#### 4337 Home Avenue Marijuana Outlet CUP - PROJECT NO. 593686

City Council District: 9 Plan Area: Mid-City-City Heights Community Plan Area

Staff: Edith Gutierrez

On December 5, 2019, the Planning Commission Approved a Neighborhood Use Permit to allow an existing automobile service station and mini market to continue to operate; Denied a Conditional Use Permit (CUP) for a Type 20 Alcohol License; and denied a CUP for a Marijuana Outlet within a proposed new building. On February 20, 2020, the Planning Commission reconsidered and approved the CUP Type 20 Alcohol License. The request for reconsideration is for the CUP for the Marijuana Outlet (Outlet). If the Planning Commission approves the reconsideration, a separate notice will be mailed for the Outlet CUP hearing.

# ITEM-3: COMPLETE COMMUNITIES: HOUSING SOLUTIONS AND MOBILITY CHOICES INITIATIVE – PROJECT NO. 613124

City Council District: All Plan Area: All

Staff: Julia Chase and Leslie Keaveney

This proposed project includes amendments to the San Diego Municipal Code and Land Development Manual, collectively referred to as **Complete Communities: Housing Solutions and Mobility Choices** (proposed project). The proposed project is intended to incentivize housing construction, affordability, and supply to achieve the planned residential build-out in the City of San Diego's (City's) General Plan and Community Plans and the City's Regional Housing Needs Allocation (RHNA) targets; reduce citywide per capita vehicle miles traveled (VMT); and provide funding to support the completion of active transportation infrastructure within the Downtown (Mobility Zone 1), transit priority areas (Mobility Zone 2), and the City's other VMT efficient areas/ communities (Mobility Zone 3) to support the planned residential uses.

**Housing Solutions** would apply citywide within TPAs in zones that allow multi-family housing. In exchange for new development that provides affordable housing units and neighborhoodserving infrastructure improvements, additional building square footage (and residential units within said building square footage) and height beyond what is otherwise permitted in the respective base zone, Planned District Ordinance, and/or Community Plan would be allowed. Qualifying projects may also use Affordable Housing incentives and waivers, and Development Impact fees would be scaled based on square footage, instead of calculated based on the number of units. Affordable units will be exempt from DIF. The Housing Solutions program would also allow qualifying projects to be approved through a ministerial approval process; no discretionary development permit would be required for development.

**Mobility Choices** is intended to support reductions in citywide VMT by encouraging development within the City's Mobility Zones 1, 2, and 3, requiring the provision of on-site VMT reducing measures that support transit and active transportation modes within the Mobility Zones 1, 2, and 3, and by requiring a contribution from development outside of the these more VMT efficient areas (Mobility Zone 4) to fund active transportation infrastructure projects within Mobility Zones 1, 2, and 3 to further support overall citywide VMT reductions in those areas. Report No. <u>PC-20-018</u>.

#### **TODAY'S ACTION IS:**

Process 5. Recommend to City Council to approve or deny the project.

#### **DEPARTMENT RECOMMENDATION:**

Recommend to City Council to approve the project.
