The City of San Diego's water resource strategy includes conservation, recycled water, groundwater, water reuse, and watershed and resource protection to help meet future water needs.

The City of San Diego | Public Utilities Department

April 2018

Come Learn About San Diego's Future Water Supply!

- **What:** Free Tours of San Diego's Pure Water Demonstration Facility
- **When:** Saturday, April 7, 2018 from 9 a.m. - 3 p.m.
- **Where:** North City Water Reclamation Plant, 4949 Eastgate Mall, San Diego, CA 92121

The Pure Water Program will produce 1/3 of San Diego's water supply locally by 2035!

- Tour the City's Pure Water Demonstration Facility, which purifies recycled water to produce safe, high-quality water
- Taste the purified water
- Learn about the future Pure Water Phase 1 infrastructure projects in your community and when they will be constructed

Reserve your spot at www.purewatersd.org/tours.

For **driving directions** to the facility, please click [here](#).

Please allow approximately 45 minutes to tour the facility.

Thank you for your ongoing interest in Pure Water San Diego. Updates on the program will be sent to you periodically as the City moves forward with the next steps for providing a safe, reliable and sustainable water supply for San Diego.

Pure Water San Diego has been funded in part by grants from the U.S. Bureau of Reclamation and from Proposition 50 and 84 grants administered by the California Department of Water Resources.
