similar to the draft ordinance currently subject to meet and confer.]
2. The Commission's investigators should seek cooperative access to Type One incident scenes through the Department and/or outside agency investigating the incident(s), and scenes of other public/critical incidents of concern. Investigators should not obstruct or interfere with criminal investigations, but should seek early access to investigation files.
3. Where notified of a critical incident by the Department, the Senior Investigator should notify the Executive Director and/or General Counsel as soon as practical to discuss the incident, and the appropriate approach to the Commission's investigation.

4. Investigators should seek to access to any public records/reports, and seek to coordinate investigations with those of Internal Affairs and/or the outside agency investigating the incident.
5. Investigators should review and understand the Department's general orders and standard operating guidelines and constantly review the orders prior to, and during, an investigation. This aspect cannot be overemphasized. The Department's general orders are its standards of conduct proscribing proper behavior. An alleged violation of the standards is what predicates an investigation. Therefore, the investigator must properly discern and apply the general orders to the facts to conduct a proper investigation.
6. Investigators must carefully analyze all *relevant facts* surrounding the allegations involved in the investigation.
7. Investigators must be familiar with the procedural rights of police officers and strictly adhere to POBOR. Remember that police officers are not subject to "watered down" constitutional rights and are not presumed to be guilty of misconduct.
8. Interviews of police officers must strictly comply with the requirements of POBOR:

Brief Summary of Public Safety Officers' Procedural Bill of Rights

- The investigator must conduct the interrogation at a reasonable hour, preferably when the employee is on duty or during the employee's normal waking hours, unless the seriousness of the investigation requires otherwise.
- The employee must be compensated for time spent in the interrogation if the interrogation is not conducted during the employee's normal working hours.
- The investigator must inform the employee of the position, name and command of the officer in charge of the interrogation, the interrogating officers and other persons to be present during the interrogation.
- All questions directed to the employee shall be asked by and through no more than two interrogators at one time.
- The investigator must inform the employee of the general nature of the investigation prior to any interrogation.
- The investigator must allow the employee to attend to his/her own personal physical needs.
- The investigator must provide an accused employee access to any recording made of an interrogation prior to any subsequent interrogation.

- The investigator must advise the employee of his or her Constitutional rights (*Miranda* Rights) as soon as it appears that he or she may be charged with a criminal offense.
- The investigator may inform the employee that failure to answer questions directly related to the investigation may result in punitive action.
- The investigator may record the entire interrogation.
- The accused employee may record the entire interrogation.
- The accused employee may be represented by a person of his or her choice who may be present during the entire interrogation. However, the representative may not be a person who is subject to the same investigation. The representative cannot be required to disclose any information obtained from the employee in non-criminal matters.
- The investigator cannot use offensive language.
- The investigator cannot use threats of punitive action, other than informing the employee that failure to answer questions related to the investigation may result in disciplinary action up to and including termination.
- The investigator cannot promise any rewards.
- The investigator cannot subject the employee to news media visits without the employee's consent.
- The investigator cannot penalize the employee for asserting his or her rights. The investigator cannot compel or order an officer to submit to a polygraph examination, and no reference regarding an officer's refusal may be made in any reports.

9. Investigators should coordinate with Internal Affairs, or the outside investigating agency, interviews of officers and all *relevant witnesses* maintaining strict *confidentiality*. Do not to interfere in the criminal investigation. Advise complainants and witnesses as to the necessity of absolute truthfulness and confidentiality. However, recognize that the ability to restrict a civilian witness from discussing an investigation, etc. is limited. Nonetheless, all witnesses should be directed, or strongly encouraged, not to discuss the investigation or testimony presented. Interviewing witnesses is critical in an investigation and ensures the adequacy of review. Investigators should be careful not to selectively interview only witnesses that support a predetermined conclusion. Moreover, witness statements should be recorded and summarized in a manner that provides the investigator an ability to refer to the statement and analyze testimony to derive a proper conclusion. Also, separately identify complainant or witness addresses and telephone numbers for purposes of possible civil discovery in any later court action.

10. Investigators must maintain an *open mind* and not rush to a conclusion or judgment as to a particular allegation. Be fair and objective. Where bias occurs in an investigation, the integrity of the investigation may be compromised and may be legally harmful to a police officer and agency alike.

11. Investigators must thoroughly *analyze the facts and data* discovered in an investigation. Prepare a report that discusses the facts of the investigation, and compares the facts to involved Departmental orders or standard operating guidelines. In this regard, investigative conclusions should be supported by facts as opposed to mere simple conclusory statements. Every investigation should contain an analysis of facts and an explanation, or articulated rationale, as to why an investigator reached a particular conclusion. An internal investigation must justify findings, particularly in light of disciplinary actions.

12. POBOR clearly states that police investigations must generally be completed within one (1) year from the date someone authorized to initiate an investigation discovers the incident giving rise to the investigation.

In general, complaints directly received by the Commission must be completed within one-year of receipt. There are several exceptions to this statute of limitation, the most prevalent of which is that the statute is tolled during a criminal investigation.

The time period may be tolled if criminal prosecution or investigation is involved, or civil litigation in which the officer is a party exists. The officer may also waive the time period in writing. Other waivers exist where: 1) a multijurisdictional investigation is involved; 2) numerous employees are involved requiring an extension; 3) an officer is unavailable or incapacitated; 4) the investigation involves workers compensation fraud by the officer.

An investigation may be reopened after the one year limitation period if: 1) significant new evidence has been discovered affecting the outcome of the investigation; and 2) the evidence could not have been discovered in the normal course of investigation or the evidence resulted from the officer's pre-disciplinary response or procedure.

VI. Checklist for Investigating Conduct

- ☐ 1. Did police officer have notice of any applicable Department order, policy, order, etc.?
- ☐ 2. Was there a breach of such order, policy, and procedure?
- ☐ 3. Did the police officer have notice of the disciplinary consequences of his or her actions?

- ___8. Have any factors in mitigation been considered?
- ___9. If any discrepancies exist between the police officer's account of the facts and the account of witnesses, can the discrepancies be resolved based upon solid rationale to support the finding?

C. Consistency of Practices

- ___1. Have the Department's policies, practices, orders been consistently applied and enforced?
- ___2. Has the Department overlooked or condoned past violations of the same sort in the past?
- ___3. If consistent enforcement is lacking, are there aggravating factors supporting a disciplinary finding?
- ___4. Is the investigative finding consistent with the Department's past history or past practices?

D. Nature of Alleged Misconduct

- ___5. Has the police officer been convicted of a crime? Was the conviction a felony?
- ___6. Is any criminal action of such a nature such that it will be impossible for the police officer to continue employment?

Where possible criminal allegations exist, it is recommended that the Commission's investigation trail the criminal investigation, and await a determination from the District Attorney or Grand Jury. In general, an investigation may be tolled under POBOR where a criminal investigation is also involved.

VII. Investigation Findings

- A. Investigations must evaluate all of the facts and circumstances surrounding allegations. The investigator should proceed with the investigation in an open and unbiased manner in an effort to preserve the integrity of the investigation. Fairness is critical in conducting investigations. The investigator is very important relative to this critical requirement.
- B. Upon a careful analysis of the totality of facts in an investigation, a finding based on the preponderance of evidence, or totality of facts, must be made by the investigator or a supervisor reviewing the investigation. Findings must be supported by the clear facts and circumstances present in the investigation.
- C. Although the investigative analyses and conclusions may not necessarily be discussed or disclosed in public given confidentiality protections, the analyses and conclusion will affect any disciplinary finding stemming from the investigation. In this regard, investigators must take great care to be accurate and thorough in rendering conclusions based upon all of the facts in an investigation. At the conclusion of the investigation, findings should be rendered based on what the totality of evidence determines. Findings will generally fall into one of four categories:
 - 1) **Sustained**: meaning that the suspected conduct investigated occurred in violation of Departmental orders, rules, policies and/or procedures.
 - 2) **Not sustained**: meaning that the investigation revealed that there was insufficient evidence to prove a violation of Departmental orders, rules, policies and/or procedures. A not sustained finding does not mean that the conduct did not occur, but that there is a lack of evidence to prove any violation.
 - 3) **Exonerated**: meaning that the alleged conduct occurred, but that there was justification for the action militating against a disciplinary finding.
 - 4) **Unfounded**: meaning that the alleged conduct did not occur, or that evidence determined that a violation of rules, policies, etc. did not occur.
- D. The Commission may adopt one of the above findings or take further action as follows:
 - (1) Summarily dismiss the Complaint, in whole or in part;
 - (2) Refer the Complaint back to staff for further investigation;
 - (3) Defer further action on the Complaint;

- (4) Conduct an Investigative Hearing;
 - (5) Take any other appropriate action, disposition, make recommendations, or the Commission may refer any matter before the Commission to the grand jury, district attorney, or other governmental agency authorized by law to investigate the activities of a law enforcement agency.
- E. After reviewing the investigation or case report, the Commission may summarily dismiss a case, upon recommendation of the Executive Officer, on its own motion, or that of the Subject Officer or the Complainant. Parties to the Complaint shall be notified of a proposed Summary Dismissal, and may appear to argue for or against Summary Dismissal. Summary Dismissal may be appropriate in the following circumstances:
- (1) The Commission does not have jurisdiction over the subject matter of the Complaint.
 - (2) The complaint was not filed in a timely manner.
 - (3) Lack of cooperation by the Complainant such that the Commission is unable to continue its investigation, failure by the Complainant to respond to repeated inquiries when such response is necessary to the ongoing investigation.
 - (4) The Subject Officer is no longer employed by the Department, or in the interest of justice.
 - (5) The Complaint is frivolous, or clearly devoid of merit such that no reasonable person could sustain a finding based on the facts.
 - (6) The case investigation is not completed within one year, not including any applicable tolling exemptions.

VIII. COMMISSION INVESTIGATIVE HEARINGS

The Complainant, Subject Officer, Executive Officer, or a member of the Commission may request an Investigative Hearing for some or all of the allegations of a Case.

An Investigative Hearing will be conducted, in accordance with the procedures for such hearings when the Commission determines that such a hearing may facilitate the fact-finding process.

An Investigative Hearing may be deemed to facilitate the fact-finding process when:

- (a) There has been an undue lapse of time since the occurrence of the incident that is the subject of the Complaint; or
- (b) There are additional witnesses, evidence, or information that contradicts or supplements, or is not disclosed by the Investigative Report; or
- (c) There is reason to question the conclusion of the Investigative Report; or
- (d) The case of heightened public attention and an Investigative Hearing would advance public confidence in the complaint and investigation process of the Commission; or
- (e) An appearance in person by the parties would facilitate the fact process.

A. Scope of the Investigative Hearing. The scope of an Investigative Hearing may vary. It may consist of a single, narrowly drawn issue; of multiple issues; or of the entire complaint. The scope should be determined by the Commission when authorizing an Investigative Hearing, and all interested parties to the complaint shall be informed of any limitation in scope when notified of the Investigative Hearing.

B. Admission or No Contest Response by Officer. A Subject Officer may admit or enter a written response of “no contest” at any time prior to an Investigative Hearing. A response of “no contest” indicates that the Subject Officer accepts the allegations of the Complaint as substantially true in fact and interpretation. The Subject Officer shall be bound by the terms of the “no contest” response in any further consideration of the complaint.

C. Hearings In General:

1. The Investigative Hearing Process must be conducted consistent with the Brown Act, Penal Code sections 832.5-832.7, Evidence Code sections 1040-1047 and Government code sections 6250 et seq.
2. The Investigative Hearing Panel of the Commission shall consist of *five* members of the Commission, as selected by the Chair, with one member designated as the Presiding Member. If there is an Investigative Hearing involving an officer-involved shooting or in-custody death, the Commission will sit as a whole with a quorum of the members, not less than seven, present.
3. Challenges of Commission members:
 - A) *Challenge for Conflicts of Interest or Bias:* A Commission member sitting on an Investigative Hearing Panel must consider all complaints in a fair and impartial manner. A member who has a personal bias or prejudice, or the appearance thereof, in the outcome of a complaint shall not sit on the Investigative Hearing Panel deciding that Complaint. Personal interest in the outcome of a complaint does not include holding or manifesting any political or social attitude or belief, where such belief or attitude does not preclude objective consideration of a case on its merits. Examples of personal bias include, but are not limited to:
 - 1) Familial relationship, or close friendship, with parties material to the inquiry;
 - 2) Witnessing events material to the inquiry from a non-neutral perspective;
 - 3) Being a party to the inquiry;
 - 4) Having a financial interest in the outcome of the inquiry; and/or
 - 5) Holding a bias against a particular party that is sufficient to impair the Commission member's impartiality.

- B) *Procedure for Challenges.* Within five calendar days after the date on which Commission furnishes notice of an Investigative Hearing, including the names of the Commission members constituting the Investigative Hearing Panel, any party to the complaint may file a challenge for cause. Challenges for conflict of interest or bias must substantiate the challenge.

When a challenge for cause is filed, the Chair shall notify the challenged member as soon as possible, and if the member agrees that the challenge is for good cause, or otherwise agrees, the Chair shall ask another member to serve. If the challenged member does not agree that the challenge is for good cause, the Chair may poll the other members of the Investigative Hearing Panel, and if they agree that the challenge is for good cause, the

Chair shall so notify the challenged Commission member and ask another to serve.

4. *Public Comments.* Commission members shall avoid public comment on the substance of particular pending complaints and investigations and shall preserve the confidentiality of closed session meetings in accordance with the Brown Act and applicable law.

1) INVESTIGATIVE HEARING PROCEDURES

Investigative Hearings may be scheduled by the Chair for any regular or special meeting of the Commission consistent with notice requirements under the Brown Act.

Fourteen day Notice Requirements. Fourteen days' calendar notice of an Investigative Hearing shall be given to the complainant, each Subject Officer, and any other person whose attendance the Commission deems appropriate. The notice shall state the date, time, and place of the Investigative Hearing, and the names of the Investigative Hearing Panel members.

Hearings are Generally Closed to the Public. The nature of Investigative Hearings, open or closed, will be in closed session consistent with the Brown Act and peace officer confidentiality protections existing at the time of the Investigative Hearing, unless the Subject Officer requests an open Investigative Hearing.

Where an incident has been or is highly known to the public, there is nothing that prevents the Commission from holding open public hearings to receive community input or comments concerning the incident. The Commission may consider community input or information in conjunction with any investigation underway, but shall not form any conclusions or hold deliberations regarding the outcome of the investigation solely based on public opinion or community input.

Authority to Compel Appearance. The authority of the Executive Director to subpoena witnesses may be used to compel the appearance of witnesses, including Subject Officers, and/or the production of documents.

Conduct of the Investigative Hearing. Investigative Hearings should be informal, and should be conducted in the following manner unless the Chair orders otherwise:

- (a) The Presiding Member or Chair, as applicable, will conduct the Investigative Hearing subject to being overruled by a majority of the Investigative Hearing Panel or the Commission, as applicable. Members of the Investigative Hearing Panel shall be primarily responsible for obtaining testimony. One Investigative Hearing Panel member

may be assigned by the Presiding Member or the Chair to perform the initial questioning of witnesses during an Investigative Hearing convened for a Case. Additional questions may be asked by any Investigative Hearing Panel member, or by a Subject Officer or his or her representative.

(b) At the discretion of the Commission or the Investigative Hearing Panel, opening statement(s) may be made on behalf of the Complainant and the Subject Officer(s) involved.

(c) In the event that the Subject Officer is compelled to cooperate in an Investigative Hearing, Departmental personnel shall provide the Subject Officer with the “*Garrity/Lybarger* warning” when required under the appropriate circumstances. After the Investigative Hearing Panel has taken all relevant evidence, each party may, at the discretion of the Presiding Member or the Chair, be given an opportunity to make a closing statement.

(d) At the conclusion of any witness testimony, either the Complainant or the Subject Officer may request that Commission or the Investigative Hearing Panel consider any additional areas of inquiry they feel need to be covered. The Presiding Member shall determine whether any further questions will be asked.

(e) To the extent possible, the entire Investigative Hearing on a given complaint should be conducted in one meeting. However, if the Commission or the Investigative Hearing Panel determines that additional evidence is necessary to reach its findings, it will continue the Investigative Hearing to a future date unless the parties agree to allow the Investigative Hearing Panel to receive such material in writing without reconvening.

(f) *Deliberation.* After obtaining evidence, the Investigative Hearing Panel will deliberate in closed session. The Investigative Hearing Panel shall not consider any information not received as part of the Investigative Hearing. The Investigative Hearing Panel may reconvene in the presence of all parties to ask further questions, and each party shall have the opportunity to respond to any such questions.

(g) *Finding and Report by Five-Member Investigative Hearing Panel.* At the conclusion of an Investigative Hearing before an Investigative Hearing Panel, the Panel members shall, by majority vote, adopt a recommended Finding with respect to the complaint. The Investigative Hearing Panel shall not consider evidence or information obtained outside of the Investigative Hearing. The Investigative Hearing Panel shall then prepare a written report summarizing the evidence, the recommended Finding, the reasons for the recommended Finding, any dissenting opinion, and any other information that may be useful to the full Commission in its consideration of the case.

(h) *Submission to Commission.* A written Confidential Investigative Hearing Panel Report shall be forwarded to all members of the Commission, and the matter calendared as soon as possible at a scheduled regular or special meeting.

A copy of the Confidential Investigative Hearing Panel Report shall be forwarded, to the extent afforded by law to each Complainant and Subject Officer, together with a notice of the time and place of the Commission meeting at which the complaint will be considered.

All Complainants and Subject Officers shall be notified that Commission may accept written objections to the report within 10 days of the date of the submission of the report.

Upon consideration by the Commission, it may:

1. Vote to conclude the matter without further investigation, review, or hearings;
2. Request further information or review by staff, by the Investigative Hearing Panel, or through other appropriate means;
3. Vote to conduct further proceedings on the matter before the entire Commission;
4. Take such other or additional action as it deems necessary and appropriate, such as the making of recommendations regarding policy or rule changes, referral to appropriate agencies, or other appropriate action;
5. Accept the Confidential Investigative Hearing Panel Report as the Final Report of the Commission.

(i) *Record of Investigative Hearing.* All Investigative Hearings shall be transcribed or recorded by a court or stenographic reporter.

2) EVIDENCE AT INVESTIGATIVE HEARINGS

Investigative Hearings do not need to be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule that might make improper the admission of such evidence over objection in civil actions.

Hearsay evidence may be used for the purpose of supplementing or explaining other evidence. However, hearsay shall not be sufficient in and of itself to establish facts unless of the nature generally relied upon in civil actions.

Evidence shall be taken in accordance with the following provisions:

1. Each party and the Investigative Hearing Panel shall have the following rights:
 - a. To call and examine witnesses;
 - b. To introduce exhibits;
 - c. To examine and cross-examine witnesses on any matter relevant to the issues even though that matter was not covered in the direct examination;
 - d. To impeach any witness regardless of which party first called the witness to testify;

If the Subject Officer does not testify in his/her own behalf, he/she may be called and examined as if under cross-examination.

2. Oral evidence shall be taken only under oath or affirmation.
3. Upon the request of either party, a witness may be excluded from the Investigative Hearing until they are called to testify.
4. Irrelevant and unduly repetitious evidence shall be excluded.
5. The rules governing privileged communications shall be effective to the extent that they are otherwise required by constitution or statute.
6. Each party, including the CPP and any witness, shall have the right to have an attorney or representative of his or her choice present at all times during his or her own fact-finding interview or at the Investigative Hearing. The representative may not be a witness or a person involved in the same investigation.

The CPP shall have the ability to have in attendance executive staff, investigators and legal counsel for purposes of questioning and/or legal guidance.

7. Interpreters. The Chair shall have discretionary authority to provisionally qualify and utilize interpreters. Each party in need of an interpreter shall give notice to the Chair within seven days of receipt of the notice of hearing so that appropriate arrangements can be made.
8. Authority to Compel Appearance. The authority of a Commission subpoena issued by the Executive Director may be used to compel the production of documents and/or the appearance of witnesses, including the Subject Officer.
9. Failure to Appear. When either the Complainant or the Subject Officer fails to appear, the Investigative Hearing Panel may receive statements from those persons present and relying on the evidence received, continue with the Investigative Hearing.
10. Confidentiality of Commission Records. The Commission shall not disclose to the general public any reports, statements, files, records, documents, tapes, or other items whose confidentiality is protected by law. This confidentiality may only be waived in accordance with applicable law, statute, ordinance, or legal proceedings. Evidence contained in Commission's file may only be disclosed to the Complainant and the Subject Officer to the extent afforded by law.
11. Burden of Proof. No finding with respect to an allegation of a Complaint shall be sustained unless it is proven by a Preponderance of the Evidence or totality of facts presented at the Investigative Hearing(s) or otherwise contained in the investigative record.

Public Safety Officers Procedural Bill of Rights

CALIFORNIA CODES GOVERNMENT CODE SECTIONS 3300-3311

3300. This chapter is known and may be cited as the Public Safety Officers Procedural Bill of Rights Act.

3301. For purposes of this chapter, the term public safety officer means all peace officers specified in Sections 830.1, 830.2, 830.3, 830.31, 830.32, 830.33, except subdivision (e), 830.34, 830.35, except subdivision (c), 830.36, 830.37, 830.38, 830.4, and 830.5 of the Penal Code. The Legislature hereby finds and declares that the rights and protections provided to peace officers under this chapter constitute a matter of statewide concern. The Legislature further finds and declares that effective law enforcement depends upon the maintenance of stable employer-employee relations, between public safety employees and their employers. In order to assure that stable relations are continued throughout the state and to further assure that effective services are provided to all people of the state, it is necessary that this chapter be applicable to all public safety officers, as defined in this section, wherever situated within the State of California.

3302. (a) Except as otherwise provided by law, or whenever on duty or in uniform, no public safety officer shall be prohibited from engaging, or be coerced or required to engage, in political activity.

(b) No public safety officer shall be prohibited from seeking election to, or serving as a member of, the governing board of a school district.

3303. When any public safety officer is under investigation and subjected to interrogation by his or her commanding officer, or any other member of the employing public safety Department, that could lead to punitive action, the interrogation shall be conducted under the following conditions. For the purpose of this chapter, punitive action means any action that may lead to dismissal, demotion, suspension, reduction in salary, written reprimand, or transfer for purposes of punishment.

(a) The interrogation shall be conducted at a reasonable hour, preferably at a time when the public safety officer is on duty, or during the normal waking hours for the public safety officer, unless the seriousness of the investigation requires otherwise. If the interrogation does occur during off-duty time of the public safety officer being interrogated, the public safety officer shall be compensated for any off-duty time in accordance with regular Department procedures, and the public safety officer shall not be released from employment for any work missed.

(b) The public safety officer under investigation shall be informed prior to the interrogation of the rank, name, and command of the officer in charge of the interrogation, the interrogating officers, and all other persons to be present during the interrogation. All questions directed to the public safety officer under interrogation shall be asked by and through no more than two interrogators at one time.

- (c) The public safety officer under investigation shall be informed of the nature of the investigation prior to any interrogation.
- (d) The interrogating session shall be for a reasonable period taking into consideration gravity and complexity of the issue being investigated. The person under interrogation shall be allowed to attend to his or her own personal physical necessities.
- (e) The public safety officer under interrogation shall not be subjected to offensive language or threatened with punitive action, except that an officer refusing to respond to questions or submit to interrogations shall be informed that failure to answer questions directly related to the investigation or interrogation may result in punitive action. No promise of reward shall be made as an inducement to answering any question. The employer shall not cause the public safety officer under interrogation to be subjected to visits by the press or news media without his or her express consent nor shall his or her home address or photograph be given to the press or news media without his or her express consent.
- (f) No statement made during interrogation by a public safety officer under duress, coercion, or threat of punitive action shall be admissible in any subsequent civil proceeding. This subdivision is subject to the following qualifications:
- (1) This subdivision shall not limit the use of statements made by a public safety officer when the employing public safety Department is seeking civil sanctions against any public safety officer, including disciplinary action brought under Section 19572.
 - (2) This subdivision shall not prevent the admissibility of statements made by the public safety officer under interrogation in any civil action, including administrative actions, brought by that public safety officer, or that officer's exclusive representative, arising out of a disciplinary action.
 - (3) This subdivision shall not prevent statements made by a public safety officer under interrogation from being used to impeach the testimony of that officer after an in camera review to determine whether the statements serve to impeach the testimony of the officer.
 - (4) This subdivision shall not otherwise prevent the admissibility of statements made by a public safety officer under interrogation if that officer subsequently is deceased.
- (g) The complete interrogation of a public safety officer may be recorded. If a tape recording is made of the interrogation, the public safety officer shall have access to the tape if any further proceedings are contemplated or prior to any further interrogation at a subsequent time. The public safety officer shall be entitled to a transcribed copy of any notes made by a stenographer or to any reports or complaints made by investigators or other persons, except those which are deemed by the investigating agency to be confidential. No notes or reports that are deemed to be confidential may be entered in the officer's personnel file. The public safety officer being interrogated shall have the right to bring his or her own recording device and record any and all aspects of the interrogation.
- (h) If prior to or during the interrogation of a public safety officer it is deemed that he or she may be charged with a criminal offense, he or she shall be immediately informed of his or her constitutional rights.
- (i) Upon the filing of a formal written statement of charges, or whenever an interrogation focuses on matters that are likely to result in punitive action against any public safety officer, that officer, at his or her request, shall have the right to be represented by a representative of his or her choice who may be present at all times during the interrogation. The representative shall not be a person

subject to the same investigation. The representative shall not be required to disclose, nor be subject to any punitive action for refusing to disclose, any information received from the officer under investigation for non-criminal matters. This section shall not apply to any interrogation of a public safety officer in the normal course of duty, counseling, instruction, or informal verbal admonishment by, or other routine or unplanned contact with, a supervisor or any other public safety officer, nor shall this section apply to an investigation concerned solely and directly with alleged criminal activities.

(j) No public safety officer shall be loaned or temporarily reassigned to a location or duty assignment if a sworn member of his or her Department would not normally be sent to that location or would not normally be given that duty assignment under similar circumstances.

3304. (a) No public safety officer shall be subjected to punitive action, or denied promotion, or be threatened with any such treatment, because of the lawful exercise of the rights granted under this chapter, or the exercise of any rights under any existing administrative grievance procedure. Nothing in this section shall preclude a head of an agency from ordering a public safety officer to cooperate with other agencies involved in criminal investigations. If an officer fails to comply with such an order, the agency may officially charge him with insubordination.

(b) No punitive action, nor denial of promotion on grounds other than merit, shall be undertaken by any public agency without providing the public safety officer with an opportunity for administrative appeal.

3305. No public safety officer shall have any comment adverse to his interest entered in his personnel file, or any other file used for any personnel purposes by his employer, without the public safety officer having first read and signed the instrument containing the adverse comment indicating he is aware of such comment, except that such entry may be made if after reading such instrument the public safety officer refuses to sign it. Should a public safety officer refuse to sign, that fact shall be noted on that document, and signed or initialed by such officer.

3306. A public safety officer shall have 30 days within which to file a written response to any adverse comment entered in his personnel file. Such written response shall be attached to, and shall accompany, the adverse comment.

3307. No public safety officer shall be compelled to submit to a polygraph examination against his will. No disciplinary action or other recrimination shall be taken against a public safety officer refusing to submit to a polygraph examination, nor shall any comment be entered anywhere in the investigator's notes or anywhere else that the public safety officer refused to take a polygraph examination, nor shall any testimony or evidence be admissible at a subsequent hearing, trial, or proceeding, judicial or administrative, to the effect that the public safety officer refused to take a polygraph examination.

3308. No public safety officer shall be required or requested for purposes of job assignment or other personnel action to disclose any item of his property, income, assets, source of income, debts or personal or domestic expenditures (including those of any member of his family or household) unless such information is obtained or required under state law or proper legal procedure, tends to indicate a conflict of interest with respect to the performance of his official duties, or is necessary for the employing agency to ascertain the desirability of assigning the public safety officer to a specialized unit in which there is a strong possibility that bribes or other improper inducements may be offered.

3309. No public safety officer shall have his locker, or other space for storage that may be assigned to him searched except in his presence, or with his consent, or unless a valid search warrant has been obtained or where he has been notified that a search will be conducted. This section shall apply only to lockers or other space for storage that are owned or leased by the employing agency.

3309.5. (a) It shall be unlawful for any public safety Department to deny or refuse to any public safety officer the rights and protections guaranteed to them by this chapter.

(b) The superior court shall have initial jurisdiction over any proceeding brought by any public safety officer against any public safety Department for alleged violations of this section.

(c) In any case where the superior court finds that a public safety Department has violated any of the provisions of this chapter, the court shall render appropriate injunctive or other extraordinary relief to remedy the violation and to prevent future violations of a like or similar nature, including, but not limited to, the granting of a temporary restraining order, preliminary, or permanent injunction prohibiting the public safety Department from taking any punitive action against the public safety officer.

3310. Any public agency which has adopted, through action of its governing body or its official designee, any procedure which at a minimum provides to peace officers the same rights or protections as provided pursuant to this chapter shall not be subject to this chapter with regard to such a procedure.

3311. Nothing in this chapter shall in any way be construed to limit the use of any public safety agency or any public safety officer in the fulfilling of mutual aid agreements with other jurisdictions or agencies, nor shall this chapter be construed in any way to limit any jurisdictional or interagency cooperation under any circumstances where such activity is deemed necessary or desirable by the jurisdictions or the agencies involved.

§26.1101 ~~Purpose and Intent~~ Establishment and Purpose of the Commission on Police Practices

~~San Diego Charter section 43(d) gives the Mayor and City Council exclusive authority to establish a Community Review Board On Police Practices to review and evaluate citizens' complaints against members of the Police Department and the Police Department's administration of discipline arising from the complaints.~~

~~It is the purpose and intent of the Mayor and City Council to establish the Community Review Board on Police Practices, as set forth in section 43(d) as amended, and to create such rules and regulations as are necessary for the Board to carry out its functions consistent with the laws of the State of California concerning citizens' complaints against peace officers.~~

~~These rules and regulations shall be known as the Standard Operating Procedures, which must be promulgated by the Mayor and approved by City Council with a resolution.~~ Effective December 18, 2020, City Charter section 41.2 established the

Commission on Police Practices, which supersedes and replaces the Community Review Board on Police Practices. The *Commission* is an investigatory body of the City, independent of the Mayor, Police Chief, and *Police Department*.

The *Commission's* purpose is: (1) to provide independent community oversight of the *Police Department*, directed at increasing community trust in the *Police Department* and increasing safety for both members of the community and *police officers*; (2) to perform independent *investigations of police officer-involved* shootings, in-custody deaths, and other significant incidents involving the *Police Department*, and independent *evaluations of complaints* against the *Police Department* and its personnel, in a process that is transparent and accountable to the community; and (3) to *evaluate and review Police Department* policies, practices, training, and protocols, and represent the community in making recommendations for changes. Participation in a mediation program must be voluntary and mutually agreed upon by both the complainant and the police officer. Mediation must be limited to eligible cases as determined by the Commission. A case successfully resolved through

mediation, as determined by the *Commission*, is not considered a disciplinary proceeding or punitive action under the California Public Safety Officers Procedural Bill of Rights Act. However, the *complaint* may be subject to discovery in a criminal or civil action in accordance with applicable federal or state laws.

- (12) The *Commission* must interact with all City employees, including *police officers* and other employees of the *Police Department*, in accordance with all applicable federal, state, and local laws and regulations, including the City's Civil Service Rules, Personnel Regulations, Administrative Regulations, and collective bargaining agreements between the City and its recognized employee organizations.

- (b) The Chief of Police must consider any *evaluation* or recommendation by the *Commission* of proposed *police officer* discipline, prior to *Police Department* imposition of the discipline, but only if the *evaluation* or recommendation is completed before the statutory timelines set forth in the California Public Safety Officers Procedural Bill of Rights Act or other applicable law. The Chief of Police retains authority and discretion to discipline subordinate employees in the *Police Department*. The exercise of the *Commission's* duties and powers, as set forth in the City Charter and this Code, including its *investigatory* duties and powers, is not

intended to obstruct, abrogate, or supersede the duties of the Chief of Police, as set forth in the City Charter.

§26.1108 **Cooperation of City Employees in Commission Activities**

- (a) It is the policy of the City that all officers and employees of the City cooperate promptly and fully with the *Commission* to ensure the *Commission* can timely and properly perform its duties as required by the Charter, the Council by ordinance, and state and federal laws. However, any disclosure of personnel records to the Commission by any City department must be in accordance with all applicable federal and state laws and regulations, including all laws and regulations pertaining to confidential medical information and personnel records. The Commission is required to maintain the confidentiality of all Police Department records and City personnel records, in accordance with applicable laws, and to respond to requests by members of the public for records in the possession of the Commission in a manner consistent with the California Public Records Act and applicable constitutional, statutory, and case law that protects personnel records.
- (b) In accordance with City Charter section 57, the Chief of Police retains authority over the records of the Police Department. The Chief of Police must provide records to the Commission in whole and with all information

unredacted unless, in the opinion of the Chief of Police, to do so will hinder a criminal investigation or will infringe upon the exercise of the Chief of Police's right to deliberative process and confidential communications with other law enforcement agencies, the Mayor, or with the subordinate employees of the *Police Department* regarding matters within the authority of the Chief of Police. Within ten calendar days after a written request from the *Commission*, the Chief of Police must provide the *Commission* with *Police Department* records as specified in this section or a written explanation, setting forth the specific records or reasonably segregable portions of the records being withheld, the reason for the withholding or redactions, and the legal justification supporting the withholding or redactions. If the *Commission* disagrees with the Chief of Police's decision to withhold records or redact information, the *Commission* may seek disclosure through its subpoena power, as defined by the Charter and this Code.

- (c) *The Commission* must retain *complaints* and any reports or *findings* relating to *complaints* for at least five years or any longer period required by state law. These *Commission* records are considered *personnel records* and must be managed in accordance with the California Public Records Act, the California Penal Code, the California Public Safety Officers Procedural Bill of Rights Act, California Evidence Code section 1043, and other applicable laws and collective bargaining agreements. Commission on Police Practices

Interim Standard Operating Procedures

The Commission on Police Practices (Commission) has several functions, including conducting independent investigations, beyond those of its predecessor, the Community Review Board on Police Practices (CRB). The purpose of these Interim Standard Operating Procedures is to allow the case review and policy recommendation functions of the Commission to continue uninterrupted while new Standard Operating Procedures are being developed and adopted. Interim Standard Operating Procedures shall be subject to the statutory timelines and other requirements of the California Public Safety Officers Procedural Bill of Rights (“POBOR”), including any legislative or case law changes to POBOR, as well as applicable state and federal laws.

The responsibility of responding to complaints against the San Diego Police Department (SDPD) is shared between SDPD, primarily the Internal Affairs (IA) Department, and the Commission. The collaborative relationship between the two is important for a fair and objective process that gives serious consideration to community members and SDPD officers equally. The process is improved by both organizations working together. While cooperation is key, independence of each organization is crucial.

1. Complaint Process

Complaints are submitted either through the Commission or at multiple locations with SDPD. The Commission must receive, register, review and evaluate all complaints. Complaints submitted via the SDPD shall be transmitted to the Commission in a timely manner.

SDPD Role

Coordination between SDPD and the Commission is required throughout the process, starting with complaint intake, through preparation of the case file, discussion during Commission review (including any Team requests for additional allegations or additional investigation as well as any disagreement), and, finally, preparation for presentation at a Closed Meeting of the full Commission.

SDPD Complaint Investigations

Each complaint regarding an officer, whether generated through the Commission or an alternate process, is investigated by SDPD. Complaints involving any allegations of unlawful arrest or detention, excessive force, discrimination, slur, search and seizure violations, or criminal conduct are investigated by Internal Affairs (IA). Less serious complaints that involve only allegations of courtesy, procedure, conduct and service are investigated by the subject officer’s SDPD Division. The investigating officer is responsible for completing a thorough investigation and writing an investigative report that is fair to both the complainant(s) and subject officer(s). Results of investigations are documented in the Investigator’s Report. A complaint may contain more than one allegation. At the conclusion of the investigation IA makes one of the following findings for each allegation:

- I. Sustained – the Department member committed all or part of the alleged acts of misconduct;
- II. Not Sustained – the investigation produced insufficient information to

clearly prove or disprove the allegations;

- III. Exonerated – the alleged act occurred was justified, legal and proper, or was within policy; or
- IV. Unfounded – the alleged act did not occur.

The Investigator's Report, including the finding(s), and all related material in the SDPD investigation file are forwarded to the Commission, via the Executive Director, for their review. The Executive Director shall implement procedures to ensure compliance with all legal confidentiality requirements.

2. Commission Case Review

The Commission currently reviews the IA Investigator's Report and all related material including the finding(s) by IA and conducts its review. (In the future, if a case is referred for an independent investigation, the Commission will also review the Commission Investigator's Report.)

For less serious cases (allegations of courtesy, procedure, service or conduct), the Commission may elect to conduct an audit in lieu of a detailed review, utilizing the audit procedures adopted by the former CRB.

Cases are assigned to teams by the Commission. The Case Review Team (Team) reviews the Investigator's Report and all related materials and develops a Case Review Team report (Report). That Report includes a review of the finding(s) by IA with the Team making one of the following conclusions:

- I. Agree – The finding(s) by IA is correct;
- II. Agree with Comment – The finding(s) by IA is correct and additional information from the case review should be noted (comments may include, but are not limited to, the appropriateness of the tactics employed by the subject officer);
- III. Disagree with Comment – The finding(s) by IA is incorrect; or
- IV. Refer for Commission Investigation – If the complaint meets one or more of the criteria stipulated in Charter section 41.2 for a discretionary investigation, the Commission may elect to keep its case open until an independent investigation can be conducted.

Upon conclusion of the case review, the Team presents the Report, including the conclusion, to the full Commission in Closed session. The Commission hears the case and takes action regarding the final disposition of the case. The results of the Commission action are provided to the complainant and the case is then closed.

A summary of each case, with personally identifiable information redacted as required by law, shall be included in the Commission's semiannual report to the Mayor and City Council. Within one month after a summary is completed and approved by Commission's legal counsel, it will be posted on the Commission website.

In the event that the Commission considers every possible finding and is unsuccessful in reaching the required majority vote to indicate a position on one or more findings, the Commission may close the case by vote of the Commission as a failure to achieve consensus.

Charter section 41.2 states that the Commission “is authorized to refer any matter before the Commission to the grand jury, district attorney, or any other governmental agency that is authorized by law to investigate the activities of a law enforcement agency.” Other governmental agencies could include the Department of Justice or Federal Bureau of Investigation.

In all cases where there is disagreement with an IA finding, disagreements are recorded and highlighted in semiannual reports to the Mayor and City Council.

Charter section 41.2 gives the Commission the discretion to independently investigate complaints that meet specified criteria. These Interim Standard Operating Procedures are not intended to restrict the Commission from conducting such investigations once procedures for conducting investigations have been adopted.

3. Shooting Review and In-Custody Death Cases

Charter section 41.2 states that the “Commission must independently investigate all deaths occurring while a person is in the custody of the Police Department; all deaths resulting from interaction with an officer of the Police Department; and all City police officer-related shootings. The Commission has this duty whether or not a complaint has been made against a police officer or the Police Department. These investigations must be conducted by Commission staff or contractors who are independent of the Police Department, and in accordance with the officer’s federal and state law rights.” While the Commission is developing procedures to conduct such investigations, it may continue to review the investigations of the Police Department as specified below; however an independent investigation by the Commission, as required by the City Charter, shall be subsequently conducted.

An Officer Involved Shooting (OIS) case is initiated automatically by an incident in which as SDPD officer fires a gun at a person. An In-Custody Death (ICD) case is initiated automatically by the death of a subject in the custody of SDPD.

There is extensive investigation into an OIS or an ICD by the SDPD Homicide Unit and by the District Attorney. Upon the conclusion of those investigations IA prepares a report that is reviewed by the Commission. Generally speaking the OIS and ICD cases are handled by Teams in the same manner as complaints within the Commission jurisdiction.

~~For OIS and ICD incidents that occur after the effective date of December 18, 2020 that established the Commission, no determination of whether or not an officer related shooting or in-custody death was within policy shall be made by the Commission until an independent investigation by the Commission has been concluded.~~

4. Review of SDPD Discipline by the Commission

When disciplinary action is taken against an officer by the Chief of Police as a result of a sustained finding of misconduct, the Chief of Police or designee will notify the Commission. The

original Case Review Team will be assigned to review the discipline. If any member of the original Case Review Team is no longer serving on the Commission, the Commission Chair will assign a replacement with priority given to members who attended the original case presentation.

The Team will evaluate the disciplinary action and decide by majority vote whether to agree or disagree on the following:

- I. Agree or Disagree that the reported discipline is consistent with the SDPD Discipline Matrix; and
- II. Agree or Disagree that the discipline imposed was appropriate.

Charter section 41.2 gives the Commission the discretion to make recommendations to the Police Department regarding the discipline of individual officers in specific situations. These Interim Operating Procedures are not intended to restrict the Commission from making such recommendations once procedures for making discipline recommendations have been adopted.

5. Commission Referral to Chief of Police or Mayor

The Commission, by majority vote, may request that the Chief of Police or the Mayor review and evaluate a case or discipline.

6. Policy Recommendations

It is the objective of the Commission to advocate for policies which promote fair and humane policing and also ensure the safety of both community members and police officers. The Commission may, by majority vote, make specific recommendations to the Police Department, the Mayor, and the City Council on any policies, procedures, practices or actions of the Police Department.

Notwithstanding the foregoing, CLERB may not commence review or investigation of any death of an individual coming within the provisions of this Section 4.3 (a) more than one year after the date of the death, unless the review and investigation is commenced in response to a Complaint filed within the time limits set forth herein.
- (b) Incidents involving the discharge of a firearm by peace officers or custodial officers employed by the County Sheriff's Department or the Probation Department.

- (d) The use of force by peace officers or custodial officers employed by the County Sheriff's Department or the Probation Department at protests or other events protected by the First Amendment.

4.4 Other Duties and Responsibilities. CLERB shall have authority to:

- (a) Prepare reports, including at least the Sheriff or the Chief Probation Officer as recipients, on the results of any investigations conducted by CLERB in respect to the activities of peace officers or custodial officers, including recommendations relating to any trends in regard to employees involved in Complaints. CLERB is not established to determine criminal guilt or innocence.
- (b) Prepare an annual report to the Board of Supervisors, the Chief Administrative Officer, the Sheriff and the Chief Probation Officer summarizing the activities and recommendations of CLERB including the tracking and identification of trends in respect to all Complaints received and investigated during the reporting period and present the annual report to the Board of Supervisors within 60 days of its adoption by CLERB.
- (c) Review and make recommendations on policies and procedures of the Sheriff and the Chief Probation Officer to the Board of Supervisors, the Sheriff, and the Chief Probation Officer.

SECTION 5: PROCEDURES REGARDING COMPLAINTS

5.1 Policy. The following shall provide a framework for the receipt, screening, review, investigation, reporting on, and disposition of Complaints regarding alleged activity set forth in Section 4.1 by peace officers or custodial officers of the County of San Diego in the Sheriff's Department and the Probation Department:

- (a) It is the policy of CLERB to encourage persons who have complaints concerning the conduct of peace officers or custodial officers employed by the County in the Sheriff's Department or the Probation Department to bring the same to the attention of CLERB. CLERB will attempt to assist and accommodate Complainants regarding the Complaint filing process.
- (b) The investigation of Complaints shall be conducted in an ethical, independent, thorough, timely, fair, and impartial manner.
- (c) Complaints will be screened, reviewed, and investigated (where appropriate), and disposed of in accordance with the procedures set forth in these Rules and Regulations.
- (d) As promptly as possible, Complaints received by CLERB shall be transmitted by the Executive Officer to the Sheriff or the Chief Probation Officer.
- (e) CLERB will make every effort to consider and to respond to Complaints against peace officers or custodial officers and investigate when necessary.
- (f) The right of any Complainant to bring a Complaint shall be absolute and unconditional. The reluctance or refusal of the Complainant to prepare a Complaint form shall not impair the right to lodge a Complaint. Notwithstanding the foregoing, no Complaint shall be investigated, however, until a written Complaint has been received by CLERB or a member of its staff, which Complaint has been signed and

the truth of the Complaint attested to, under penalty of perjury, by the Complainant.

- (g) The investigation of a Complaint will be conducted in a manner designed to avoid unnecessary inconvenience or embarrassment to the Complainant, the Aggrieved Person, the witnesses, the Subject Officer, and any agency or instrumentality of the County.
- (h) To the extent possible consistent with its duties and responsibilities, CLERB shall coordinate its activities with other public officers, such as the Sheriff, the District Attorney, the Grand Jury, the U. S. Attorney, and the Public Defender, so that the other public officers and CLERB can fully and properly perform their respective duties.

5.2 Lodging and Filing of Complaints. Complaints may be lodged in writing, in person, by telephone, or by any other means of communication. A Complaint may be lodged with CLERB by a person on behalf of himself or herself or on behalf of an Aggrieved Person by any interested person or group. A Complaint shall be considered received by CLERB at the time it is lodged. However, no Complaint will be deemed to have been filed with CLERB unless and until (i) the Complaint has been reduced to writing on CLERB's complaint form with the truth of the Complaint attested to under penalty of perjury and (ii) all other forms required by this Section have been completed and signed by the Complainant in accordance with the following procedures:

- (a) Required forms consist of the following, which may be modified from time to time by the Executive Officer:
 - 1. CLERB's Complaint form
 - 2. Request for Investigation of Complaint & Agreement Not to Subpoena Citizens' Law Enforcement Review Board Personnel or Records, and
 - 3. Authorization to Use or Disclose Protected Health Information, if applicable.
- (b) If the Complaint is lodged in person, CLERB employee shall furnish the Complainant with a blank Complaint form. The Complainant shall be asked to fill out the form and to sign the form in the space provided. A copy of the completed form shall be given to the Complainant to serve as a record of the filing of the Complaint.
- (c) If the Complaint is lodged by mail, the Complaint form shall be completed by CLERB staff on the basis of the information contained within the correspondence. CLERB staff shall mail a copy of the completed Complaint to the Complainant as a record of the lodging of the Complaint, together with a request that the Complainant review the Complaint form for accuracy, and if accurate, sign the same and return it to the CLERB office.
- (d) If the Complaint is lodged by telephone, CLERB staff shall fill out an original Complaint form and prepare one duplicate copy of the Complaint form as a record of the lodging of the Complaint. The CLERB employee taking the Complaint shall give his or her name to the Complainant. The CLERB staff shall furnish the Complainant with a copy of the completed form, together with a request for verification of the accuracy and a signature.
- (e) In those cases where the Complainant is incarcerated in a detention facility in the County of San Diego, the Complaint will be handled as outlined in (c) or (d) above.

5.3 Who May File Complaint. Complaints shall include Complaints received from any person without regard to age, citizenship, residence, criminal record, incarceration, or any other characteristic of the Complainant.

5.4 Time Limitations for Filing Complaints. All Complaints shall be received within one year after the date of the incident giving rise to the Complaint, except that if the person filing the Complaint was incarcerated or physically or mentally incapacitated from filing a Complaint following the incident giving rise to the Complaint, the time duration of such incarceration or physical or mental incapacity shall not be counted in determining whether the one year period for filing the Complaint has expired, subject to the provisions of Section 4.1.2 of these Rules and Regulations.

5.5 Complaint Form. CLERB shall cause all Complaints received by it to be reduced to writing. Unless CLERB has

received another writing setting forth the substance of the Complaint signed by the Complainant, CLERB shall furnish the Complaint form to the Complainant advising that the Complaint will not be deemed to have been filed with CLERB until and unless it is reduced to writing. In order for a Complaint to be deemed filed, the Complainant shall attest to the truthfulness of a written Complaint under penalty of perjury in the following manner, or by words of similar effect: "I hereby certify under penalty of perjury under the laws of the State of California that to the best of my knowledge, the statements made herein are true."

5.6 Recording of Complaints. CLERB shall cause a central register of all Complaints filed with it to be maintained in its office. The central register shall record actions taken on each Complaint. Disclosure of information from the central register shall be in compliance with applicable law. The central register shall contain the following:

- (a) Name of the Complainant, the Aggrieved Person, and the Subject Officer,
- (b) CLERB-assigned Complaint Number,
- (c) Date Complaint was filed,
- (d) A brief description of the subject matter of the Complaint,
- (e) Date the Complaint was transmitted to the Sheriff's Department or the Probation Department,
- (f) Date the Investigative Report was completed, if applicable,
- (g) Results of CLERB's consideration and/or investigation, if any,
- (h) Date and content of the final disposition of the Complaint.

5.7 Withdrawal of Complaints. A Complaint may be withdrawn from further consideration at any time by a written notice of withdrawal signed and dated by the Complainant. The effect of such withdrawal will normally be to terminate any further investigation of the Complaint of conduct, unless the Executive Officer or a CLERB member recommends that the investigation continue and CLERB, in its discretion, concurs.

5.8 Termination, Resignation, or Retirement of Subject Officer. CLERB shall have the discretion to continue or terminate an investigation, if, after a Complaint is filed and before CLERB completes its investigation, the Subject Officer terminates employment with the Sheriff's Department or the Probation Department. The Sheriff or the Chief Probation Officer or the Subject Officer shall notify CLERB when the Subject Officer's employment is terminated.

SECTION 6: COOPERATION AND COORDINATION

In the discharge of its duties, CLERB shall receive complete and prompt cooperation from all officers and employees of the County. CLERB and other public officers, including the Sheriff, the District Attorney, and the Grand Jury, shall coordinate their activities so that the other public officers and CLERB can fully and properly perform their respective duties.

Such cooperation shall include responding to written questions during the investigation, appearing at and answering questions during interviews, appearing at and answering questions during hearings, assisting with access to physical evidence, and cooperation with any other relevant investigation procedures.

CLERB shall attempt to avoid contacting any Subject Officer at home. CLERB shall attempt to get the Subject Officer's work schedule prior to scheduling an interview or investigative hearing. CLERB shall attempt to avoid scheduling interviews or investigative hearings on a Subject Officer's regular days off, scheduled vacation or authorized leave of absence. Representatives assigned by the Sheriff's and Probation Department as liaisons to CLERB will coordinate the requested interviews.

SECTION 7: SUBPOENAS AND OATHS

CLERB shall, pursuant to the Charter of the County of San Diego, Section 606, subd. (d), have the power to subpoena

and require the attendance of witnesses and the production of documents and papers pertinent to its investigations; and shall have the power to administer oaths. A subpoena issued under this Section 7 shall be issued and signed by the Executive Officer or his or her designee.

SECTION 8: CONFIDENTIALITY OF RECORDS

Any personnel records, Complaints against peace officers or custodial officers in the Sheriff's Department or the Probation Department, and information obtained from these records, that are in the possession of CLERB or its staff, shall be confidential and shall not be disclosed to any member of the public, including the Complainant, except in accordance with applicable law.

Copies of records and Complaints of CLERB shall be made available to the Sheriff or the Probation Officer upon completion of the investigation of CLERB unless prohibited by applicable law.

The disclosure of information, including, but not limited to, the identification of the Subject Officer, in CLERB's meeting agenda, public documents, and other public reports shall be in compliance with applicable law.

SECTION 9: INVESTIGATION OF CASES

9.1 Screening of Complaints.

- (a) Filed Complaints shall be referred to the Executive Officer for investigation. Each Complaint will be initially screened by staff for jurisdiction and priority.
- (b) The Executive Officer may periodically advise CLERB as to the progress and status of each Complaint.
- (c) CLERB staff may periodically advise the Complainant and the Subject Officer(s) as to the status of a Complaint.

9.2 Scope of Investigation. The investigation of a Complaint may include, but need not be limited to, the following:

- (a) Interviews with the Complainant, the Aggrieved Person, each Subject Officer, and witnesses or other persons likely to have information concerning the Complaint;
- (b) Sheriff's Department and Probation Department employee response forms;
- (c) Examination of the scene of the incident;
- (d) Viewing and analyzing physical evidence associated with the alleged incident;
- (e) Review, analysis, and preservation of other physical evidence including videos and photographs.

Such investigations must be conducted in a manner that will not obstruct the criminal investigations conducted by the Sheriff, District Attorney, or other law enforcement agencies. In the event that the Subject Officer is compelled to cooperate in an investigation, departmental personnel shall provide the Subject Officer with the "Lybarger warning" when required under the appropriate circumstances.

9.3 Documenting Investigative Activities. It shall be the responsibility of the investigator to document each step in the investigation and the result thereof in an investigation report.

9.4 Written Statements. CLERB investigators shall attempt to secure written statements signed under penalty of perjury from all participants in and witnesses to the alleged incident. Where any witness or participant is unwilling to make a signed written statement, the assigned investigator shall prepare a written summary of the oral statement, if any, provided by such participant or witness. Where a written statement is given and signed by a participant or witness, the assigned investigator shall provide the person making such statement with a copy of the statement.

9.5 Recording of Interviews. Interviews and statements may be tape-recorded by the CLERB investigator. Such recordings shall be kept and preserved until the case is completed by CLERB and its findings distributed to any appropriate agency or official as may be required by law.

9.6 Deferment of Investigation. CLERB may toll its investigation of a Complaint pursuant to applicable tolling

exemptions under the Peace Officers' Procedural Bill of Rights (POBR). CLERB reserves the right to commence immediate investigations, or to defer investigations, in all other cases depending upon CLERB priorities and available resources.

9.7 Investigative Report. At the conclusion of the investigation and prior to placement on a CLERB agenda, the CLERB investigator shall complete an Investigative Report that sets forth the names of the Complainant, the Aggrieved Person, the Subject Officer, in compliance with applicable law, and a summary of the investigation.

9.8 CLERB Options After Receipt of Investigative Report. After receipt of the Investigative Report, CLERB shall take action it deems appropriate for disposition of the allegations of the Complaint, including the following options:

- (a) Review and determine the Complaint based on the Investigative Report and the evidence in the investigative file, but without an Investigative Hearing, pursuant to Section 9.9; or
- (b) Summarily dismiss the Complaint, in whole or in part, pursuant to Section 15; or
- (c) Refer the Complaint back to staff for further investigations; or
- (d) Defer further action on the Complaint; or
- (e) Any other appropriate action or disposition, consistent with the Ordinance, or
- (f) Conduct an Investigative Hearing or Hearings, pursuant to Sections 10-14.

9.9 Disposition by CLERB without an Investigative Hearing. If CLERB decides to review and determine a Complaint based on the Investigative Report and investigative file evidence, but without an Investigative Hearing, CLERB shall apply the standard of proof set forth in Section 14.8 and shall follow the Final Report process set forth in Sections 16.1-16.4. If the Executive Officer recommends that CLERB make a determination on a Complaint without an Investigative Hearing, the Subject Officer and representative and Complainants shall have an opportunity to: (a) review the Investigative Report in compliance with applicable law and; (b) submit additional evidence prior to the determination of the Complaint by CLERB.

9.10 File Accessibility. Every member of CLERB shall have full access to all Complaints and files maintained by CLERB or its staff.

9.11 Notification to Parties. Upon completion of the Investigative Report, CLERB staff shall provide the Complainant, Aggrieved Person, and each Subject Officer the following:

- (a) Written notice that the Complaint will be considered by CLERB including an explanation of the process.
- (b) The content of the Investigative Report to the extent permitted by applicable law. A notification that all additional statements, records, reports, exhibits, and other items contained in the file will be available on request, except for any evidence that cannot be so made available because its disclosure is prohibited by law.
- (c) Written notice that the parties may consult an attorney if desired, and that an attorney or other representative may represent him/her at any hearing, but that an attorney or other representative is not mandatory.
- (d) A copy of or a link to these Rules and Regulations.

SECTION 10: DETERMINING WHEN AN INVESTIGATIVE HEARING IS NECESSARY

10.1 Requests for Investigative Hearing. The Complainant, Subject Officer, Executive Officer, or a member of CLERB may request an Investigative Hearing (as set forth in Sections 12-14) for some or all of the allegations of a Case.

10.2 When an Investigative Hearing is Necessary. An Investigative Hearing will be conducted, in accordance with

the procedures for such hearings set forth in Sections 11-15, when CLERB determines that such a hearing may facilitate the fact-finding process.

An Investigative Hearing may be deemed to facilitate the fact-finding process when:

- (a) There has been an undue lapse of time since the occurrence of the incident that is the subject of the Complaint; or
- (b) There are additional witnesses, evidence, or information that contradicts or supplements, or is not disclosed by the Investigative Report; or
- (c) There is reason to question the conclusion of the Investigative Report; or
- (d) An Investigative Hearing would advance public confidence in the Complaint process; or
- (e) An appearance in person by the parties would facilitate the fact-finding process.

10.3 Scope of the Investigative Hearing. The scope of an Investigative Hearing may vary. It may consist of a single, narrowly drawn issue; of multiple issues; or of the entire Complaint. The scope should be determined by CLERB when authorizing an Investigative Hearing, and all interested parties to the Complaint shall be informed of any limitation in scope when notified of the Investigative Hearing.

SECTION 11: NO CONTEST RESPONSE

A Subject Officer may enter a written response of “no contest” at any time prior to an Investigative Hearing. A response of “no contest” indicates that the Subject Officer accepts the allegations of the Complaint as substantially true in fact and interpretation. The Subject Officer shall be bound by the terms of the “no contest” response in any further consideration of the Complaint by CLERB.

SECTION 12: INVESTIGATIVE HEARING

12.1 Composition of Investigative Hearing. Except as otherwise provided in this Section 12.1, an Investigative Hearing will be performed by an Investigative Hearing Panel of CLERB, which shall consist of three members of CLERB, selected pursuant to Section 12.2 below, with one member designated as the Presiding Member. In cases involving the death of a person, and in such other cases as CLERB shall decide, CLERB will sit as a Board of the Whole with a minimum of six Board members present.

12.2 Selection of Three-Person Investigative Hearing Panels.

- (a) Selection of three-person Investigative Hearing Panels under this section shall be made by rotation among CLERB members, as appointed by the Chair, using any basis (including lottery) that balances the workload among CLERB members. A CLERB member may request that he or she be temporarily excused to equalize caseload, avoid conflicts of interest, or for other good cause. In the event a CLERB member is so excused, another CLERB member shall be reassigned by the Chair.
- (b) If an Investigative Hearing Panel is unable to meet to convene an Investigative Hearing on a scheduled date due to the unavailability for any reason of one or more of its members, or if an Investigative Hearing Panel agrees to reschedule an Investigative Hearing due to the unavailability for any reason of the Complainant(s) or Subject Officer(s) or legal counsel for either, the case or cases assigned to such Investigative Hearing Panel may be re-assigned to another Investigative Hearing Panel. However once an Investigative Hearing of a case has been convened by an Investigative Hearing Panel, the same Investigative Hearing Panel shall consider the case to final disposition.

12.3 Challenges of CLERB Members.

- (a) Challenge for Conflict of Interest or Bias. A CLERB member sitting on an Investigative Hearing Panel shall consider all Complaints in a fair and impartial manner. A CLERB member who has a personal bias or prejudice, or the appearance thereof, in the outcome of a Complaint shall not sit on the Investigative Hearing Panel hearing that Complaint. Personal interest in the outcome of a Complaint does not include holding or manifesting any political or social attitude or belief, where such belief or attitude does not preclude objective consideration of a case on its merits. Examples of personal bias include, but are not limited to:
1. Familial relationship or close friendship with parties material to the inquiry;
 2. Witnessing events material to the inquiry from a non-neutral perspective;
 3. Being a party to the inquiry;
 4. Having a financial interest in the outcome of the inquiry; and/or
 5. Holding a bias against a particular party that is sufficient to impair the CLERB member's impartiality.
- (b) Procedure for Challenges. Within five calendar days after the date on which CLERB furnishes notice of an Investigative Hearing, including the names of the CLERB members constituting that Investigative Hearing Panel, any party to the Complaint may file a written challenge for cause to any CLERB member hearing the Complaint. Challenges for conflict of interest or bias must substantiate the challenge in terms of the standard set forth in Section 12.3 (a) above.
- When a challenge for cause is filed, the Chair shall contact the challenged CLERB member as soon as possible, and if the CLERB member agrees that the challenge is for good cause, or otherwise agrees, the Chair shall ask another CLERB member to serve. If the challenged CLERB member does not agree that the challenge is for good cause, the Chair may poll the other two members of the Investigative Hearing Panel, and if both agree that the challenge is for good cause, the Chair shall so notify the challenged CLERB member and ask another to serve. If a challenge to a CLERB member is rejected and the member serves, the written challenge and the CLERB member written response shall be incorporated in the investigative case file as part of the record of the Complaint.
- (c) Replacement of Challenged CLERB Member. Any CLERB member removed, or who removes him/her self, from the Investigative Hearing Panel due to a challenge for cause shall be replaced by the Chair with another CLERB member.

12.4 Public Comments. CLERB members shall avoid public comment on the substance of particular pending complaints and investigations and shall preserve the confidentiality of closed session meetings in accordance with applicable law.

SECTION 13: INVESTIGATIVE HEARING PROCEDURES

13.1 Schedule of Investigative Hearings. Investigative Hearings may be scheduled by the Chair for any regular or special meeting of CLERB; or, as to Investigative Hearings before an Investigative Hearing Panel, by the Presiding Member for any other appropriate time.

13.2 Notice Requirements. Ten days' notice of an Investigative Hearing shall be given to the Complainant, each Subject Officer, and any other person whose attendance CLERB deems appropriate. The notice shall state the date, time, and place of the Investigative Hearing, and the names of the Investigative Hearing Panel members.

13.3 Hearings, Open or Closed to the Public. The nature of Investigative Hearings, open or closed, will be in compliance with legal standards existing at the time of the Investigative Hearing, unless the Subject Officer requests an open Investigative Hearing.

13.4 Authority to Compel Appearance. The authority of CLERB's subpoena may be used to compel the appearance of witnesses, including Subject Officers, and/or the production of documents. Subpoenas may be requested through the Chair of CLERB.

13.5 Conduct of the Investigative Hearing. Investigative Hearings should be informal, and should be conducted in the following manner unless the Chair or Presiding Member orders otherwise:

- (a) The Presiding Member or Chair, as applicable, will conduct the Investigative Hearing subject to being overruled by a majority of the Investigative Hearing Panel or CLERB, as applicable. Members of the Investigative Hearing Panel or CLERB, as applicable, shall be primarily responsible for obtaining testimony. One Investigative Hearing Panel member or CLERB member may be assigned by the Presiding Member or the Chair to perform the initial questioning of witnesses during an Investigative Hearing convened for a Case. Additional questions may be asked by any Investigative Hearing Panel member or CLERB member, or by a Subject Officer or his or her representative, or by an assigned CLERB staff member.
- (b) At the discretion of CLERB or the Investigative Hearing Panel, opening statement(s) may be made on behalf of the Complainant and the Subject Officer(s) involved.
- (c) The Investigative Hearing will generally then proceed pursuant to the provisions detailed in Section 14.1. In the event that the Subject Officer is compelled to cooperate in an Investigative Hearing, departmental personnel shall provide the Subject Officer with the "Lybarger warning" when required under the appropriate circumstances. After the Investigative Hearing Panel has taken all relevant evidence, each party may, at the discretion of the Presiding Member or the Chair, be given an opportunity to make a closing statement.
- (d) At the conclusion of any witness testimony, either the Complainant or the Subject Officer may request that CLERB or the Investigative Hearing Panel cover any additional areas of inquiry they feel need to be covered. The Chair or Presiding Member shall determine whether any further questions will be asked.
- (e) Unless otherwise ordered by the Chair or Presiding Member, the entire Investigative Hearing on a given Complaint should be conducted on one occasion. However, if CLERB or the Investigative Hearing Panel determines that additional evidence is necessary to reach its findings, it will continue the Investigative Hearing to a future date unless the parties agree to allow CLERB or the Investigative Hearing Panel to receive such material in writing without reconvening.

13.6 Deliberation. After obtaining evidence, CLERB or the Investigative Hearing Panel will deliberate in closed session. CLERB or the Investigative Hearing Panel shall not consider any information not received as part of the Investigative Hearing. CLERB or the Investigative Hearing Panel may reconvene in the presence of all parties to ask further questions, and each party shall have the opportunity to respond to any such questions.

13.7 Finding and Report by Three-Member Investigative Hearing Panel. At the conclusion of an Investigative Hearing before an Investigative Hearing Panel, the Panel members shall, by majority vote, adopt a recommended Finding with respect to the Complaint. The Investigative Hearing Panel shall not consider evidence or information obtained outside of the Investigative Hearing. The Investigative Hearing Panel shall then prepare a written report summarizing the evidence, the recommended Finding, the reasons for the recommended Finding, any dissenting opinion, and any other information that may be useful to the full CLERB in its consideration of the case. The Investigative Hearing Panel shall take into account any rule, regulation, or policy of the Subject Officer's employing department brought to its attention by the Subject Officer or representative that the Investigative Hearing Panel determines to be pertinent to the Complaint being investigated.

13.8 Submission to Full CLERB. The written Investigative Hearing Panel report referred to in Section 13.7 shall be forwarded to all members of CLERB, and the matter calendared as soon as possible at a scheduled regular or special CLERB meeting.

A copy of the written Investigative Hearing Panel report referred to in Section 13.7, above, shall be forwarded to the extent permitted by applicable law to each Complainant and Subject Officer, together with a notice of the time and place of the CLERB meeting at which the Complaint will be considered. All Complainants and Subject Officers shall be notified that CLERB may accept written objections to the Investigative Hearing Panel report within 10 days of the date of the report.

13.9 Consideration by CLERB. CLERB shall consider the report of the Investigative Hearing Panel and any other information that may be brought to its attention at the meeting. Thereafter, CLERB may:

- (a) Vote to conclude the matter without further investigation, review, or hearings;
- (b) Request further information or review by staff, by the Investigative Hearing Panel, or through other appropriate means;
- (c) Vote to conduct further proceedings on the matter before the entire CLERB;
- (d) Take such other or additional action as it deems necessary and appropriate, such as the making of recommendations regarding policy or rule changes, referral to appropriate agencies, or other appropriate action;
- (e) Accept the Investigative Hearing Panel report as the Final Report of CLERB.

13.10 Investigative Hearings before entire CLERB. In cases that are initially heard before the entire CLERB, the interim steps required when a case is heard before a three-member Investigative Hearing Panel are not applicable.

13.11 Record of Investigative Hearing. All Investigative Hearings shall be recorded by CLERB. At the option of the Investigative Hearing Panel Presiding Member, a stenographic record may be kept, and, if kept, shall be available upon payment of the cost of duplicating or transcribing the same, to a Complainant or Subject Officer requesting a transcript, to the extent permitted by applicable law. Any record of the Investigative Hearing shall become part of the CLERB file.

SECTION 14: EVIDENCE FOR INVESTIGATIVE HEARINGS

14.1 What Evidence May be Considered. The Investigative Hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule that might make improper the admission of such evidence over objection in civil actions.

Hearsay evidence may be used for the purpose of supplementing or explaining other evidence.

Evidence shall be taken in accordance with the following provisions:

- (a) Each party and the Investigative Hearing Panel shall have the following rights:
 - 1. to call and examine witnesses;
 - 2. to introduce exhibits;
 - 3. to cross-examine opposing witnesses on any matter relevant to the issues even though that matter was not covered in the direct examination;
 - 4. to impeach any witness regardless of which party first called the witness to testify; and
 - 5. to rebut the evidence against the party.

If the Subject Officer does not testify in his/her own behalf he/she may be called and examined as if under cross-examination.

- (b) Oral evidence shall be taken only under oath or affirmation.
- (c) Upon the request of either party, a CLERB member, or the Investigative Hearing Panel, witnesses may be excluded from the Investigative Hearing until they are called to testify.

- (d) Irrelevant and unduly repetitious evidence shall be excluded.
- (e) The rules governing privileged communications shall be effective to the extent that they are otherwise required by constitution or statute to be recognized at hearings before CLERB or the Investigative Hearing Panel.

14.2 Representatives. Each party and any witness shall have the right to have a representative of his or her choice present at all times during his or her own fact-finding interviews or Investigative Hearings conducted by or on behalf of CLERB. The representative shall not be a witness or a person subject to the same investigation.

14.3 Interpreters. The Chair shall have discretionary authority to provisionally qualify and utilize interpreters. Each party in need of an interpreter shall give notice to the Chair within seven days of receipt of the notice of hearing so that appropriate arrangements can be made.

14.4 Authority to Compel Appearance. The authority of a CLERB subpoena may be used to compel the production of documents and/or the appearance of witnesses, including the Subject Officer.

14.5 Failure to Appear. When either the Complainant or the Subject Officer fails to appear, the Investigative Hearing Panel may receive statements from those persons present and relying on the evidence received, continue with the Investigative Hearing.

14.6 Confidentiality of CLERB Records. CLERB shall not disclose to the general public any reports, statements, files, records, documents, tapes, or other items whose confidentiality is protected by law. This confidentiality may be waived in accordance with applicable law, statute, ordinance, or legal proceedings. Moreover, evidence contained in CLERB's investigative file may be disclosed to the Complainant and the Subject Officer, but only to the extent and in the manner authorized by these Rules and Regulations and by then existing law.

14.7 Discovery.

- (a) By CLERB. CLERB, through its staff and agents, may utilize whatever formal or informal methods for the discovery of evidence as are authorized and available under federal, state, or local law.
- (b) By the Parties. Prior to an Investigative Hearing, each Subject Officer may have access to or receive copies of evidence contained in CLERB's investigative file for the Complaint, except for any evidence that cannot be made available because its disclosure is prohibited by law. Parties seeking such discovery must give at least 48 hours advance notice to CLERB, either in writing or by telephone.

14.8 Standard of Proof. No finding with respect to an allegation of a Complaint shall be sustained unless it is proven by a Preponderance of the Evidence presented at the Investigative Hearing(s) or otherwise contained in the investigative record.

SECTION 15: SUMMARY DISMISSAL

After reviewing the Investigative Report and records, CLERB may summarily dismiss a Case, ("Summary Dismissal") upon recommendation of the Executive Officer, its own motion, or that of the Subject Officer. Parties to the Complaint shall be notified of a proposed Summary Dismissal, and may appear to argue for or against Summary Dismissal. Summary Dismissal may be appropriate in the following circumstances:

- (a) CLERB does not have jurisdiction over the subject matter of the Complaint.
- (b) CLERB does not have jurisdiction because the Complaint was not timely filed.
- (c) Lack of cooperation by the Complainant such that CLERB is unable to continue its investigation, such as a failure by the Complainant to respond to repeated inquiries when such response is necessary to the ongoing investigation.

- (d) The Subject Officer is no longer employed by the Sheriff or Probation Departments.
- (e) The Complaint is so clearly without merit that no reasonable person could sustain a finding based on the facts.
- (f) Case investigation is not completed within one year, not including applicable tolling exemptions; Staff shall submit the Case to CLERB for Summary Dismissal.

SECTION 16: CLERB FINDINGS AND RECOMMENDATIONS

16.1 Final Report by CLERB. At the conclusion of a matter before the entire CLERB, CLERB shall deliberate and adopt a final report ("Final Report") with respect to the Case or matter under consideration. This report shall include Findings as to the facts relating to any Case, as well as an overall conclusion as to any Case as specified in Section 16.2 below.

Dissenting CLERB members may set forth reasons for their dissent in writing and provide the written dissent to the Executive Officer within five days of adoption of the Final Report, and any such dissent(s) shall be included in the Final Report.

16.2 Conclusions in Final Report. The Final Report of CLERB shall contain an overall finding ("Finding") as to each allegation of the Case in the following manner:

- (a) If the investigation clearly established that the allegation is not true, the Finding shall be "Unfounded."
- (b) If the investigation failed to disclose sufficient evidence to clearly prove or disprove the allegation, the Finding shall be "Not Sustained."
- (c) If the investigation shows the alleged act did occur but was lawful, justified, and proper, the Finding shall be "Action Justified."
- (d) If the investigation disclosed evidence sufficient to prove the allegation by a Preponderance of the Evidence, the Finding shall be "Sustained."
- (e) If CLERB lacks jurisdiction or the allegation clearly lacks merit, the Finding shall be "Summary Dismissal."

A Finding of "Sustained" should include an explanation of the finding of improper conduct and may include recommendations relating to:

- (a) the imposition of discipline, including the facts relied on in making such recommendations;
- (b) any trends in regard to employees involved in Complaints.

16.3 Consideration of Subject Officer's Disciplinary History. Only after a finding of "Sustained" with respect to an allegation of improper or illegal conduct by a Subject Officer, should CLERB consider the Subject Officer's disciplinary history in determining the appropriate recommendation for discipline. The details of the Subject Officer's disciplinary history will be held confidential by CLERB and will not be made a part of the Final Report.

16.4 Transmittal of Final Report. The Final Report adopted by CLERB shall be forwarded to the Board of Supervisors, the Sheriff or Chief Probation Officer, the Complainant, and each Subject Officer, to the extent permitted by applicable law.

16.5 Reconsideration of Final Report. Upon request by the Complainant, Subject Officer, or his or her representatives, the Final Report may be re-opened for reconsideration by CLERB provided that:

- (a) previously unknown relevant evidence is discovered that was not available to CLERB before it issued its Final Report, and

- (b) there is a reasonable likelihood the new evidence will alter the Findings and recommendations contained in the Final Report.

A Final Report may also be re-opened for reconsideration by CLERB at the request of the Board of Supervisors or upon initiative of CLERB when such reconsideration is in the public interest.

Every party to the proceeding or their representative(s) shall be notified of any request or proposal for reconsideration and shall be given the opportunity to respond to the CLERB before the request or proposal is acted upon.

SECTION 17: PROCEDURES WHEN NO COMPLAINT IS REQUIRED

In cases not requiring a Complaint as set forth in Section 4.3 above, the review, investigation, including the Investigative Hearing procedures for such cases, and adoption of a Final Report shall otherwise proceed in the same manner, pursuant to these Rules and Regulations, as in cases initiated by a Complaint.

SECTION 18: DELEGATION OF FUNCTIONS TO EXECUTIVE OFFICER

CLERB may, in its discretion, delegate to the Executive Officer certain of the procedural and administrative functions or duties assigned to CLERB by these Rules and Regulations. CLERB shall not, however, delegate to the Executive Officer any functions, duties or responsibilities that are required by the Ordinance to be performed by CLERB.

SECTION 19: AMENDMENTS TO RULES AND REGULATIONS

These Rules and Regulations are subject to approval by the Board of Supervisors of the County of San Diego, as required by the Ordinance. Once approved, these Rules and Regulations may only be amended by a majority vote of CLERB, and any such amendments are subject to approval by the Board of Supervisors. These Rules and Regulations will be subject to review by CLERB at least every four years from the last revision date.

MEMORANDUM OF UNDERSTANDING

March 7, 2022

Countywide Protocol for the Investigation and Review of Officer-Involved Shootings and Other Deadly Force Incidents

WHEREAS the law enforcement agencies of San Diego County recognize the need for transparent and independent criminal investigations and reviews of all peace officer-involved shootings, use of force incidents resulting in death, and "in custody" related deaths occurring outside of the jail setting, these agencies have a desire to cooperate to achieve this goal with this Memorandum of Understanding (MOU).

NOW, therefore the signatories to this MOU agree and consent to the investigative and review responsibilities described herein.

PURPOSE AND SCOPE

The purpose of this agreement is to conduct independent investigations, provide consistency in inter-agency investigations within San Diego County and outline the circumstances for conducting criminal investigations and independent review of all law enforcement related:

- a. Discharges of a firearm (excluding discharges that are deemed unintentional, training related, or conducted during the euthanization of an animal)
- b. Deadly force incidents that result in serious bodily injury or death

This agreement applies solely to criminal investigations and does not address or impact an agency's ability to conduct their own concurrent or subsequent investigation for administrative or civil litigation purposes.

This agreement is not intended to transfer investigative responsibility for all deaths occurring in a custodial setting. Deaths in a County Custodial setting will only be investigated in accordance with this agreement when they are the apparent result of a use of force by an officer, deputy, or custodial staff.

DEFINITIONS

- a. "AB1506 Qualifying Event" means an officer-involved shooting incident where the subject shot by officers is killed and deemed "unarmed" based on the guidelines established by the California Department of Justice and California Attorney General's Office.
- b. "Deadly Force" means any use of force that creates a substantial risk of causing death

or serious bodily injury, including, but not limited to, the discharge of a firearm.

- c. "Incident" is defined as 1) any discharge of a firearm by a peace officer, excluding discharges that are deemed unintentional, training related, or conducted during the euthanization of an animal, 2) any use of deadly force by a peace officer resulting in death, or 3) any death of a person while "in custody" of a peace officer. For purposes of this MOU, an "incident" does not include the death of a person incarcerated in a County or City detention facility/jail (except when it stems from a use of force).
- d. "In-Custody" is defined as a detention or arrest coupled with a use of physical force and/or some sort of physical restraint (e.g., handcuffing, placed in a police vehicle). "In-Custody" means more than being chased or contained by officers.
- e. "Involved Agency" means the agency employing the peace officers involved.
- f. "Investigating Agency Liaison" means the employee, supervisor, or manager of the investigating agency tasked with being a liaison between the investigating agency and the involved agency and/or jurisdictional agency to facilitate the comprehensive and independent investigation of the incident.
- g. "Involved Agency Liaison" means the employee, supervisor, or manager of the involved agency tasked with being a liaison between the involved agency, the jurisdictional agency (if different than the involved agency), and the primary investigating agency to facilitate the comprehensive and independent investigation of the incident.
- h. "Jurisdictional Agency" means the agency with primary law enforcement jurisdiction over the area where the incident occurred.
- i. "Jurisdictional Agency Liaison" means the officer, supervisor, or manager tasked with being the resource conduit between the jurisdictional agency, the involved agency (if different than the jurisdictional agency), and the investigating agency to ensure facility, information, evidentiary, and other logistical access for investigators handling the incident.
- j. "Officers Involved" means peace officers who have fired their weapons, used force, or were participants in an incident as defined.
- k. "Primary Investigating Agency" means the agency with investigative responsibility for a qualifying incident.

PRIMARY INVESTIGATING AGENCY

The Primary Investigating Agency is decided using the following criteria:

- a. Incidents where officers involved are employed by the San Diego Police Department will be investigated by the San Diego Sheriff's Department.
- b. Incidents where deputies/officers involved are employed by the San Diego Sheriff's Department or any of the other agencies participating in this agreement by signature below (except the San Diego Police Department), will be investigated by the San Diego Police Department.
- c. Incidents where both the San Diego Sheriff's Department and the San Diego Police Department have deputies/officers involved, will be investigated by the Chula Vista Police Department.
- d. Incidents meeting the definition of an " AB1506 Qualifying Event" will be investigated as detailed under the header below.
- e. Uses of deadly force, aside from the discharge of a firearm by a peace officer, that do not result in death will be investigated by the involved agency unless there is an independent MOU with another agency to handle those investigations.

For incidents involving a predicate criminal investigation and an associated officer-involved shooting investigation, the jurisdictional agency of the original incident will handle the criminal investigation and apprehension of any related suspects, while the primary investigating agency will specifically investigate the officer-involved shooting. The lead case agents from each investigative team will confer to ensure investigatory needs, such as evidence collection and processing, scene processing and documentation, and interviews are met, and take into consideration the needs of both investigations. Appropriate laboratory personnel will be utilized for each investigation.

In situations where an officer is seriously injured or killed, other than traffic collisions, and an officer-involved shooting occurs, the incident will be investigated by the primary investigating agency utilizing their laboratory personnel. In some instances, the primary investigating agency and jurisdictional agency may consider separating the investigations. This decision will be made by the primary investigating agency, who will consider factors which may include the jurisdictional agency's interests, case integrity and other applicable considerations when making a decision to separate the cases.

Incidents meeting the definition of an AB1506 Qualifying Event will initially be handled as outlined above; however, once California DOJ is notified, responds, and determines the incident is a qualifying event, they will assume the role of primary investigating agency and the former primary investigating agency will take a secondary, collaborative role. The process for handling these events is outlined in the California Department of Justice – Division of Law Enforcement California Police Shooting Investigations Teams (CaPSIT) Investigation Protocol Procedures.

Incidents involving federal law enforcement or any state or local agency electing not to participate in this MOU will be handled by the jurisdictional agency or in accordance with other existing

agreements. This is further outlined below.

POLICY

When a peace officer, whether on or off duty, is involved in an incident, the jurisdictional agency shall contact the appropriate primary investigating agency, via their Communications Centers, as outlined above. The agency that employs the officer(s) involved, or other designated investigating agency, may conduct a concurrent or subsequent administrative investigation of the incident; however, the intent of the parties to this agreement is that these types of investigations be conducted by the primary investigating agency, independently and without interference or undue influence from the agency that employs the involved officer(s) or deputy(s).

All information or reports developed by the primary investigators shall be made available to all involved agencies, as needed, and as permitted by law. Except as outlined in AB1506, or for incidents involving Federal Law Enforcement, the primary investigating agency shall submit investigative documentation of qualifying incidents, as defined herein, to the District Attorney's Office for review.

All AB1506 cases will be submitted by the California Department of Justice investigators to the charged Deputy Attorney General for review in accordance with their review process and the law.

RESOURCES

The primary investigating agency will utilize their own laboratory personnel, unless impractical to do so. If the primary investigating agency laboratory personnel are not to be used, the primary investigating agency will make arrangements to provide laboratory personnel.

JURISDICTIONAL AGENCY'S INITIAL RESPONSE

Officers who used force in incidents, as defined above, and officers identified as key witnesses shall be removed from the scene as soon as possible. Officers who used force shall be transported, as determined by the primary investigating agency, to a law enforcement facility within a reasonable distance from the scene, with resources deemed adequate for the separation of witnesses, accommodates investigative procedures, and affords a reasonable degree of personal comfort, convenience, and privacy for the parties involved.

Officers involved in incidents, as defined above, should brief the first responding supervisor, or other officer responsible for securing the incident scene, of the general facts of the incident and other matters as they relate to public safety. Within the guidelines of law and department policy, officers involved should cooperate fully with supervisors and advise them of the following via a public safety statement that captures the following:

- Are there any outstanding suspects; if so, please describe them and any vehicles and their last known direction of travel?
- Are there any injured persons; if so, please advise of their whereabouts and the nature

of their injuries?

- Where were you when you fired and in what approximate direction were you pointing your weapon when you fired? If you were fired at, from what direction was the suspect firing?
- How many rounds do you think you fired and how many rounds were fired at you?
- Are there any outstanding weapons, and if so, do you know what type?

This information will enable the responding staff to take appropriate emergency action, to secure evidence and to isolate the scene.

Following the initial briefing with the first responding supervisor, and except as permitted below, officers involved should not discuss the incident with other persons, or among themselves, before being interviewed by the investigators from the primary investigating agency.

Investigators shall seek voluntary statements from officers involved in the incident. Officers involved in the incident shall be permitted to speak with a legal representative, peer support representatives, chaplain and/or mental health professionals before submitting to an interview by incident investigators. Under no circumstances will the primary investigating agency compel a statement from an involved officer. Should an involved officer decline to provide a voluntary statement, an involved agency may elect to follow their Department's Policy and Procedure to obtain a statement for their internal use.

INCIDENT SCENE

Officers at the scene, regardless of agency affiliation, shall secure the scene pending arrival of representatives of the jurisdictional agency and the primary investigating agency.

The security of the incident scene shall be handled by the jurisdictional agency, as directed by the primary investigating agency, for the duration of the time they are on scene.

AGENCY LIASIONS

When the primary investigating agency is dispatched to handle an incident, they shall, immediately upon arriving on scene, identify who the involved agency liaison will be and, if applicable, a jurisdictional agency liaison to coordinate the sharing of necessary information.

The primary investigating agency liaison, or their designee, shall brief the involved agency and jurisdictional agency as requested. This will facilitate on scene logistical operations and allow the involved agency to complete necessary administrative and operational reviews.

The involved agency liaison shall also be responsible for providing any necessary agency-specific information to the primary investigating agency, such as mobile data/CAD information, BWC

footage, and employee record information to include date of hire, assignment, etcetera.

EVIDENCE

Evidence, including personal belongings of the officers involved, shall not be unnecessarily moved or altered. Evidence in the personal possession of the officers involved, such as firearms or other equipment, shall be surrendered upon request of investigators representing the primary investigating agency. Replacement of equipment taken for evidence will be handled as outlined in the involved officer's Department policy and the law.

ON SCENE BRIEF

Prior to beginning the investigation of the incident, members of the primary investigating agency, the involved agency, the assigned District Attorney Investigator, and where applicable, the jurisdictional agency liaison, shall receive a joint briefing on the facts known to that point. The primary investigating agency is not required to delay the briefing or subsequent investigation to accommodate unavailable involved or jurisdictional agency members, so as not to delay the onset of the investigation. Additional briefings may take place as time allows or as necessitated as the investigation unfolds.

MEDIA RELEASES

The release of information concerning any incident as defined herein will be handled by the primary investigating agency, in coordination and collaboration with the involved agency, and when appropriate, the jurisdictional agency. The release of video or information related to these investigations shall be in compliance Government Code section 6254(f) and SB 1421. Any other agency receiving media inquiries about the incident shall refer them to the primary investigating agency for coordination and distribution with the involved agency, and if appropriate, the jurisdictional agency. Once the primary investigating agency submits the case to the District Attorney's Office for review, media requests should generally be referred to the District Attorney's Office. This MOU is not meant to restrict the head of an agency from making public statements or releasing video that he or she deems necessary to the interests of justice or to protect public safety.

NOTIFICATIONS

The primary investigating agency shall be responsible for notifying the Medical Examiner and coordinating all necessary evidentiary information and collection with the Medical Examiner's Office.

The primary investigating agency shall be responsible for coordinating family notifications with the Medical Examiner's Office, as necessary.

The primary investigating agency shall notify the designated representative of the District Attorney, and/or representatives from the California Department of Justice as outlined below, immediately upon learning of the occurrence of any incident as defined herein.

DISTRICT ATTORNEY'S OFFICE INITIAL RESPONSE

A District Attorney Investigator (DAI) may respond to the scene of incidents, as defined herein, which occur within the County of San Diego.

The DAI will contact the supervisor in charge of the investigative agency at an incident scene. A briefing of the incident and a familiarization of the incident scene will be given as soon as practical. The DAI will be permitted access to the incident scene to the extent possible, without contaminating evidence or otherwise disturbing the scene.

The DAI may participate in the interview of witnesses, if invited by the primary investigating agency. They will identify any potential witnesses they discover and point out any item of evidence they observe to the officer in charge of the investigation. The DAI will not interview witnesses and will not gather evidence at the initial scene but may provide any advice or other assistance sought by the primary investigating agency.

The assigned DAI may attend the autopsy of any decedent involved in a fatal incident.

"THREE DAY" INITIAL BRIEF

In any incident, as defined herein, the primary investigating agency, or former primary investigating agency if the incident is an AB1506 Qualifying Event, shall provide a briefing to representatives of the involved agency and the District Attorney's Office, or the Attorney General's Office, generally no later than the third working day following the incident. The briefing shall include a verbal review of the evidence, witness statements, and the status of the investigation. Included in this review should be selected representatives of the involved agency, representatives from the Federal Bureau of Investigation, the United States Attorney's Office, and legal representatives for the involved agency.

REPORTING

Upon completion of the investigation of an incident, as defined above, or no later than 90 days, the investigating agency shall provide copies of all investigative reports, witness statements, recordings, video evidence, photographs, diagrams, autopsy reports, and all other relevant documents in their possession to the California DOJ or the District Attorney for review as appropriate. The primary investigative agency shall also make available for inspection any item of evidence. In return, the District Attorney will complete their review and report their findings to the involved and investigating agencies within 90 days of receiving all relevant reports, such as the Medical Examiner's reports and laboratory findings.

In cases where there is a use of deadly force that is not a qualifying discharge of a firearm or does not result in death, the investigation will be conducted by the involved agency unless there is an independent MOU with another agency to handle those investigations. Submission of these cases for review by the District Attorney's Office for potential criminal liability will be determined by the investigating agency.

DISTRICT ATTORNEY RESPONSIBILITY

The District Attorney may request supplemental investigation of an incident by the primary investigating agency or conduct additional investigation through District Attorney personnel. Copies of any investigative reports prepared by the District Attorney will be provided to the primary investigating agency as soon as possible.

The District Attorney shall conduct an independent assessment of the circumstances surrounding an incident, as defined herein. The District Attorney will issue written findings to the head of the primary investigating agency and the head of the agency employing the officer(s) involved within 90-days of receiving all relevant reports, such as the Medical Examiner's reports and laboratory findings.

The District Attorney's Office will be responsible for releasing their findings to the media/public after first issuing the findings to the head of the primary investigating agency and the head of the agency employing the involved officer/agent. The time and manner of release shall be determined by the District Attorney's Office with notification being made to the affected agencies beforehand, to ensure involved parties are prepared for that release of information.

In the event of an officer-involved shooting where an officer is wounded and a person is charged with a crime, the District Attorney reserves the option to waive the review set forth herein. In such a case, the District Attorney will send the requesting agency a letter memorializing the absence of state criminal liability on the part of the officer(s) involved.

VIDEO AND AUDIO EVIDENCE RELEASES

Law enforcement agencies will endeavor to release video and audio evidence from an incident within 45 days of an incident or sooner, pursuant to Government Code section 6254(f)(4) and in accordance with Penal Code section 832.7. However, video and audio evidence will not be released if:

- 1) Release will substantially interfere with an active criminal investigation.
- 2) The safety of a witness or confidential source will be endangered, and redaction of the video or audio will not protect the safety of the individual.
- 3) Release will violate the reasonable expectation of privacy of a subject depicted in the recording which outweighs the public interest in the video, and redaction of the video or audio will not protect the privacy of the individual.

Release will violate the reasonable expectation of privacy of a subject depicted in the recording which outweighs the public interest in the video, and redaction of the video or audio will not protect the privacy of the individual.

INCIDENTS INVOLVING NON-PARTICIPATING LAW ENFORCEMENT AGENCIES

When an employee of a state, local, or out-of-county law enforcement agency not participating in this agreement is involved in an incident as described above, the jurisdictional agency shall conduct the primary investigation of the incident unless there is an independent MOU between that non-participatory law enforcement agency and another agency to conduct those investigations. The agency that employs the involved officer may conduct a concurrent or subsequent investigation of the incident.

INCIDENTS INVOLVING FEDERAL LAW ENFORCEMENT PERSONNEL

This MOU does not generally apply to incidents involving federal law enforcement personnel; therefore, incidents involving federal agencies will be handled by the appropriate federal investigatory agency or as outlined in an independent MOU/agreement.

INCIDENTS INVOLVING PEACE OFFICERS ASSIGNED TO A FEDERAL TASK FORCE

If the involved officer is a peace officer under California law and assigned to a federal task force (i.e., a Task Force Officer, aka TFO), then the primary investigating agency shall be determined based on the agency the Task Force Officer works for, and pursuant to this MOU.

AB1506 QUALIFYING EVENTS

The California Department of Justice is mandated under AB1506 to investigate officer-involved shootings of "unarmed" civilians resulting in death. The intent of this MOU is to have Department of Justice investigators working collaboratively with the staff from the local primary investigating agency to conduct the investigation. These investigations will be conducted in accordance with the guidelines in the California Department of Justice – Division of Law Enforcement California Police Shooting Investigations Teams (CaPSIT) Investigation Protocol Procedures manual and local OIS practices, like this MOU. Upon completion of the investigation, the investigative package will be submitted by the CaPSIT Case Agent to the California Attorney General's Division of Criminal Law for review.

LIABILITY AND INDEMNITY

No party assumes liability for any act or omission committed by another party. The parties acknowledge that this agreement is by and between independent entities and is not intended, nor shall be construed, to create the relationship of agent, servant, employee, partnership, joint venture, or association. For civil liability purposes, no party shall be considered the agent of any other party. Each party shall, to the extent possible under applicable law, assume financial responsibility, and defend itself, for any liabilities arising from the acts or omissions of its own employees' actions pursuant to this agreement.

AMENDMENTS

All amendments to this MOU need to be in writing and signed by each party to this MOU.

WITHDRAWAL

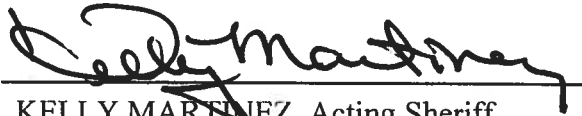

A party to this MOU may withdraw its agreement and participation. A notice of intention to withdraw from this memorandum of understanding (MOU) shall be given to each other signatory, in writing, 30 days prior to the effective date of such revocation. All cases that are currently being investigated under this MOU shall continue to be investigated until the investigation is finished, notwithstanding the withdrawal of the investigating agency. All parties agree to a continued duty to cooperate with the investigating agency until all pending investigations are finished.

TERM OF AGREEMENT

The parties, by signing this MOU, acknowledge and agree that this protocol shall be effective upon approval and shall remain in full force and effect unless and until a party withdraws or a revised memorandum of understanding is established.

COMMISSION ON POLICE PRACTICES

“SEEKING RESIDENTS INTERESTED IN SERVING ON THE NEW COMMISSION ON POLICE PRACTICES”

On November 3, 2020, the voters of San Diego approved Measure B creating a new independent Commission on Police Practices (CPP) replacing the Community Review Board on Police Practices (CRB).
