

News from **Councilmember Todd Gloria**

City of San Diego ▪ District Three

Friends,

The City Council is tackling several big issues this week, and I want to share my thanks for the opportunity to represent such diverse and passionate people in District Three. Whether the topic is seals in La Jolla or development in Mission Valley, University City or downtown, my email inbox and phone lines prove that I can always count on my constituents to provide input. Beyond the walls of City Hall, my work to improve District Three and San Diego continues.

Historical Preservation News

I was humbled to learn that Save Our Heritage Organisation (SOHO) is recognizing me with a People in Preservation Award for Public Policy Leadership for my work championing the preservation of several buildings and obtaining extra funds to handle deferred maintenance in Balboa Park. Representing older urban neighborhoods can be challenging, but finding ways to respect our history through preservation is personally rewarding.

Florida Street Repairs Begin!

As you know by now, there are few things more exciting to me than infrastructure improvements. You can imagine my delight with all of the recent and ongoing street and sidewalk repairs in District Three. This afternoon, I took time to check out Florida Street. Work began today to completely repair and repave the segment of the street south of University Ave. has been in deplorable condition for years. Blocks north of University were repaved in recent weeks.

To find out if your street or sidewalk is in line for repairs soon, please check out my website, <http://www.sandiego.gov/citycouncil/cd3/issues/infrastructure.shtml> or call the office, 619-236-6633.

Upcoming Events

Please join me for my next community coffee to discuss your budget priorities or any other issue of concern. If you can't make it to Balboa Park on Saturday, please check out the other events listed here and on my website.
