

CONSTRUCTION NOTICE: Pedestrian and Bicycle Lane Closure on Friars Road Effective on February 14

February 14, 2023

A pedestrian and bicycle lane closure is in place on Friars Road for the City of San Diego Morena Pump Station project, part of the Pure Water San Diego Program. The closure is to accommodate excavation activities, remediation work and pedestrian and bike lane repairs.

What To Expect: A full pedestrian and bicycle lane closure is in place on Friars Road from Napa Street to the driveway of the Morena/Linda Vista Trolley Station parking lot. A detour route is posted for pedestrians and bicyclists. Safety of the construction crews and community is a top priority. Please use caution when traveling near construction sites and follow pedestrian instructions. Bicyclists must walk bicycles across the track at the trolley station crossing area.

When: The full pedestrian and bicycle lane closure is in place from February 14 for approximately two months. The closure is effective 24 hours a day, seven days a week. Please note that construction schedules are subject to change due to inclement weather or unforeseen operational issues.

Why: Pure Water San Diego is the City of San Diego's phased, multi-year program that will provide nearly half of San Diego's water supply locally by 2035. The Pure Water Program will use proven water purification technology to clean recycled water to produce safe, high-quality drinking water. The Program offers a cost-effective investment for San Diego's water needs and will provide a reliable, sustainable water supply. The Morena Pump Station project is one of several major water infrastructure projects that are part of Phase 1 of Pure Water San Diego.

The City is committed to clear communication and providing up-to-date information about construction activities. Construction notices will be regularly posted on morena.purewatersd.org. Please contact purewatersd@sandiego.gov or **833-MOR-PWSD (833-667-7973)** with questions about the City's Pure Water Program and the Morena Pump Station project, and a team member will get back to you within one business day.
