STORM WATER FORMS UPDATE NOTICE

Forms DS-560 and DS-563 have been revised to reflect the most current requirements of the State of California's Municipal Separate Storm Sewer System (MS4) permit and the City Storm Water Standards Manual. Both forms are already posted to the City's website and will have an effective date of February 6, 2017.

All building and construction plan submittals will be required to utilize the revised Form DS-560 (Storm Water Requirements Applicability Checklist). All storm Water Priority Development Projects (PDP) will be required to utilize the revised Form DS-563 (Permanent BMP Construction Self Certification Form). Both revised forms can be found at the following City's web page:
