

THE CITY OF SAN DIEGO

MEMORANDUM

DATE: May 21, 2019

TO: Planning Commission

FROM: Mark Brunette, Senior Planner,
Development Services Department 

SUBJECT: Lumina Project – Project No. 555609 (Addendum to EIR No. 30330/304032)

Subsequent to completion of the Final EIR Addendum for the Lumina TM project, it was determined that the MHPA Boundary Line Adjustment was not included in the project description in the Addendum. In addition, it was determined that a Neighborhood Development Permit is required for the project by the Central Village Specific Plan. However, these changes do not affect the physical scope of the project, project impacts, mitigation measures, and conclusions of the EIR Addendum.
