What is Paint Care?

PaintCare is a non-profit organization, established by the American Coatings Association, to manage a statewide paint recycling program.

Who Can Use the Program?

Residents can bring from their homes all of the listed Acceptable Products up to the limit noted at each drop-off site. Businesses (painting contractors and others) can use this program with one restriction: If your business produces more than 220 pounds (about 20-30 gallons) of hazardous waste per month, you may use the drop-off sites for your latex paint only but not for your oil-based paint.

To learn more about this restriction, contact the County of San Diego, Department of Environmental Health at 858-505-6880 or hmdutyeh@sdcounty.ca.gov

How to Recycle

Paint containers must be 5-gallon in size or smaller with the manufacturer's label. Drop-off sites will not accept containers leaking or empty.

PaintCare will make sure the products are recycled or properly disposed of at a processing facility.

Large Volume Pick-up Program

PaintCare has implemented a program to provide direct service to those with over 300 gallons of leftover paint. Those with over 300 gallons can request a large volume pick-up by contacting PaintCare.
