

EASTERN AREA COMMUNITIES PLANNING COMMITTEE

2725 55th Street ♦ San Diego ♦ CA 92105

June 15, 2017

Mayor Keven L. Faulconer
Mayor's Office, 11th Floor
San Diego City Hall, 202 C Street, San Diego, CA 92101

The Honorable Mayor Faulconer:

Subject: Eastern Area Community Planning Committee Support for Community Choice Energy

On the Tuesday, June 13, 2017 the Eastern Area Community Planning Committee [EACP] received a presentation from the Climate Action Campaign (CAC) regarding the Community Choice Energy Program. The EACPC board overwhelmingly supported the CAC's push for the procurement of energy from sources other than the leading provider in San Diego: Sempra Energy/San Diego Gas & Electric.

The EACPC board liked that the program provides the opportunity for a local community choice program to buy increasing amounts of power from local sources, supporting local jobs and local economic development. The board also urges that the city should join California's eight (8) counties and sixty three (63) cities in the movement for clean energy, clean jobs, and local choice through Community Choice Energy.

Thank you for taking a leading role in addressing climate change and moving our city toward a 100% clean energy future.

Sincerely,

Thomas Silva,
Eastern Area Community Planning Committee Chair
