This information bulletin describes the approval process and submittal requirements for Mobile Food Trucks.

I. MOBILE FOOD TRUCKS
Mobile food trucks are motorized vehicles from which food or drink (prepared on-site or pre-packaged) is sold or served to the general public, whether consumed on-site or elsewhere. They are retail food facilities and health regulated businesses subject to San Diego Municipal Code Chapter 4, Article 2, Division 1 and Land Development Code (LDC) Section 141.0612.

Other types of commercial service or vending from vehicles are not provided for by citywide zoning and are subject to the prohibitions and regulations in Chapter 5, Article 4, Division 1.

II. APPROVALS REQUIRED
A. Mobile food truck operators shall obtain a Health Permit from the County of San Diego (San Diego County Code - Title 6, Division 1).

B. Mobile food truck operators shall maintain a valid business tax certificate issued by the City Treasurer. (Non-profits are exempt).

C. Most operations are exempt from a City permit. However, property owner authorization is required for any mobile food truck activity on private property, regardless of whether or not a permit is required. In accordance with SDMC Section 141.0612(f), no City permit is required for the following:

1. Operations within the public right-of-way in accordance with SDMC Section 141.0612.
2. Operations in industrial zones or commercial office zones.
3. Operations on the property of a school, university, hospital, or religious facility with the written consent of the property owner or authorized school official.
4. Operations in RM-3, RM-4, and RM-5 zones in association with a multiple unit development with 16 or more dwelling units with the written consent of property owner or authorized leasing office.
5. Operations serving an active construction site.
6. Catering of a private event as an offsite delivery service or in accordance with the limitations in SDMC Section 141.0612(d).

D. A Mobile Food Truck Permit issued by the Development Services Department (DSD) is required for mobile food truck operations on private property in certain areas with high pedestrian and vehicle activity, except where the mobile food truck operations are exempt from a City permit by SDMC Section 141.0612(f). One permit can cover multiple trucks on a single property.

E. A Special Events Permit issued by the Special Events Director is required for any mobile food truck operations in special events. This permit is not required for mobile food trucks serving an active construction site.
F. Additional permit options:

1. A Temporary Use Permit may be requested for a seasonal or limited time event (maximum of two events per year) in a location the use would not be permitted per the underlying zone.

2. A Neighborhood Use Permit may be requested for approval to deviate from the requirements in SDMC Section 141.0612.
