INFORMATION
BULLETIN

250

July 2017

The purpose of this information bulletin is to outline the procedures to be followed when there is a change of the property owner, contractor, permit holder, or the licensed design professional (architect/engineer) of record for a Building, Combination, Electrical, Mechanical, Plumbing, Fire Sprinkler, or Fire Alarm Permit.

A change of record may occur prior to or after issuance of a permit and shall be documented in order to assure continuity of responsibility for the construction project.

I. CHANGE OF RECORD PRIOR TO ISSUANCE OF A PERMIT

A. The information for the project's property owner, contractor and permit holder is collected at the time of permit issuance; therefore, there is no need to submit a change of record form for this information prior to permit issuance.

B. When a change of licensed design professional (architect or engineer) of record is desired prior to issuance of a permit, the new architect or engineer of record shall submit one of the following:

1. Submit alternate plans, calculations, geotechnical reports and other documents replacing the existing design documents, or
2. Add a note on the cover sheet of plans stating the following declaration:

Change of Design Professional Declaration: I have reviewed all construction plans, calculations, reports, and other work performed by the previous architect or engineer and concur with the statements, conclusions and recommendations specified therein. In addition, I will perform structural observations as defined in Chapter 17 of the

Documents referenced in this Information Bulletin
