City of San Diego ▪ District Three

Friends,

Everyone knows that Council District Three's neighborhoods are unique and special additions to San Diego. I want to share information about a new effort to further strengthen the community of North Park, as well as highlight some other news.

North Park Clean and Safe District

North Park today is far different from the North Park I knew growing up. For anyone who has not been to the neighborhood in the last decade, it would likely be barely recognizable. From the Birch North Park Theatre to the varied restaurants to the unique coffeehouses to the diverse artists, the area has undergone a true renaissance.

The renaissance of North Park has certainly had impacts, and an effort is underway to directly address some of the challenging effects: a Clean and Safe district. Modeled after successful programs in Little Italy and parts of downtown, a Clean and Safe district would give the community the tools needed to enhance successes and to mitigate some of the impacts of the reinvigorated business area.

North Park neighbors will soon have the opportunity to weigh in on the proposed Clean and Safe district. I am eager for North Park to have a dialog on this proposal that could make a great difference in our prospering community.

The City Council will consider a resolution of intention to form the district at our May 24 meeting. Ballots would be sent out to the affected property owners within a day or two after that to ensure a minimum 45-day balloting period per state law. A public hearing including ballot tabulation is scheduled to be held as part of the City Council meeting on July 12.

Please read my attached commentary on the potential impact of the proposed Clean and Safe program, and let your voice be heard!

LGBT Senior Needs Assessment

I encourage everyone to read the recently published Senior Needs Report available at <http://www.thecentersd.org/pdf/programs/senior-needs-report.pdf>. It details the many significant issues our LGBT seniors face. We need to begin to help, and it will take all of us to address the needs of our trailblazing LGBT generation.

City Employees Win First Managed Competition

When Mayor Sanders, Council President Young and I announced the results of the City of San Diego's first ever managed competition this week, they were those I expected: our dedicated City employees in Publishing Services provide excellent service at a price that cannot be beat by private companies.

City employees beat out private firms in their bid for our publishing and printing services. Taxpayers will see approximately \$5 million of savings over the course of the proposed five year contract. This was San Diego's first service to be considered for managed competition, and several others are planned.

Upcoming Events

North Park Festival of the Arts

Sunday, May 15

10:00 a.m. - 6:00 p.m.

University Ave. at 30th St.
