Re: Badlee Truck Park and Storage Project, San Diego County

Dear Ms. Zepeda-Herman:

A record search of the Native American Heritage Commission (NAHC) Sacred Lands File (SLF) was completed for the information you have submitted for the above referenced project. The results were negative. However, the absence of specific site information in the SLF does not indicate the absence of cultural resources in any project area. Other sources of cultural resources should also be contacted for information regarding known and recorded sites.

Attached is a list of Native American tribes who may also have knowledge of cultural resources in the project area. This list should provide a starting place in locating areas of potential adverse impact within the proposed project area. I suggest you contact all of those indicated; if they cannot supply information, they might recommend others with specific knowledge. By contacting all those listed, your organization will be better able to respond to claims of failure to consult with the appropriate tribe. If a response has not been received within two weeks of notification, the Commission requests that you follow-up with a telephone call or email to ensure that the project information has been received.

If you receive notification of change of addresses and phone numbers from tribes, please notify me. With your assistance, we can assure that our lists contain current information.

If you have any questions or need additional information, please contact me at my email address: Andrew.Green@nahc.ca.gov.

Sincerely,

Andrew Green
Cultural Resources Analyst

An Employee-Owned Company

April 28, 2022

Mr. John Christman
Chairperson
Viejas Band of Kumeyaay Indians
1 Viejas Grade Road
Alpine, CA 91901

Reference: Britannia Airway Logistics Center Project, San Diego, California (RECON Number 10034)

Dear Mr. Christman:

RECON Environmental, Inc. (RECON) has been retained by Badiee Development to conduct an archaeological survey for the Britannia Airway Logistics Center Project located immediately south of Airway Road, west of Britannia Boulevard, and east of Cactus Road, in the Otay Mesa Community Plan area, in the city of San Diego, California. The project would develop a fenced truck/trailer parking facility providing a total of 895 truck/trailer parking spaces that would be available for up to nine tenants/users. Each tenant/user would have a modular trailer office of approximately 1,440 square feet with 3 vehicle parking spaces, for a total of up to 12,960 square feet of modular trailer office and 27 vehicle parking spaces. The project site would be 32.47 acres in size. The project property is currently vacant and is found within Township 18 South, 01 West, Section 33, on the U.S. Geological Survey 7.5-minute topographical map series, Otay Mesa quadrangle (see attached Figure).

A letter requesting identification of spiritually significant and sacred sites or traditional use areas in the proposed project vicinity was sent to the Native American Heritage Commission (NAHC). No Native American cultural resources were identified in the immediate project area. A records search was conducted of the archaeological databases maintained at the California Historical Resources Information System, South Coastal Information Center (SCIC) at San Diego State University. The files at SCIC identified a lithic scatter within the proposed project area. The survey conducted by a RECON archaeologist and a Native American monitor from Red Tail Environmental consisted of the entirety of the project property. Two isolated artifacts (core and flake) were recorded during the survey.

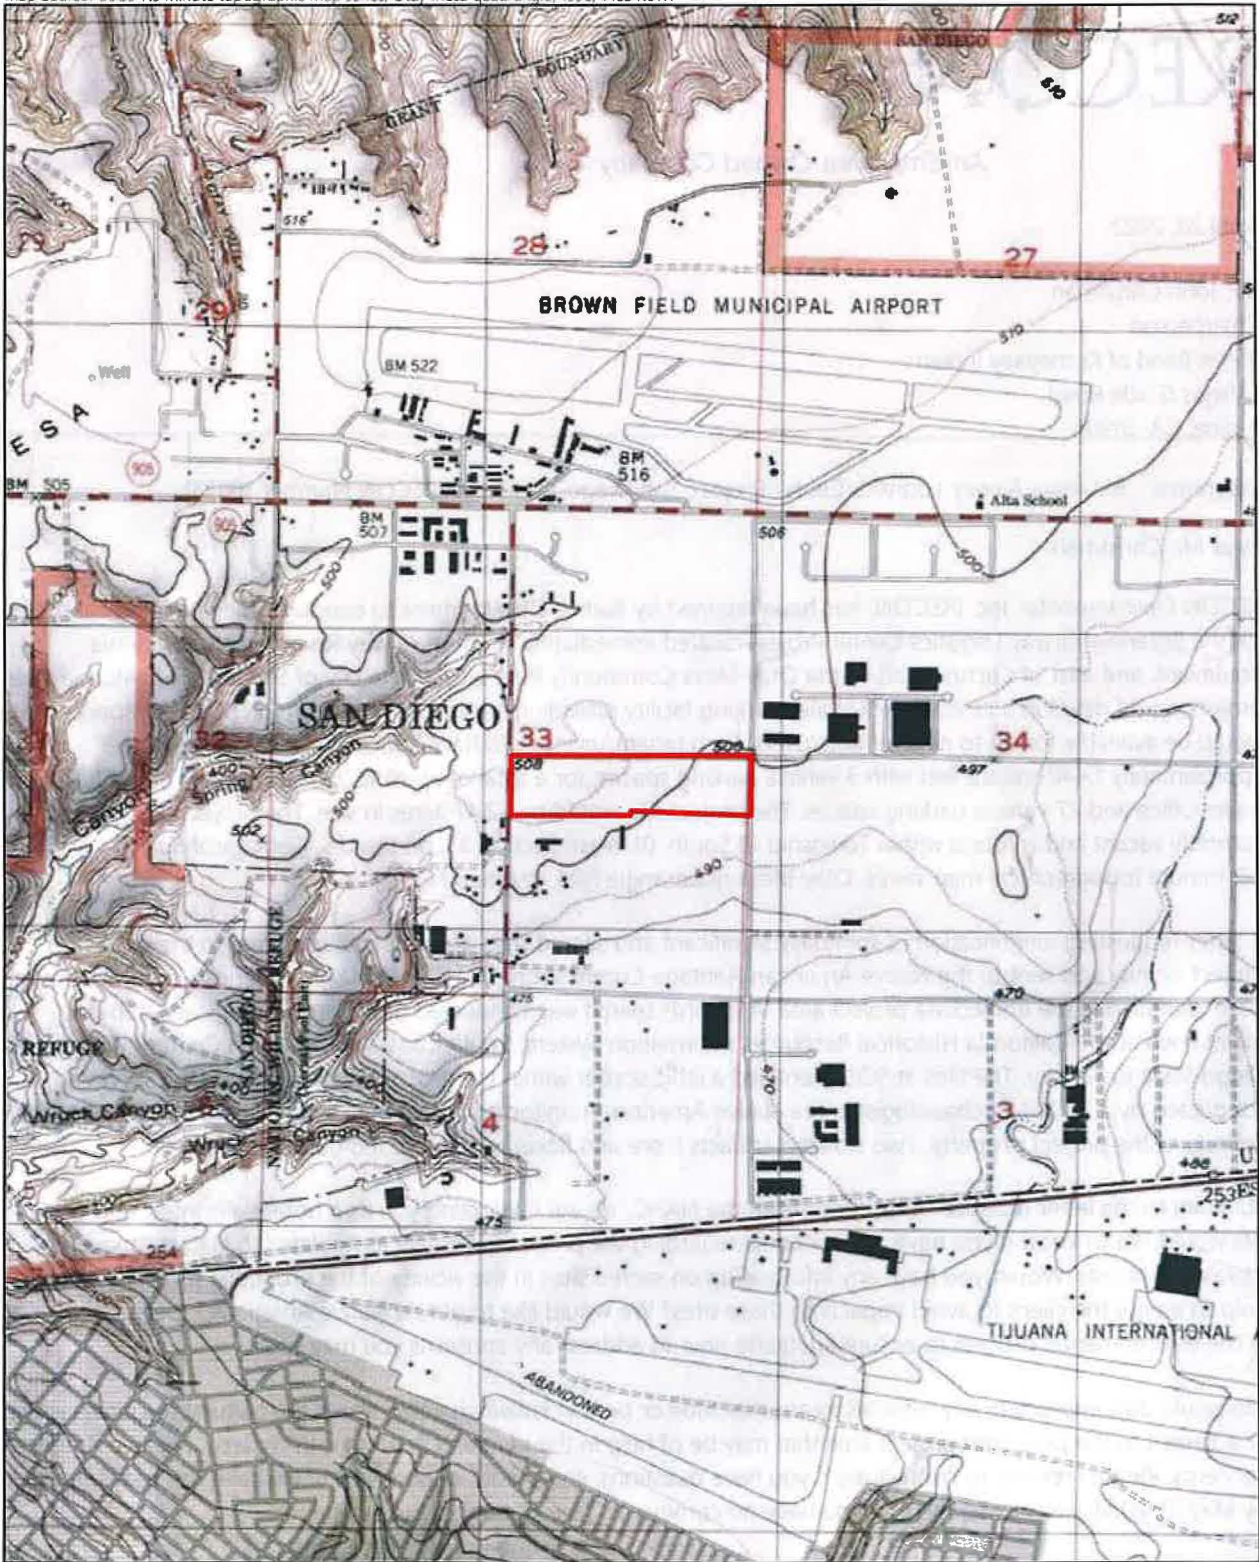

Pursuant to the letter received in response from the NAHC, we are contacting you as a potentially interested party. We would like to know if you have any concerns regarding the proposed project as it relates to Native American issues or interests. Would you have any information on sacred sites in the vicinity of the proposed project that may help us advise the client to avoid impacts to these sites? We would like to obtain Native American input early enough in the environmental process to ensure adequate time to address any concerns you may have.

We would also appreciate any referrals to another tribe or person knowledgeable about the cultural resources within or adjacent to the proposed project area that may be of help in the planning process with regard to Native American concerns. Please feel free to contact me if you have questions, comments, or concerns. If we have not heard from you by May 19, 2022, we will assume that you have no comments. Thank you for your assistance.

Sincerely,

A handwritten signature in black ink that reads "Carmen Zepeda-Herman".

The Viejas Band of Kumeyaay Indians ("Viejas") has reviewed the proposed project and at this time we have determined that the project site has cultural significance or ties to Viejas. Cultural resources have been located within or adjacent to the APE-DE of the proposed project.

Viejas Band request that a Kumeyaay Cultural Monitor be on site for ground disturbing activities and to inform us of any new developments such as inadvertent discovery of cultural artifacts, cremation sites, or human remains.

If you wish to utilize Viejas cultural monitors (Viejas rate is \$54.15/hr. plus GSA mileage), please call Ernest Pingleton at 619-655-0410 or email, epingleton@viejas-nsn.gov, for contracting and scheduling. Thank you.
