

LET'S MOVE EQUITY FORWARD! WORKSHOP

The City of San Diego's City Planning Department has launched **Equity Forward**, a comprehensive approach to creating a more equitable, healthy and enjoyable place for all San Diegans. We want to hear from you as we work on various initiatives to advance inclusive public engagement, better public spaces and environmental justice. Your input will help influence various City initiatives including environmental justice policies, the Chollas Creek Watershed Regional Park Master Plan, infrastructure improvements and the City's first comprehensive Inclusive Public Engagement Guide.

Let's Move Equity Forward is a family-friendly workshop, curated for people to get creative, provide feedback and learn how we're planning for a more equitable future. This interactive workshop will feature hands-on activities and community brainstorming.
