DATE: 9/1/2016
TO: All Interested Parties
SUBJECT: Fee Changes Effective October 1, 2016

NOTICE OF FEE CHANGES

Please be advised that on June 20, 2016, the City Council adopted modifications to the Development Services Department Fees (see Resolution No. 310545). These new fees will go into effect for all projects submitted on or after October 1, 2016. Information Bulletins containing fees are in the process of being updated and will be posted to the Development Services web site as they become available, but no later than October 1, 2016. The most significant change is that several fee types are being converted to flat fees, vs. deposit accounts.

Fee modification highlights:

1. Building, Plumbing, Mechanical, Electrical, Fire and Sign Permit plan check and inspection fees have been simplified (See Information Bulletins 103, 111, 501, and 506).
2. Plan review of Grading/Public Right-of-Way Permits and Mapping are being converted from deposit accounts to flat fees Actions (see Information Bulletin 502).
3. Some discretionary approvals will be processed using a flat fee instead of a deposit account (see Information Bulletin 503 and 536).
