

Available Pedicab Restricted Decals

On **Monday, April 26, 2021 at 9:00 am**, fourteen (14) Restricted Pedicab Decals will be made available to the public. Due to the Covid-19 pandemic, the application process will be online based. If interested, a completed Business Tax application, if applicable, along with Pedicab Business Owner application packet will be accepted via email at TRSPDPermits@sandiego.gov beginning at **9:00am on Monday, April 26, 2021**. Applications submitted prior to the reference day and time will be denied. Decals will be sold on a first come, first serve basis and all available permits can be purchased by the same applicant. If your application is selected, you will receive an email with a payment link to pay the balance due. You will need to provide proof of payment to the email address indicated so that your application is forwarded to SDPD Vice Permits & Licensing for review and approval.

INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED.

A Pedicab Business Application along with a Livescan form are required at the time of purchase. If an applicant previously submitted a Livescan form through the Pedicab Business/Pedicab Operator renewal process, a new Livescan form will not be required. However, if an applicant has not previously submitted a Livescan form, one must be completed at one of the approved SDPD locations. The Livescan must have a completion date no greater than 30 days prior to April 26, 2021 (Livescan forms completed before March 26, 2021 will not be accepted).

Please submit a completed application directly to TRSPDPermits@sandiego.gov
